# **ENGINES COLLIDED**

Accident on Great Northern Line Near Edmonds.

INSTRUCTIONS NOT REGULAR

One Engineer Killed, the Other Seriously Intured-Firemen and Passengers Slightly Hurt.

SEATTLE Wash., Oct. 6 -A head-end collision between passenger and freight engines on the Great Northern line oc-curred at II o'clock this morning a short distance south of Edmonds, about 16 miles north of this city. Sam Work, engineer of the passenger, was killed and Charles Spring, engineer of the freight, seriously Both engines were wrecked and the firemen and a number of passengers

freight engine, northbound, for some reason not yet known, dropped its ears and went on toward Edmonds to flag the passenger to a siding there to await the passage of the freight. The passen-ger train engineer received no instruc-tions to stop at Edmonds and came on, meeting the freight engine as a recorded meeting the freight engine as it rounded a sharp curve. The freight engine was running at full speed and the two en-gines were telescoped. Both engineers buried in the wreck and terribly scalded when taken out and were taken to the hospital at Everett, Engineer Work lived only a few hours. He leaves a widow in this city.

#### FINANCES OF BENTON COUNTY. Bemi-Annual Exhibit of County

Clerk-Noteworthy Item. CORVALLIS, Or., Oct. 6.-The semi-annual exhibit of the County Clerk for the six months ending September 36, shows the following financial operations of Benton County for the period: County war-\$21,050 51; warrants issued from April 1 to September 30, \$11,755 11; total, \$42,805 62; unty warrants redeemed and canceled for the six months, \$25,674; balance war-rants outstanding, \$14,725 (2); estimated accrued interest thereon, \$950; total Habilities, \$15,679 62. Cash in hands County Treasurer applicable to payment of war-rants, \$2020 20; same in hands of Sheriff,

total resources, \$2420 20. Net in-edness, \$12,239 42. An item in the county exhibit is noteworthy. It shows that the last term of the Circuit Court for Benton County, held in the first weeks of April, cost The cost of the Justice Court pring the six months was \$145 76.

At this week's term of the Commis loner's Court, James Dunn, road supervisor, was cited to appear before an adjourned meeting of the court to be held on the 18th to show cause why he should not be removed from office, and why a successor should not be appointed. The supervisor failed to warn out those liable road work in his district, where the highways promise, with the advance of wet weather, to become in had condition. Dunn was elected supervisor at the last

#### AN INCREASED ASSESSMENT. Malheur Values This Year Greater

by Nearly \$400,000 Than in acco. SALEM, Or., Oct. 6.-Secretary of State F. I. Dunbar today received the summary of the assessment roll of Malheur County. State of Oregon, for the year 1900 which shows an increase of \$279,490 in the value of the total taxable property over the same report of 1899.

The summary is as follows: Acres tiliable lands, 86,433......\$ 230,568 Acres nontiliable lands, 281,145..... 194,627 Improvements on deeded or pat-Town and city lots Improvements on town and city ements on lands not deeded or patented

## PROSPECTS FOR RAILROAD.

Survey Made of Route From Portland to Engle Creek.

OREGON CITY, Or., Oct. 6.-B. F. Fbrester, of Eagle Creek, who was here today, states that the residents of that sec-tion are greatly encouraged over the possible construction of a railroad from Portland early next year. L. Gerlinger, of Portland, is the accredited promoter of the enterprise, and a survey of the proposed route has been made from Troutdale to Currinsville, passing through Gresham and going down the north fork has invested about \$12,000 in timber lands on Deep Creek, and other investors have made pur-chases in that section. The report is current that when the proposed railroad line is completed the management will use the Oregon Raflway & Navigation Company's track out of Portland to Troutdnie. The road would pass through a fertile agricultural section and tap extensive bodies of fine timber. The fact that the Oregon Telephone & Telegraph Company extended their line from Lents to Currinsville, a distance of 26 miles, without asking any subsidy except a guaranty from the Postmaster of the latter place of 55 worth of business monthtes that it expects a large increase of traffic in the future.

