Automobile Inventor Died Poor. The inventor of the automobile, M. Lenoir, has just died in France in pov

erry.

Lenotr was a chemist. In 1860 be took out a patent for a motor driven by an explosive mixture of air and gas. He even used electric ignition, actuating a sparking plug similar to that in vogue to-

In 1821 he produced a car driven by one of his motors, and accomplished some short trips in the streets of Parts, after which it made no further progress. He seemed to have no luck, his invention was premature, and beyond the gratification of his hobby he had no apprecia-
