

## CITY NEWS IN BRIEF

**REINHART'S THEATER**—(Washington street)—Lara Throp, "A Day's House."

**HOW TO LAND KIRK'S MURDERER**—The police are working steadily on the Kirk murder case, and have hopes of bringing the missing boatman of the ship *Clara*, to S. Bement to justice. Four of the ship's crew are still being held at the city jail, but two of them will probably be released today. The authorities, however, expect to retain the carpenter and second mate for some time yet, as their evidence will be needed when the accused is brought to trial. Even should the murderer be produced, the evidence against him will be entirely circumstantial, as no one saw him commit the deed. The police have very little faith in the statement of a ship's nightwatch, who says he called Kirk at 4 o'clock on the morning of the murder was discovered, and that Kirk answered, as it is pretty well established at the deed was committed between 4 and 5 a. m., and that Kirk never regained consciousness after that time.

**HORSE POOL HIGHWATERS**—D. C. Powell, a well-known farmer of Powell's valley, would have fallen prey to two highwaymen yesterday, had not a well-developed aversion to that class of people, with the ability to take use of it. Mr. Powell was driving peacefully along the road, when a horse from the brush near by reared up and stopped. He reined up, but his team declined to stand for any reining, and set on a brisk trot to course. Two pistol shots from the different sides of the road emphasized the request, but the horse was not heeded by the discreet rider, which mended their pace till they had all the appearance of running away. Powell did not suspect the robbery until slowly at the time, and the boy lost his footing in trying to board one of the dirt cars.

**PLASTER FACTORY**—A patent plaster factory is shortly to be established in Portland, according to a prominent builder, who feels sure of securing ample capital for the purpose. The plant will be large enough to supply all the Northwest and the state of California, with plaster when it starts in. The material used will all be obtained in Oregon, as the owner of an Oregon stucco bed is a member of the proposed corporation. Patent plaster has taken the place of the old mortar in many of the Eastern cities, and large factories are in operation at Chicago, Minneapolis, Duluth and Milwaukee. Its use does away with the mixing of mortar and the pulling of sand in front of buildings in course of construction, as the patent plaster comes in barrels, bags, and ready for mixing. It is waterproof and does not crack.

**ANNUAL REV. H. B. TURNER**—The Rev. H. B. Turner, who was recently called to Walla Walla, had many kind words to say about the former Portland minister. Among other things, Mr. Palmer said: "At school, Mr. Turner always stood high for manliness and scholarship. He entered the ministry, he has worked effectively in Missouri, Texas, Colorado, Utah, California and Oregon. He is a careful student, a cultured preacher, and a man after God's own heart. No church in our city has shown more substantial growth during the past three and a half years than has Emmanuel church under his leadership."

**SUNDAY REPUBLICAN SMOKER**—The Sunday Republican club will give a smoker Saturday evening, February 3, at 10 o'clock, at the hall, Sunnyside. General Owen will address the club, his subject being "My View on Expansion and the Philippine Question." E. E. Spencer will also give a short talk. Frank Motter will read for one of those funny recitations which he is noted. The club has secured the services of a quartet of colored singing artists, said to be the best in the city. The meeting, which is to be a social rather than a political demonstration, will be a success, under the management of T. J. Wilson, R. L. McBride and Willie Fisher.

**A NEW LAW FIRM**—Governor W. W. Sawyer, just prior to his death, made an arrangement whereby Mr. A. B. Clark, a well-known attorney of Kansas, was to become a member of the law firm of Sawyer & St. Rayner, on the first day of January of this year. The death of Governor Sawyer rendered this impossible, but Mr. St. Rayner has now entered into a new arrangement with Mr. Clark, under which they have formed a law partnership under the name of St. Rayner & Clark. Their office will be in the same rooms formerly occupied by the old firm, 2-74 Chamber of Commerce building.

**GOING TO NEW YORK**—Mr. Luis Rosenblatt, of the firm of Samuel Rosenblatt & Co., will soon leave for New York, to inspect the different stocks of the leading American manufacturers, and will select a choice assortment of the finest goods for display in any clothing firm in the Northwest. Mr. Rosenblatt will fill a number of special orders, and any one desiring something exclusive should consult him before leaving.

**READ WHAT HONORABLE** Wine and Spirit Circular of January 18, 1900, the leading trade paper in the United States, has to say of Pommery champagne: "Among the best judges of champagne, it is a common expression that to order Pommery is to get the best bottle of champagne procurable. There is no other brand of champagne that is more extensively used by the most exclusive and fashionable circles."