#### WOOLEN MILLS STRIKE, Statement by President of Oregon

City Company. OREGON CITY, Or., Oct. 6.-In connec tion with the strike of the spinners in the woolen mills of the Oregon City Manufacturing Company, at Oregon City, A. R. Jacobs, the president of the company, says he desires the matter to be correctly

understood by the public, and he makes

the following statement of the affair:
"The cause of the strike is that the record of the amount of work done was not correctly kept, and to remedy the evil a different system of paying the hands was proposed—that is, to pay them by the pound instead of by the run. There was no reduction of their wages in any manner, and it was promised that the new schedule would be regulated so as to anable them to earn as much as formerly. They objected to that, and the compar then offered to pay \$1 50 per day, which they also declined, and walked out. majority have since returned, and addi-tional help has been secured from other sources, and the mill is running full time

## TRIED TO COMMIT SUICIDE.

Act of Recent Patient at the Oregon Insane Asylum.

HEPPNER, Or., Oct. 6.-John P. Spencer, of Athena & years of age, last night attempted to commit suicide by cutting himself with a knife in the abdomes. Martin Anderson took the knife from him.

ing questioned he said that he had been rejeased from the insane asylum at Salem two months ago. He was adjudged insane today and will be taken to the asylum

HORSEMAN FATALLY INJURED. A. B. Payton Crushed by His Falling Horse at Baker City.

BAKER CITY, Oct. 6 .- A. B. Payton, was fatally injured yesterday. was riding horseback and taking part in a friendly contest with several other riders in an effort to beat each other into town. He had almost reached the main part of the city, when the horse Payton was riding slipped on the wet street and fell, rolling on top of his rider, crushing his body and causing serious internal injuries. The unfortunate man was taken at once to the hospital, where he died at midnight. He left no family, but has two brothers now traveling in Europe.

New Oregon Incorporations. SALEM, Oct. 6.-The following articles of incorporation were filed in the office of the Secretary of State during the week:
The Sergent Lumber Company; Grantite, Grant County; \$10,000; W. B. Sargent, J. K. Wright and O. C. Wright.
The Oregon Yacht Club; Portland;

2274; L. V. Woodward, G. Catlin and J. Harvey O'Bryan.

Tyler Investment Company; Portland: \$19,000; C. D. Griffith, R. I. Eckerson and Brown.

T. J. Brown.

The Oregon & Alaska Company; Astoria; 25,00; Frank F. Carney, C. W. Fulton and G. C. Fulton.

Baker Gas & Electric Company. Baker City; 2000,00; Edwin Fish, J. H. Parker and J. T. Donnelly.

The McRes Novelty Company: Athens. The McRae Novelty Company; Athena; Umațilia County; \$25,600; Donald McRae, J. W. Smith, A. M. Gillis and A. McRae.

The Bable McKee Gold Mining Com-pany: Baker City: \$1.098.009; Louis Baer, F. H. Ckud, L. J. Gervesmann, L. K. Marty and W. R. Zulick. The Victor Mining Company: Sumpter; \$1,500,000; Jacob H. Robbins, Roy H. Mil-

ler and Henry S. Durgan.

Jerome Gold Mining Company; Astoria; \$759,006; T. L. Ball, Charles L. Wilson, R. C. Grimm and W. O. Barnes. Grant's Pass Water Company: Grant's Pass; \$30,000; J. H. Ahlf. J. A. Rihoff. William Alfred, H. C. Perkins, Thomas Smith and Joseph Ranch. Oregon Mining Company: Portland: \$1,000,000; Ispac H. Bingham, P. J. Jen-ninigs and William S. Pond. Gunbert Lumber Company: Mayger Columbia County: \$5000: George Gunbert, James J. Gunbert and James A. McAyeal,

The Albany Butter & Produce Com-pany; Albany; \$8000; E. J. Seeley, C. B. Winn and W. E. Frazier. The Security Gold Mining Company Kingsbury, W. S. Driver and W. J. Pat-

Hop Sales at Woodburn. WOODBURN, Oct. 6.—Recent sales of hops here have been as follows:

S. Ames to Fred Dose, 52 bales choice, at 13 cents per pound.

Leonard McKee to Jacks & Carmichael, 105 bales choice, 14% cents per pound.

