Clearing Sale of Laces

LACES LACES LACES

In good plain English we announce BARGAINS IN LACES. No reasons—no arguments—no explanations. We will simply place on our counters tomorrow and offer for sale, MORE BARGAINS IN LACES and BIGGER BARGAINS IN LACES THAN YOU HAVE EVER SEEN BEFORE. Treacherous Cement is not used to hold the Dunlop Detachable Tire to the rim—it is held by its own inflation and nothing can move it when you want it to stay there. No tearing off of valve stem; no chafing against the rim—none of the evils that are the result of cementing a tire to its rim, is to be found in the Dunlop Tires. No tools needed to take it off the rim—just use your hands. Booklet of any dealer or of us.

Absolutely Unapproachable

By any other ready-to-wear product—this great Spring and Summer showing of men's fine clothing. We have completely "out-tailored the tailors" in point of style, workmanship and variety. If you are a swell we can accommodate you just as easily as the man who is more conservative. We don't go to the foolish extremes, but we follow whatever good taste approves in the way of styles. The man whose clothes attract remark is over-dressed. We try to keep on the safe side of the danger line, but we are never behind the fashion. We are showing a handsome line of

\$12, \$15 and \$18

Men's spring suits—not enough of any one kind to make them common. That's one of the reasons why "Moyer" ready-to-wear clothing is so often taken for tailor-made—it's exclusiveness. The new weaves in cheviots, homespuns, worsteds, tweeds and serges are represented in these popular prices.

WE CAN SUIT YOU FOR \$10

Or we can suit you for \$30, according to your taste, your requirements and your pocketbook. We can fit you at a moment's notice; no chances to take here in that respect, and every suit is up to the very latest fashion reports in style. Here and there you may find a suit that will compare with one of ours, but you cannot find a line of suits in Portland that represents "quality" to such an extent as at the "Moyer."