**BANKRUPT SALE**—Sealed bids for stock, groceries and fixtures of D. W. Crone, bankrupt, will be received by the undersigned up to noon of Tuesday, January 30. Bids to be accompanied with 10 per cent of the amount thereof. For inspection of goods or inventory apply to Front and Vine streets, Portland. R. L. Sabin, auctioneer.

**CHAMBER MUSIC EVENING**—The last of the series of Chamber music evenings, by the Hidden-Courtesy quartet, under the auspices of the Musical Club, will be given Wednesday evening, January 31, at Patten hall. Tickets to the general public are 50 cents, and students of music are specially urged to attend.

**CHICKEN DINNER**—The ladies of Grace church, Twelfth and Taylor streets, will give a chicken dinner in the church parlors from 1 to 4 P. M., Tuesday, January 30, 25 cents.

**THE OTHER SIDE**—C. M. Olsen, who has been in the dry business in Portland for the past 22 years, denies that he was intoxicated when he called on W. T. Shanahan for a settlement of a bill long overdue, Wednesday last. He says that Mr. Shanahan ordered the officer to arrest Mr. Olsen, who admits that he then lost his temper and used abusive language toward Mr. Shanahan. His only offense previous to this, he asserts, was a demand for payment of a bill of long standing. He charges that the policeman struck him a severe blow over the head with a club, without excuse or provocation, and says that this provoked attack will be brought to the attention of the grand jury.

**FOURTH WARD DELEGATES**—At a recent meeting of the Fourth Ward Republican Club, a committee was appointed to make a list of the delegates to the state league convention. The committee met and made the following list: R. C. Wright, J. W. Campbell, Otto J. Kraemer, Walter Reed, B. E. M., and that Kirk never regained consciousness after that time.

**BOY'S LEO CHAUMER OFF**—George Powers, a 14-year-old boy, fell under the wheels of a moving dirt train, in the O. R. & N. yards, Lower Albina, yesterday afternoon, and his left leg was cut off a few inches below the knee. He was taken to St. Vincent's hospital, where a surgeon attended him, and at last accounts he was resting easily. The lad's parents reside on Monroe street, Albina. The father being employed in the O. R. & N. shops. The train was moving slowly at the time, and the boy lost his footing in trying to board one of the dirt cars.

**PLASTERERS MEET**—A journeyman plasterer's union was organized in Portland last evening, seven charter members signing the roll. L. V. Reed was chosen chairman of the meeting, and W. H. Lawson secretary. The object of the organization is to raise plasterers' wages from the present rate of \$3.50 per day of eight hours to \$4. The union desires to notify contractors of the proposed action in wages, before the spring work begins.

**REQUISITION PAPERS**—District Attorney Sewell yesterday applied to Governor Geer for requisition papers for the return from Kansas City of James Hesse, who is charged with embezzling \$500 funds of the Title Guarantee & Trust Company. Hesse is credited with having said that he is willing to come back without papers, but is best to be on the safe side to detect possible habeas corpus proceedings. Detective Cordano will go after Hesse.

**SUDDEN DEATH**—An inquest was held yesterday morning on the body of Mrs. Julia Schottbauer, who had died suddenly at her home, 218 Garfield avenue, Albina, a few hours previously. The cause of death was decided as fatty degeneration of the heart. She was a native of Russia, 60 years old, and had lived in Portland for the past 11 years. Her husband, George Schottbauer, survives her.

**FUNERAL OF GEORGE CHAMBERLAIN**—The funeral of George Chamberlain, a well-known horseman, was largely attended from Holman's undertaking parlors yesterday afternoon, the interment taking place at Lone Fir. Deceased was 72 years of age and had been a resident of Portland since 1870. He was a single man.

**DEFECTIVE FLUE**—An alarm of fire from box 13, at 11:40 yesterday morning, summoned the department to a small restaurant on the north side of Washington street, between Second and Third. The blaze was extinguished with a chemical, and the damage is estimated at \$50. A defective flue was the cause.

took place from Calvary Presbyterian church, of Riverside, Cal., on the 26th. At the meeting of the members of the Third Presbyterian church, this week, resolutions were adopted expressing deepest sorrow over the death of Mr. Arnold. The cause of his death is given as paralysis of the brain, caused by hard work and worry. Mr. Arnold accepted a call from the Portland church, nearly four years ago, and came direct from the seminary at Chicago, with his wife, their wedding having been celebrated just before they started West. Mr. Arnold served the Portland church only about a year, when he received and accepted the call from Calvary church, of Riverside. During his short stay at Portland, he took high rank for a young man, and his departure was generally regretted. At the time of his death he was only about 35 years of age.