Joe Stravens to Fred Dose, 52 bales choice, 15 cents per pound; 22 bales '99 crop at 54 cents. Stewart & Shepherd to Lillenthal & Co. 57 bales choice, 184 cents per pound,

Washington County School Funds. HILLSBORO, Oct. 6 .- School Superin tendent Ball has apportioned \$960 25 to the various school districts of Washington County, this being \$1.75 per capita, school age..

Oregon Notes. Coyotes have been visiting Kent poul-

try yards lately. The State Convention of the W. C. T. U. will be held at Moro October 9 to 12. It is stated that 450 Chinese pheasants were killed within the vicinity of Canby last Monday.

It is reported that Wesleyan Metho-dists of Liberal, Clackamas County, will build a church. 49,953 Dallas College has started out this year with brilliant prospects. About 70 stu-dents are registered.

The Dallas new school building is nearing completion. It has three stories and will cost about \$7000.

The Eastern Oregon Land Company will have a Sherman county exhibit of grain at The Dalles street fair. The City Council of Scio is considering

extension of water mains to the outer edges of town for better fire protection. The German Amusement Hall recently built at Cold Spring was opened this week. It cost about \$1009 and the money was raised by subscription.

The County School Superintendent of Pelk County has made the apportionment of state and county school funds. The state apportionment per capita was \$1544 and the county \$1656.

Pendleton streets have assumed their natural appearance again. The street fair structures have all been removed and the debris cleaned up, and business is going on as usual.

Paul Schultz, of Pendleton, had the misfortune to run a needle into his foot few days ago. Half of the needle was removed and X-rays will be employed to locate the other half.

A football game between Heppner and The Dalles on the afternoon of the 13th is now an assured fact, the guarantee of \$100 for the purse having been made by a number of Dalles residents,

'Al Balcom, of Pilot Rock, employed an ingenious method to get a horse out of a well. Instead of using a block and tackle, he filled the well with straw until the horse was able to scramble out The School Superintendent of Klickitat County says he has been unable to obtain a sufficient number of teachers for his county and is about half a dozen short Unemployed teachers will take notice and govern themselves accordingly. They should address Professor Colburn, Golden dale.

The Government rangers having the work of constructing a horse trail from Foley Springs to Hazle Deli have finished their work. They out a trail six feet wide. It is possible to ride the entire distance with the exception of a few steep

By a recent reclassification the mail clerks on the overland train between Portland and Ashland have lately had their salaries increased. The head clerk now receives \$116 per month and helpers \$100 per month. The salaries of the clerks on the local trains remain at \$83 33 per onth, the same as they have been drawing since they began running through to Ashland. The former salaries on the overland were about \$80 and \$70 per month, respectively.

Sheriff J. G. Van Orsdel, of Polk County, began the sale of land to satisfy the delinquent taxes of 1898 a week ago. A considerable portion of the taxes due on this roll was paid after the advertising began and before the day set for selling the land. The taxes due the county on the property advertised amounted to about \$6000. About \$300 of the 1896 pro of the Sheriff during the past half year

A peculiar accident happened to Mr. Dick, residing near Canby, a few days ago. He was picking up wood and, with-out knowing it, grasped a "thousand-legger." The worm bit him in the forefinger, in which it fastened its fangs so tightly that he had to pull it off. Mr. Dick sucked the wound and applied to it aqua ammonia, but the remedy had no effect. The hand began to swell and lumps began to form on the arm and in the armpit. Mr. Dick became alarmed for his life and injected permanganate of potash in his hand. This counteracted

# CAMPAIGN

OPENED AT SALEM LAST NIGHT BY HON. TILMON FORD.

