MIDDLE-OF-THE-ROADERS

THE STATE COMMITTEE MET IN SALEM YESTERDAY.
Voted Not to Consider Fusion, but Talked About It Most of the Time—Dates.

SALEM, Or., March 24.—The State Central Committee of the People's party (Middle-of-the-Roaders) held a meeting today in the City Hall in this city. The committee was called together by Chairman S. H. Holt, of Ashland, who presided at the meeting. James K. Sears, the People's party candidate for State Treasurer two years ago, acted as secretary. A motion was unanimously passed forbidding any discussion of fusion, it being foreign to the principles of the party. Before the vote was taken upon this motion, several gentlemen took occasion to express their sentiments, and they did so in no uncertain terms. T. V. B. Embree, after roasting political parties that are willing to sacrifice their principles for the sake of spoils, said that he admired the Republican party for one thing—that it had dignity, and always stood before the people upon its merits.

At the session this afternoon the state convention was set for April 12 at Portland, and the convention for the First Congressional District at Albany, April 11. The apportionment of delegates is based upon the vote for J. K. Sears for State Treasurer in 1898, and the rate is one delegate at large from each county and one for every 25 votes cast. This will make a state convention of 24 delegates.

Marion County Democrats.
The Marion County Democrats held their primaries this afternoon. So far as Salem is concerned, the primary election passed off very quietly, and with few contests. The only object of what contests there were was for the control of the party. In Salem No. 1 precinct two slates were in evidence, and vigorous work was done by the friends of each. Carriages were brought into service and the Democrats of the precinct were carried to the polls if they could not be brought otherwise. The two slates were known as the "D'Arcy" and "Kaiser" slates. The Kaiser men won, as follows: W. M. Kaiser, Webster Holmes, W. S. May, T. Parker, August Schreiber, A. M. Dalrymple. The delegates elected in Salem No. 2 are as follows: A. N. Bush, Jefferson Myers, A. D. Palmer, A. T. Gilbert, A. A. Miller, Thomas Canfield, W. T. Slater, W. H. Holmes.

SEATTLE, March 24.—H. T. Jones, chairman of the Democratic State Central Committee, is in the city. He announced positively that he will resign that position to go to Cape Nome within a few weeks.

BY UNDERGROUND ROUTE

SCHEME FOR SMUGGLING JAPANESE LABORERS INTO THIS COUNTRY.
Discovered by Immigration Inspector at Fairhaven, and Steps Taken to Break It Up.

FAIRHAVEN, Wash., March 24.—Immigration Inspector Beach has uncovered an underground railway for the importation of Japanese laborers. Two were arrested last evening and seven today, and many others are in hiding. They were brought in from Beren Island, in Rosario Straits. A large number of officers have been detailed to apprehend the Japs illegally here.

MILLER HAS HIS COMMISSION.
Will Leave for Chung King the Later Part of Next Month.
EUGENE, March 24.—H. B. Miller has received his commission as Consul at Chung King, China, and expects to start for his new field of labor about the last of next month. Before going he will have a conference with the State Department on matters pertaining to his duties, and will go to Washington in a few days for that purpose. Miss Laura Miller will accompany her father to the Orient, but Mrs. Miller will remain with the two children, who are still in school, and will probably join her husband next winter.

Farmers report the soil in excellent condition for plowing and seeding, and an idle man or team in the country is hard to find. The rain of Wednesday night did a great deal of good in mellowing the surface of unplowed ground and making it work up loose. A smaller acreage of wheat will be sown this Spring than ever before on account of the late season for seeding. Some farmers will summer-fallow a large part of their land, some will pay more attention to stock, and a few will experiment with fax to a limited extent. There is a general desire to get away from the prevailing system of plowing all fall with the wheat crop. Low prices of wheat are driving farmers to seek more profitable crops.

Cattle-buyers are beginning to look through the country for their regular Spring purchases. Those having cattle are less inclined to sell than usual, and prices are ruling high.
The work being completed for the term, Judge Hamilton adjourned the Circuit Court today at noon until the regular June term. It has been a quiet term, and few cases have been tried before Juries. All of the seven defendants in state cases pleaded guilty and were sentenced accordingly.

HOPKINS Claims Spokane Delegates.
SPOKANE, Wash., March 24.—The Republican primaries were held today in every precinct in Spokane County. The vote was one of the largest ever polled at a primary election. The contest was for a delegate to the National Convention. The County Convention will be held here next Saturday, to elect delegates to the State Convention, at Ellensburg, April 5, and the fight today was for control of that delegation. It was a three-cornered fight between C. B. Hopkins, Alonzo M. Murphy and S. R. Stern. Hopkins claims a victory.
Much Work in Blue River Mines.
EUGENE, March 24.—Miners coming out from the Blue River country report activity increasing in the mines. A great deal of development work on a number of claims has already been announced, and is being finished with energy. There seems to be a determination to open up these mines and get them in a paying condition soon as possible. At least two new stamp

The Old Methods of Treating Piles and Rectal Diseases Supplanted by the Pyramid Pile Cure.
The old methods of treating piles by ligature, by the knife or by the cruel methods of dilatation, besides causing intense pain and frequently collapse and death, are now known to be but mere makeshifts as far as a cure is concerned. The liver is responsible for nearly every case of piles, and the mistake has been made of treating piles as a purely local disease. Such is not the case, however, and the success of the new treatment known as the Pyramid Pile Cure has demonstrated it.
The Pyramid Pile Cure is not a salve or ointment, but a suppository which is applied at night and absorbed into the sensitive rectal membrane and acts both as a local and a constitutional treatment, and in cases of many years' standing, this treatment has been effectual.
Thousands of pile sufferers bear witness to the inestimable value of the Pyramid and even those who have undergone surgical operations without a cure have been happily surprised by results from a few weeks' treatment with the Pyramid.
The relief from pain is so immediate that patients sometimes imagine that the Pyramid contains opiates or cocaine because the relief is so instantaneous, but the Pyramid Pile Cure is guaranteed absolutely free from any opiate or mineral poison whatever.
The relief is the result of the astringent properties of the remedy which causes the little tumors and congested blood vessels to contract and a normal circulation is established.
The Pyramid Pile Cure is strictly scientific, both in its composition and in its therapeutic action, and the best feature of it is that it is perfectly safe and harmless. No ill effects ever result from its use, but only positive benefit.
A singular fact, in view of the large number of patent medicines before the public is that the Pyramid is the only pile cure popular enough and meritorious enough to be found in every drug store in the United States. It sells at 50 cents a package.
