John Finley, an Astoria timber man, is at the St. Charles.

F. J. Parker, a Walla Walla newspaper man, is at the Imperial.

C. O. Young, a Rogue River steamboat man, is registered at the St. Charles.

A. C. Mowry, a logger of Bufala, Wash., and wife, are at the St. Charles.

W. Ballou, roadmaster of the O. R. & N. at Pendleton, is at the Perkins, with his wife.

L. N. Roney, a prominent contractor of Eugene, registered at the Perkins last evening.

J. S. Davidson, a Bridal Veil sawmill man, is at the Imperial, accompanied by his wife.

William Holder, ex-Sheriff of Wasco County, and wife, are registered at the Perkins from Moro.

J. M. Carroll, a prominent Union County attorney, is in the city on business before the Federal Court.

satisfaction is expressed in that section over the result of the election, and mining operations will be pushed in consequence.

Mrs. A. E. Powell and daughter, Mrs. Jeannette P. King, left Thursday for Palo Alto, Cal., where they will spend the winter.

J. G. Woodworth, general traffic manager of the Pacific Coast Company, with headquarters at Seattle, is at the Portland, accompanied by his wife.

Mr. and Mrs. Heller were given a happy surprise Wednesday evening at their store by the young ladies in their employ. The tables in the workroom were covered with good things to eat, and a jolly good time was enjoyed all around.

Zedock Williams and wife, of Hartford City, Ind., arrived in Portland Friday. Mrs. Williams is a sister of Mrs. Sarah M. Guthrie.

The meeting of the sisters is the first in 40 years. In 1860 Mrs. Guthrie and family left the old home in Indiana to face the trials of the then unknown Pacific.

Mr. Williams is prominently connected with the natural gas industry of Indiana, which has contributed largely to the building up of that state. After adding to the McKinley majority Tuesday last, he took the west-bound train for Portland.

Attorney George S. Shepherd has returned from an extended trip through Eastern Oregon and Washington. Much

Two Long to Wait.  
The Japanese, as is generally known,

are mainly vegetarians, their diet consisting for the most part of rice and a few other simple vegetables.

While they are a healthy and happy people, they are undervalued as compared with the meat-eaters of Europe and America, and it was seriously recommended, a few years ago, by advisers of the Emperor, that he should encourage his subjects to adopt a diet of flesh, with a view to increasing the average Japanese stature.

An American who visited Japan, tells of a Japanese man with whom he became acquainted, who, although able to trot 40 miles a day without fatigue, was vexed because of his small size, and had begun to eat meat. He asked his American friend one day, in the best English at his command, how long a time would

be required, on an animal diet, to make the Japanese a larger race.

"I should say a hundred years, at least," replied the American.

The "rickshaw" man went back to his rice.

Professor Kraus, of the University of Freiburg, in Baden, has discovered a large picture representing Christ and four of the apostles. It was found in the apex of the church at Niederall on the island of Reichenau, in Lake Constance, and is said to have been painted in the 11th century.

W. T. Stead, the well-known journalist, is of the opinion that nobody so burns the candle at both ends as the American business man. "He even hurries his sleep," says Mr. Stead.

### ANTI-RUST UMBRELLA FRAME

We are the inventor and only manufacturer of an anti-rust umbrella frame, the only frame suitable for this wet climate. It pays to have an umbrella recovered, if you have a good frame it will pay you. We will reduce all frames recovered on our anti-rust patent PRICE OF CHAIRS, and your umbrella will last three times as long as any umbrella on the market. We do all kinds of umbrella repairing and recovering. We make all of our cover goods. We carry the largest assortment in umbrellas, parasols and handles in the city.

# You Can Save A Few Dollars

On Your  
Winter Clothes

### Mere Bigness

Isn't everything brains are better than beef—if one can't have both; and yet bulk, volume, massiveness—when shrewdly generated, are the battalions which break the enemy's center.

Quantity is a tremendous factor in the science of modern merchandising; buying goods in the quantities we are compelled to buy for two stores finds many price concessions.

It is these price advantages of ours in buying that gives you a splendid opportunity to save a few dollars on your Winter Suit or Overcoat. If you have not availed yourself of the littleness of "Moyer" prices, do so now. Don't leave your clothes-buying until the mercury gets jumping down toward the zero mark. Take advantage of the variety while it's at its best. You'll better appreciate the saving.

### Men's Suits

Strictly all-wool, good, solid, winter weights in Oregon cassimeres, stripes and fancy checks. Tailored from the very latest Fall and Winter models. Stylish cutaway sack coat, high-buttoned vest. Good sewing, good lining, everything that goes to make a first-class suit, at

**\$10**

Men's all-wool Oregon cheviot suits, in black and navy blue, single-breasted round cut, or double-breasted sack coats; good, strong fabrics, well shaped and well made suits, with a \$10.00 look to them, at

**\$7.50**

### Men's Overcoats

You will find the same dollar-saving advantages all through the overcoat line. You will find every proper style, from the short covert top to the long woolly ulster.

OVERCOATS AT **\$10, 12, 15, 18, 20 AND UP TO 30**

WHEN YOU SEE IT IN OUR AD. IT'S SO.