Address Well Received by Large, Enthusiastic Audience-Governor Geer Presided.

SALEM, Oct. 5.—Hon, Tilmon Ford, of this city, opened the Republican cam-paign in Marion County this evening. He was favored with an audience that crowded the Armory to the doors. The meeting was held under the auspices of the Republican Clubs, and was presided over by Governor Geer, who introduced the speaker, called attention to the ful-filling of Republican promises, and the fallure of Democratic and Populist predictions made in 1896. rd labored under the disadvan-

delivered here on National affairs. One of the most notable features of the meetng was the lack of enthusiasm.

Republican Success Predicted WASHINGTON, Oct. 6.-John V. Piper of Seattle, is in Washington, and predicts a Republican victory on the National, Congressional and Gubernatorial Uckets in that state. It is his opinion that the majority will be not less than 1500,

RICHNESS OF NOME CLAIMS. Future Value Yet to He Proven Some Good Territory.

WASHINGTON, Oct. 6.—In his report to the Director of the Mint from the Nome district, Special Agent Cabell Whitehold survey Whitehead says: "Of the new discoveries since last season, Lopkuk, located on the beach, 60 miles east of here, easily takes the lead.

From a space not over 500 feet in length along the beach to the tundra, there was taken out this Spring between 2500,-000 and \$500,000, all with rockers. "The latest strike and one which is at tage of speaking to an audience that had | present attracting much attention is

MISS CORA JOLES

QUEEN OF THE HARVEST CARNIVAL AND STREET FAIR TO BE HELD AT THE DALLES.

THE DALLES, Oct. 6 .- Miss Cora Joles, who is to reign as Queen of The Dalles Harvest Carnival and Street Fair, to be hold October 9-13, is the daughter of Mr. and Mrs. Isaac Joies, of this city, where she has lived since childhood. She is a fall, handsome young lady, with abundant dark hair, the beautiful, fair complexion peculiar to Eastern Oregon girls, and a splendidly proportioned figure, which will carry off the Queen's royal robes of state with

Miss Joles is the efficient manager of the Oregon Telephone Company in this city, and is exceedingly popular in business, as well as social circles, which was evidenced by the flattering vote which elected her Queen over all other candidates.

waited for an hour for the address to begin, but he immediately secured unant-mous attention and held it throughout the svening. His arguments were plainly stated in forceful language, and brought frequent outbursts of applause. After a thorough discussion of the ex-

pansion question in which he cited Democratic authority for the acquisition of territory, he said that Spain bought the Philippines from Aguinaldo, and we bought them from Spain; therefore, we have a good title so far as Aguinaido is concerned. He quoted an act of Con-gress which declares there are three classes of territory belonging to the United States-states, territories and "countries over which the United States, exercise sovereignity and jurisdiction." On the question of trusts, he asserted that the greatest monopolists are Demo-crats, citing Rockefeller, Croker, Hearst and Clark, and that the greatest monopoly is the silver trust, comprising 37 corporations, which own one-half the sliver mines of the country, in point of value. He contended that Bryan is inconsistent in attributing the existence of trusts to the legislation of the Republican Con-gress, when the Democrats have claimed that the control of trusts is a matter of state jurisdiction.

warmly advocated the building of the Nicaragua Canal and denounced the racy for its opposition to the Hay-Pauncefote treaty.

#### FUSION IN IDAHO IMPOSSIBLE. Time Past for Declinations and Pop

ulists Fail to Act. BOISE, Idaho, Oct. 6.-Today was the

last day on which declinations of nomi-nations could be filed, and it closed without any change in the fusion situation. Fusion between the Democrats and Popu lists is now impossible.

