To Prove What the Great Kidney Remédy Swamp-Root Will Do for YOU, Every Reader of "The Oregonian" May Have a Sample Bottle Free.

Reporters Have Convincing Interviews With Prominent People in Greater New York Regarding Wonderful Cures.

Dr. Kilmer & Co., Binghamton, N. Y .: Greater New York, Nov. 11, 1899. Gentlemen:

In justice to you, I feel it is my duty to send you an acknowledgement of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself perfectly cured. It seemed as though my back would break in two after stooping. I do not have to get up during the night to urinate as I formerly did, three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like my-self, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all humanity who are suffering from kidney and bladder diseases.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root.

How to Find Out if You Need Swamp-Root.

It used to be considered that only urinary and bladder troubles were to be traced to the kldneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood -that is their work.

So when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty. If you are sick or "feel badly," begin taking the famous new discovery Dr. Kllmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince any one.

Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease, and if permitted to continue, FATAL RESULTS ARE SURE TO FOLLOW.

Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day, and obliges you to get up many times during the night. Causes puffy or dark circles under the eyes, rheumatiam, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles, makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion; makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Klimer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand 24 hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention.

Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by skillful physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

If you are already convinced that Swamp-Root is what you need you can purchase the regular 50-cent and \$1 size bottles at the drug stores everywhere.

ROBERTS' WORK BEFORE HE AD-VANCES TO THE VAAL.

Little or No Fighting Expected in the Southern Republic-Leyds Disappears From Brussels.

LONDON, March 17 .- The peaceful conquest of the Orange Free State progresses so evenly that it is now believed there will be little or no fighting, until Lord Roberts reaches the Vaal River. How soon he intends to start out with this ob-jective is not yet hinted at, but the pacification of the Free Staters seems now engaging all his attention. When the move comes, it will doubtless be accom-plished with the secrecy and swiftness which have characterized all the British have been arrested. advances since Lord Roberts assumed command.

The revolt of the Cape Dutch in the Northwest seems to have its back broken, and it is likely General Kitchener will soon resume his place beside his chief.

The lull that lets the British troops in Natal and the Free State recuperate brings no rest to the engineers and transport service. Dr. Leyds has disappeared from Brus-sels, according to a Globe special. He is believed to have come to London, but nothing is known here about his arrival. It seems scarcely likely that he would jump into the lion's mouth, and the ener getic Boer representative is more likely to be heard of at one of the European capitals.

The departure of Lady Roberts from London for South Africa today was made the occasion for a popular demonstration. Among her fellow travelers were the Duchess of Teck, who has gone to join her husband: Sir Frederick Carrington and staff; Lady Shesham and Miss Rhodes, the latter Cecil Rhodes' sister. England's army in South Africa will soon be increased. Today, nine ships soon be increased. 7 sailed, with 5900 men.

PROMENADE THROUGH FREE STATE
Early Forecast of War Will Soon Be Fahilied.
NEW YORK, March IZ.-A dispatch to the Tribuine from London says:
At the opening of the war, Englishmen inked lightly about a promenade through the Free State, and during the next four months they condemned themselves with fine irony for their boastful folly.
Their earliest forecast is now in a fair way to be fulfilied, since three columns have crossed the Orange River without firing a shot. And the guards have gone down the rallway in three trains to meet them and to hunt for the enemy's guns.
And while President Steyn, with the Boer commandos behind him is still in the field at Kroonstad and Ventorsburg, and there is a reir guard at Brandford or Winburg, the march northward does not seem like. If to be seriously opposed.
The occupation of Bloemfontein is a peace measure of great efficacy. The corp tial has welcomed Lord Robert's soldiers and is rejoleing that so far as the Free State is concerned the war is virtually at an end. The influence of the capital is folt North and South. General Pole-Carew, with the Guards, has arrived at Springfontein, and is probably already in touch with Generals Gatcre and Clements. General Roberts, in his midnight report, said nothing about the Dutch rear guard. These have prob-ably disbanded and there is no obstacle to the immediate opening of railway communications from Bioemfontein to Orange River. Lord Roberts states that two con-tingents of the Free State forces are on the border of Basutoland awaiting the terms of his proclamation before surrendering. The burghers are abandoning Steyn and proparing to give up their arms and return to their farms. The campaign in the Free State is virtually over. Three days' later news has come from Mafeking, where the garrison was hold ing out well on Friday week and has been able to seize the Boers' advanced trench south of the town. The report that a relief column has been organized at Kimberley is confirmed. It is recruited from volunteers and local forces and stiffened with regulars. General Kitchener has clearly been at work there, and the seiz-ure of Boshof is connected with the movement. As there is a Boer force at Fourtech Streams, the column will have seand clear the Western border.

The casualties in the battle of Dreifon-tein have run up the losses of Lord Roberia' army in the final stage of its ad-vance upon Bloemfontein to 379. The brave Irish soldiers at the front

have wrought something like a miracle in England. The bells of Windsor Cas-tle will be rung today in honor of St. Patrick's day. The Grenadiers Band will play irish airs on Castle Hill, and all the flags of the royal borough will be displayed. St. Patrick is the Queen's patron saint for one day in the calendar, and not only all the Irish battalions, but the West End of London as well will wear the green.
