## BY OCEAN'S SALTY BRINK

Tide Has Reached the Flood at Long and Clatsop Beaches, and Ebb's Now Slowly Setting in.

AT THE COAST, Aug. 11.-Clatsop Beach has enjoyed its greatest popularity with the transient visitor for the season. The arrivals henceforth will doubtless show a diminution. The record for this week is high mark in the tide of Summer travel, the newcomers fully equaling mer travel, the newcomers fully equaling the departing sojourners in number. But Clark, Arline L. Duvies, F. B. Hughes it is the last time when that can be said this year, for now the inevitable ebb will set in. Already the indications are Hughes, Mrs. W. E. Hurd, Miss Anna plain to the wise observer. However, the Hurd, J. N. Teal and children, Roderick there is no disappointment manifest.

On the other hand, the people who are interested in the prosperity of Clatsop have no cause to comptain. The number of frequenters of the beach this senson has never been equaled in past years, and as the rush shoreward also set in earlier tion in the circumstances of a correspondingly longer season, that has brought much substantial benefit to those who, in any way, contribute to the needs of the visitors at the Oregon seaside re-sorts. Thus, even though the heighth of the season is reached, and the number of arrivals shall henceforth be less, while departures from now on shall steadlly grow more numerous, there is, in the classic venacuiar, no kick properly com-ing from anybody. However, the throng of people now at the beach shows no net diminution yet, and so one should let the future take care of itself and get all present situation.

Unpleasant Weather

The weather conditions of the week have not been satisfactory. Whether a decided change for the worse is impending, cannot be foretold with definiteness, of course, but the fact is apparent enough that the climatic conditions have not been up to the not been up in enjoyability, so to speak, to the standard of the recent past. A to the standard of the recent past. A copious shower has falten; several heavy fogs have been in evidence, and old Soi has been in somewhat diagraceful cellipse throughout a major portion of the week. Curiously the campers, whom one would suppose would be the chief sufferers from this state of affairs, have experienced no great degree of inconvenience. The decrease in their numbers has been merely nominal, while, on the other hand, the while, on the other hand, the number of departing cottagers has been considerable. The increase of beach vis-flors to offset their exodus has been chiefly among the patrons of hotels and boarding-houses.

The number of bathers has increa

Dancing has become popular all along he beach. A very pleasant affair of this sature occurred at the "OM Grimes" House, Monday evening, under the direcon of Roy Durham and Chester Sewall. Friday evening, the same quarters were Frank L Ball and wife, Miss Irene Town-

utilized for a like gathering by Farsons orhoestra.

The Mount Tabor Military Band was at the beach from Monday until Wednesday, and contributed a new environment to beach residents. From Clatsop, the organization went to Long Beach to spend the regainder of the week. Clatsop is not left musicless, however, as witness the arrival of a "Merry Go Round," with organ attachment, during the week. the arrival of a "Merry Go Round," with organ attachment, during the week.

Mrs. G. W. Watts entertained her friends, in honor of her guest, Miss Ella Jones, of Portland, at Seaside, during the past week. A pleasing literary and musical programme was rendered. Rev. A Lindsay, pastor of the First Christian Church, of McMinnville, and Mrs. Lindsay, his wife, described their recent Alaskan tour. They dwelt upon the deplorable condition of affairs at Nome City, and gave a resume of their experiplorable condition of affairs at Nome City, and gave a resume of their expericandy pull" followed. At Genrhart Park. Gearhart Park holds well to the front as a place of entertainment. The most important events there are the weekly dances at Hotel Gearhart. The golf links and bowling alley add diversity to the pleasures provided. The park boasts of one of the best arranged bathing places on the beach, and the desire for a daily "Mo" has become observed. a daily "dip" has become chronic with the patrons of the establishment. Several immense bonfires have contributed to the entertainment of people at the park dur-ing the week. These are always preceded by a literary entertainment and a grand "taffy pull" "taffy pull

Many of the pleasure-seekers who have visited Seaside have found a very pleasant outing afforded by a trip to Elk Creek. The journey is not a very long or hard one, and the stream affords excellent fishing. The scenic surroundings are exceedingly attractive. This is the first season the locality has been exploited to any extent, but every returning visitor joins in its praise. Improvements in reaching the creek are in contemplation for next season. contemplation for next season.

ably surprised to find that the hostes had prepared a large amount of taffy, and "taffy-pulling" was thereupon a once resorted to. There were private dances at both the Portland and Long Beach Hotels at Long Beach during the week. The regular public dances, on Mon day and Friday evenings, were also held. One of the most notable musicales of the season occurred at Hackney cottage, the first of the week. The house was filled to overflowing, although the at tendance was limited to guests of the house, and their acquaintances.

Bowling continues popular. A match game between Long Beachites and Sea-viewites occurred on Stout's alley at Sea-view. Wednesday evening. Each side was composed of six players, and the game resulted in a score of 206 to 217 in favor of the Seaview team. E. Cohn cap-tained the Long Beach team, while the honor of the Seaview team fell to Sid-

A notable improvement in the way of a terprise of the people who frequent this popular resort. They contrived various ways for raising means, and this week secured enough to justify the building of an eight-foot platform 100 feet or more ng. A bench runs the entire length of the walk and affords a convenient place of rest. A huge pile of logs thoroughly saturated with kerosene was fired Monday night, and its brilliant light attracted a fun-making crowd.

Beach Wedding.

A wedding occurred about two miles from Long Beach Wednesday evening, and a goodly share of the fun-loving population of that locality regarded this a proper occasion for a grand charavari. The contracting parties were J. A. Baker and Miss Annie Cameron, Shortly after the nuptial knot had been tied, the din outside started and was continued until Mr. and Mrs. Baker invited the "musiclans" inside, where a liberal "treat" was provided.

Stranded Whale. A blackfish or small whale about 20 feet in length washed ashore near Tioga last Sunday morning and proved an object of great interest to frequenters of the beach. The levithan was dead when discovered

Good Transportation. While the Hwaco Railway & Naviga tion Company has been severely taxed to provide accommodations for the great crowds that have visited Long Beach, bet-ter transportation facilities than ever be-fore have been maintained this season. Good time is made by both boats and train, and every attention is paid to the