The Democrats have the names of three Populists on their ticket— Glen, for Congress; E. N. Jones, for Auditor, and M. H. Jacobs, for Mine Inspec tor, but there is no Democrat on the Populist ticket. On the latter, however, are five vacancies, one elector, Governor, Lieutenant-Governor, Justice Supreme Court, and Attorney-General. It is understood now that no appeal

will be made to the courts to secure filling of vacancies on the Populist ticket with names of Democratic candidates for the

#### BINGER HERMANN IN IDAHO. Delivered a Campaign Address to Citizens of Payette.

PAYETTE, Idaho, Oct. 6 .- Binger Hermann, Commissioner of the General Land Office, delivered an eloquent and con-vincing address here this evening. The audience was the largest in the history of the town. Mr. Hermann's remarks were received with much applause. He dwelt at length on the inconsistencies of the Democratic party on the Philippine question, in view of the disfranchisement of thousands in the South. The pros-perity during the present Administration was contrasted with the depression preceding. The Democrats' cry of "dollars before the man," was true, he said, as the Republican party has placed more dollars before American men and within their reach than ever before.

Big Republican Rally at Ashland. ASHLAND, Or., Oct. 6.—There was a rousing rally at the Chautauqua Taber-nacle this evening, under the auspices of the Ashland Republican Club, Music by McKinley Glee Club and Satchell orchestra enlivened the occasion. The speech of the evening was made by Colonel S. C. Spencer, of Portland, who discussed the issues of the campaign in a man-ner that held the interest of and enterthe large and intelligent audience assembled, and created most intense enthuslasm.

State University Republican Club. EUGENE, Or., Oct. 6 .- The 'Varsity Re-Club met this morning and elected officerse as follows: President, Bernard C. Jakway, '01; vice-president, Clifton N. McArthur, '01; secretary, C. E. Stanton, '01; treasurer, W. L. Whittlesey, The club will be very active during the campaign, and it is quite likely that a number of prominent men will speak here under its auspices. There are about 50 Republican voters in the club.

Spoke for Bryan at Baker City. BAKER CITY, Or., Oct, 6.—Hon. C. E. Wood spoke at Armory Hall tonight to a large audience in support of W. J. Bryan for President. Mr. Wood's speech the poison and the swelling disappeared. | was in the same strain as other speeches

on the Bluestone River in the Port Clarence mining district, something less than 100 miles from Nome. One of the tributaries of this river, Gold Run, is said to exceed in richness anything known heretofore, it being no uncommon thing to get from \$10 to \$20 in a single pan.

The creek is entirely taken up.
"A source of gold which is attracting much attention at the present time is the ancient river beds along the head of Dexter and Anvil Creeks. Some of these deposits are fabulously rich, nothing richer having been found in the Klon-dike, I am told, than some of the claims along Nickkala Gulch. The extent of the deposits, however, has not yet been prov-en and another season will be necessary to demonstrate their value.

"I incline to the opinion that these ancient channels are the sources of the gold found in all the countries in this district, as well as the gold taken from the beach, and if I am right in this opinion, they should be very extensive and add many millions to the world's production. I see no reason to doubt that during the coming Winter, when prospecting can be done with the sid thawing machines, the channels will be located and next season will see a very largely increased production. "In my opinion, the future of this dis-trict remains to be proven, with the chances largely in favor of its becoming in the next two years a very great

"My estimate of the production up to this time is \$1.500,000, with the chance of increasing this production before the end of the season to \$2,000,000.

## MOUNT BAKER BOUNDARY LINE. Course of Needle Deflected in Early

Survey. CHICAGO, Oct. 6 .- A special to the Record from New Whatcom, Wash., says: In the present dispute of the international boundary line location near Mount Baker, It is stated on authority that a peculiar phenomenon transpired during the survey at that point. When the line was being run, along in the early days, the course of the needle was deflected, it was supposed afterward by the metal in Mount Baker, and the survey was inaccurate. This made the line several miles out of the way before the mistake was rectified and the advantage was given the Canadian side of the line. When the mistake was found out, it was rectified, but may not have been sufficiently marked the second time. The boundary is the 49th parallel and it is simply a problem of locating this percelled locating this parallel.

