

CITY NEWS IN BRIEF

Amusements Tonight.

ALBERT'S WINTER GARDEN (Third and Morrison streets)—Concert tonight.

LECTURE IN GERMAN THIS EVENING.—The members of the Portland Social Turnverein are making great efforts to have Professor Zimmermann's lecture come off this evening with great eclat. Apart from the lecture proper there will be a select musical programme, consisting of several male choruses by the members of the vesper, some instrumental pieces and a baritone solo by Paul Westinger. The lecture itself promises to be of unusual interest, and will trace the immense influence that the Germans have exercised in this country since the early settlement of the emigrants from the Palatinat, in Germantown, near Philadelphia, over 200 years ago.

FINE WEATHER FOR HAYING.—Farmers in the vicinity of Portland have been making hay while the sun shone, the past day or two, and with anything like fine weather they think they can still save a large crop. The showers about the beginning of the month spoiled a great deal of hay. Those who took advantage of the three weeks' good weather in June, by cutting and storing their hay, are now congratulating themselves on their good fortune, as a second crop is well matured, which can be used as pasture or cut again, later on.

FATAL ACCIDENT AT VIENTO.—Arnold Eccles, the 12-year-old son of William Eccles, superintendent of the Oregon Lumber Company, of Viento, was brought to Portland on the O. R. & N. train last evening and taken to St. Vincent's Hospital for surgical treatment. Yesterday afternoon at 2:30 the boy was fatally injured at Viento, getting caught by the wire rope of the drum of a hoisting engine at the mill. One leg was torn off, the other leg broken, one arm broken and his skull fractured. There is no possibility of his recovery. The boy was running the engine in the absence of the regular workman, whose place he was accustomed to take, and it is not known how he became entangled in the rope.

"HIDE-AWAY" FOR NURSES.—Bishop Morris is spending several days at Seaside, building a Summer home for the nurses of the Good Samaritan Hospital. He has secured a very desirable site in what is known as Clatsop grove, but a short distance from the Necanicum bridge, and is erecting there a beautiful "hide-away" place, a comfortable cottage, for a seaside outing for the hard-working nurses of the hospital. If there is any class of women who deserve such a change and relaxation as this will furnish these nurses belong to that class, and feel quite sure they will enjoy their Seaside Summer home.

LECTURE ON MENTAL SCIENCE.—Mr. C. L. Burghman, home secretary of the Mental Science Association, Sea Breeze, Fla., will deliver a lecture in Portland on the evening of July 13 upon the subject of mental science—how to escape one's self spiritually, mentally, morally and physically. There will also be a display of stereopticon views, including a view of "City Beautiful," the city of Washington, the mental scientist, at Sea Breeze, Fla. Notice will be given where the lecture will be delivered. Everybody cordially invited. No admission fee will be charged to the lecture.

HOT AND UNCOMFORTABLE.—To prepare for the heat is of great importance. It is always felt the most by the patient who has been out in the sun, and a range, as it is always ready, representing comfort and convenience. No carrying of wood or splitting of kindling is necessary as with the old wood stove. Be up to date and place your order this coming week for a gas stove, thereby enjoying the comfort and pleasure of home cooking in hot weather with a modern and inexpensive fuel. Portland Gas Company.

DIED SUDDENLY.—Michael Louis Warner, nightwatchman at the City Barn, died yesterday at noon at the corner of Fourth and Alder streets. He was suddenly seized with a hemorrhage, and although he was assisted in every way possible, he died in a few minutes. At the coroner's inquest yesterday afternoon the autopsy performed showed the presence of a large tumor in his thorax, the rupture of which was the cause of death. Warner was 40 years old, and a married man, residing at 288 North Nineteenth street.

MISSIONARY WILL SPEAK.—Miss Lily D. Greene, sister to Professor Charles W. Greene, of Stanford University, and recently returned from North India, where she has labored as a missionary for the past six years, is spending a few days in the city. She will speak at Centenary M. E. Church this evening and at the all-day missionary meeting, to be held in Grace M. E. Church Tuesday of this week.

SAILORS IN COURT.—In the United States District Court yesterday Albert Parker, Thomas Kristianson, John Parry, Olaf Peterson, John Anderson and Segurd Sorenson began their proceedings against the British ship Harlech Castle, Captain Evans. Their complaint recites a rather peculiar case. While the vessel was being towed to Portland last June they were ordered by the mate to go over the side next to the tug, scrub and wash down the sides and do some painting. The men assert that they regarded the execution of this order dangerous to their lives, while the vessel was under way, and they remonstrated. After being ordered by the captain and still refusing, they were discharged, and now begin action to collect a total of about \$100 wages due them. It is recited in the complaint that the matter has been taken before the British Consul in this port, who took no action to compel the captain to pay the amounts claimed. Upon failure of redress there, they brought their case to the attention of the District Court, where Judge Dellinger will pass on the question of jurisdiction, and if this is decided favorably, then the matter at issue.

ARRESTED FOR EMBEZZLEMENT.—C. O. Mitchell, an insurance agent, was arrested at 3 o'clock yesterday morning by Detective Weiner on a warrant sworn out by his employer, B. T. Scott, of the Washington Life Insurance Company. The latter charges Mitchell with larceny by embezzlement. Mitchell was employed to solicit life insurance, and was furnished with \$50 cash and a \$50 mileage ticket. Instead of starting out on his work he remained in Portland, and the fact was ascertained yesterday that he had entered into a similar arrangement with another company, and had profited by this deal to the amount of \$77. Mitchell is a Portland man, and was formerly manager of a prominent life insurance company in Tacoma.

M., July 9, for the purpose of perfecting arrangements and making such recommendations as may be deemed necessary.

Mrs. DEBRAH DANGEROUSLY ILL.—Mrs. William Dumars, wife of the manager of the Western Union Telegraph Company, underwent a very serious operation for cancer at the corner of G. Mitchell and G. G. streets, yesterday, and at a late hour in the evening was so low that she was not expected to survive the night.