## FORTUNATE KLONDIKERS.

Steamer's Treasure of \$250,000 Owned by 20 Passengers. SEATTLE, Oct. 6.-Two hundred and thirty-three Alaska and British Yukon passengers came on the steamers Hum-boldt and Al-Ki, which arrived from the north today. As cargo, the vessel had not less than \$250,000 of treasure. Twenty of the Humboldt's 117 Klondike passengers owned the bulk of that vessel's cargo of gold. Mrs. E. B. Barrett, the wife of a successful Circle City operator, had a sack containing fully \$10,000 worth of dust. Charles G. Debney and Uly Gatsford, Klondike operators and passengers of the Humboldt, had each about \$10,000. Debney is a son of Captain Gerard Debney, of San Francisco, long master of the Pacific Coast Steamship Company's vessels. He owns valuable mines on Dominion Creek, as does also Gaisford.

Progress of Alaska Telegraph Lines. WASHINGTON, Oct. 6 .- General Greely, chief signal officer, has received from Superintendent Charison, of the Canadian Telegraph Company, information of the ss being made with the Canadian line to Alaska, which the United States expects to use during the Fort Egbert. The Canadian Government has built 570 miles north from Quesnelle, 400 miles south from Atlin and 70 miles north from Dawson. This leaves two gaps, one of 54 miles south of Atlin, the other of 29 miles nearer the international

Suit Against Siuslaw Fishtraps. EUGENE. Oct, 6.-Siuslaw River fish-ermen, have filed a suit in the Circuit Court against both Kyle and Hurd, can-nerymen, to restrain them from using fishtraps. Trapping of fish has always been engaged in on the Siuslaw, and this is the first time any complaint has come to a suit. The case will probably come up before the Circuit Court at the present

## **PURCHASED RED BOY MINE**

ENGLISH SYNDICATE ACQUIRES THE VALUABLE PROPERTY.

Price Paid Said to be About \$2,500,-000-Will Furnish Machinery and Push Development.

BAKER CITY, Or., Oct. &-The follow ing dispatch was received in this city to-day from London: "London, Oct. 6.—It is stated in finan-

cial circles here that the Red Boy mine, located near Baker City, in Baker County, Or., has been purchased by an Eng-lish syndicate, as the result of the visit to London last year of one of the owners of that property. The syndicate is to pay about \$2,500,000 for the property. Before the deal will be closed they will furnish the present owners with about \$100,000 worth of machinery, and will instruct them to sink the mine another 1000 feet. for which the syndicate pays. After this work is done, if the mine still holds out, as it is expected it will, the balance of the purchase price will be paid. This will be the first deep work done in that mining district, and is considered very important in all mining circles."

Bought Better Than He Knew. If all reports are true, Lebon Balliet, who now controls the White Swan mine in the Virtue district, by a shrewd pur-chase of the Sheriff sale certificates, bought better than he knew. Talking about the property last night, John F. Leland, the mine expert and engineer, said: "The White Swan mine is beyond all question the best gamble for a mine in this whole district. Men of undoubted veracity and experience can and will vouch for the fact that it produced more wealth in a less number of days than any mine in the belt, not excepting the Virtue in its best days, and little new develop ment will be required to prove that the quantity and values are still in the old workings to give evidence of a big mine

Final Payment on Free Coinage. "Vic" Schilling, Portland city passenger agent of the O. R. & N. Railroad. arrived here today and made final payment on the Free Coinage mine, thus securing to himself and associates this fine property, which adjoins the Golconda in the Cable Cove district. The property now has a 125-foot shaft and 190 feet drift. The force will be increase and development work pushed rapidly.

NEWS FROM BOHEMIA.

Brief Report of the Results of Work in Some of the Mines.

Another strike has been made in the Helena mine. Two more chutes of splendid ore have been encountered. At the end of the drift in the old workings, a body of base ore was uncovered which is four feet wide and averages \$50 to the ton. A new drift has been started further up the hill, and fine free-milling are is being taken out and stored, which is of high grade, and will be worked later on. The mill is running steadily, and the ac-cumulated concentrates are being piled up to hold for future shipment. The additional five stamps that are being added are being set up rapidly, and will soon be dropping. Everything is taking shape for the future enlarged working of this valuable property, and the Helena will render a good account of itself in the future as in the past,

Two shifts of men are being employed on Helena No. 2, and work is progressing

in sight, and it is the intention of the company to erect a mill on the property

next Spring.

The Musick mine is employing about 29 men, who work steadily in the tunnel which is being driven from the west side will another well and the well of the mountain, which will tap the vein 1000 feet below the present working and from which ore is being taken and stored to run through the mill later on. The mill has been undergoing some necessary repairs, but will be started within a short time, and the Musick will then be shipping her usual amount of builton to the

LAST DAY OF HOOD RIVER FAIR. Exhibition a Financial Success-

Portlanders Take in Sights. HOOD RIVER, Or., Oct. 6.—The Horti-cultural Fair closed today, and despite the unfavorable weather at the beginning, the exhibition was a financial success. Enough money was taken in to purchase the canvas covering the large pavilion and leave a balance in the treasury. The weather today was excellent. Two

The weather today was excellent. hundred and fifty boxes and 135 plates of apples of 60 varieties, besides a large number of baskets and plates of other fruits, made up the exhibit. The O. R. & N. train last night was

held in minutes to give passengers the privilege of seeing the fair. The train carried the Portland Board of Trade, bound for the Walla Walla Fruit Fair, and was met by the Hood River dele-gates at the Cascade Locks and preented with complimentary tickets to the fair. The entire list of passengers took advantage of the opportunity to see the display, leaving the train in charge of one

The Laconner Postoffice was broken into Wednesday night, but the burgiars got nothing valuable.

A citizens' mass meeting will be held at Everett Monday to discuss the Japanese labor question. The lumber is on the ground for rebuilding another stretch of the plank road between Chehalis and Newaukum Prairie. Spokane County's Auditor has recommended a county and state tax levy of 14 mills, which is 1 mill lower than last

The bond of George Barrick, who is charged with murdering a squaw, near North Yakima, has been reduced from \$1000 to \$500.

There is prospect that Washington will be represented at the fourth annual potato fair to be held at Fort Fairfield, Me .. The State Board of Audit and Control has finished awarding contracts for sup-

plying the various state institutions dur-

The deed conveying the Monte Cristo Rallway, from Snohomish to Everett, to the Seattle & International, has finally been recorded. It shows a consideration of \$750,000, and took \$750 in revenue stamps.

The large bear which has been causing the farmers in the vicinity of Sumner much annoyance for some time has been killed. The animal had become very boid, making a raid on some orchard, garden or pigpen almost every night. It weighed 436 pounds before it was dressed.

The Sunset Telephone Company, which ecently began construction of a building for local headquarters at Tacoma, has suspended work until authority can be se-cured from the city to bury its wires. A new ordinance is being framed which will give the company power to lay wires in

Bodly, Barrett & Bast, contractors on the recently finished addition to the Wisconsin block at Everett, have brought sult against the Union Trust Company, owner, for \$2000 damages and for \$545, balance still unpaid on the contract. The disagreement in the matter arises from the fact that the builders did not finish on contracted time.

Judge W. W. Tolman has been selected by the Democratic Central Committee to fill the vacancy on the Democratic ticket occasioned by the resignation of John P.

nicely. Good bodies of high-grade ore are Coffeen and C. B. Nash as candidates for State Senator from the Third District, who were nominees of the Populist and Democratic County Conventions respec-

Alexander Still, whose farm lies between Weston and Milton, is sinking an artesian well. He has already gone down six feet, all excepting 30 feet of which was This tunnel will be completed within a year, when it will be demonstrated to be one of the largest mines in the stats.

Work is also being done in No. 6 livel, from which ore is being taken and stored from which ore is being taken and stored. it is completed.

haven, had a thrilling experience at Lake Samish one morning last week. They went out after grouse and while working their way through a heavy growth of underbrush Mr. Cody had a collision with a bear. He was getting over a big log, and when he dropped over on the other side of it he landed on the back of a big black bear. Fortunately, the bear was quite as frightened as Cody, and

they both cleared a swath through the jungle in getting away from each other. The Commissioners of Yakima have decided to submit a proposition to the voters to bond the county for a sum not to exceed 5 per cent of the assessed value ation. The reason given is that the coun ty will save at least \$1500 per annum in interest now paid on warrant and other outstanding indebtedness. The county is w bonded for \$80,000, and the indebtedness amounts to \$65,000. The Commissioners understand that bonds may be sold for 4 per cent, which will give them money to take up outstanding warrants, many of which are bearing 8 per cent interest. As the redemption of the present bonds will begin in 1981, the County Commissioners say that the only way to keep down taxation and prevent special assess-ments will be to issue the proposed bonds.

### PLAIN TALK.

To Catarrh Sufferers.

Every person suffering from catarrh in its many forms knows that the commor lotions, salves and douches do not cure. It is needless to argue this point or to cite cases of failure, because every vic-tim of catarrhal trouble knows it for himself if he has tried them.

A local application, if it does anything at all, simply gives temporary relief; a wash, lotion, salve or powder cannot reach the seat of the disease, which is The mucous membrane seeks to relieve

the blood of enterrhal poison by secreting large quantities of mucus, the dis-charge sometimes closing up the nostrils descending to the throat and laryax, causing an irritating cough, continual clearing of the throat, deafness, indigestion and many other disagreeable and persistent symptoms.

A remedy to really cure catarrh must

be an internal treatment; a remedy which will gradually cleaned the system from catarrhal poison and remove the favor and congestion always present in the mucous membrane. The best remedles for this purpose are eucalyptol, sanguinaria and hydrastin, but the difficulty has always been to get these valuable curatives combined in

palatable, convenient and efficient Recently this has been accomplished, and the preparation put on the market under the name of Stuart's Catarrh Tablets; they are large, pleasant tasting lozenges, so that they may be slowly dissolved in the mouth, thus reaching every part of the mucous membrane and

finally the stomach and intestines.

An advantage to be considered also is that Stuart's Catarra Tablets contain no. cocaine, morphine or poisonous narcotice, so often found in catarrh powders, and the use of which often entails a habit more dangerous than the disease. Stuart's Catarrh Tablets are sold by druggists at 50 cents for full-sized pack-

age, and are probably the safest and most effectual catarrh cure on the market.

"Not a foul-smelling, nasty-tasting dose," Not a four-meeting, many caseing dose, but a patientials, appetiting corrector of acti-stry, hearthurn and underlynch; it removes the tough mucis that coats the dyspeptio stomach, leaving it ready to digest proper food. 25c., 50c., and \$1.

# All Men Desire Physical Strength

Weak, debilitated men, lacking vim-vigor and vitality, miss the joys of life. They fail in business enterprises for want of energy. Manual labor is impossible to them. They have "burnt the candle at both ends," and their indiscreet waste of energy begins to tell. It shows itself in the form of nervous debility, spinal dis-ease, lame back, kidney troubles, paralysts and general prestration. In cases rheumatic affections will result. But all these can be cured by

Dr. Sanden's Electric Belt.

This wonderful appliance generates a warm, vitalizing current of the lifegiving fluid, strengthening the system and making the weak strong. Send for my new illustrated book, free to any address, or call and see me. examine the Belt and read the thousands of testimonials I have received from

"STRENGTH,"

"Its Use and Abuse by Men," Together With

"HEALTH IN NATURE,"

Two of the best books ever written by Dr. A. T. Sanden, are just fresh from the presses and may be had upon request, free. Every man and woman ought to possess a copy of the same because of the truly great information
