

GRAIN FLEET COMING

Three More Arrivals at Astoria Yesterday.

All Made Very Fast Passages

Bark General Mellinet Has a Narrow Escape—Spreckels' New Steamer Sonoma Sails for Coast.

Three more of the chartered grain ships arrived in Astoria yesterday morning, all of them with excellent passages to their credit. The fastest of the trio was the British bark Marlon Lightship, which has tied the record passage of the Olga in a run of 35 days from Santa Rosalia. The Muskuoka, which made such a fast outward run from Portland to Glasgow, came across from Glasgow in 23 days which is only six days slower than the record. The French bark General Mellinet, which came out from Glasgow in ballast, made the voyage in the exact same time of 23 days, which is about the best that has yet been done by any of the ships flying the French banner. The weather at the mouth of the river was equally for the greater part of the day yesterday, and the British bark Poltaloch, which sailed an even race up the Coast with the Marlon Lightship, held off so far that the vessel was not into the river ahead of her.

The General Mellinet will leave up this morning in tow of the steamer R. E. Thompson. The French bark Marlon Lightship will leave for the coast tomorrow morning with the Marlon Lightship and the Muskuoka.

BARK'S NARROW ESCAPE

Absence of the Lightship Nearly Causes a Disaster.

ASTORIA, Nov. 17.—The French bark General Mellinet, which was chartered by a very fair passage, the vessel narrowly escaped going ashore while off the mouth of the Columbia. Her master had full knowledge of the bar, but the vessel, which is thick hulled, at an early hour this morning nearly went on the spit, while in search of the lightship, the removal of which he knew nothing of. The vessel was in the vicinity of the bar when she discovered the tug, it was necessary to signal her to stand off shore in order that a pilot could be placed on board.

An Unsuccessful Launch

TACOMA, Nov. 17.—An unsuccessful attempt was made to launch the harbor tug and Breobot Fearless today at high water. The boat struck on the ways about 400 feet from the water, and the efforts of several tugs to pull her into the water were unavailing. It is expected she will be put in the water the next high tide.

The Sonoma Sails

PHILADELPHIA, Nov. 17.—The steamer Sonoma, built at Cramp's shipyard for the Oceanic Steam Navigation Co. of San Francisco, sailed today from the shipyard for her home port. The Sonoma was launched August 7. She measures 416 feet in length, 50 feet in beam and has a depth of 34 feet. Her gross tonnage is 1688. During her speed trial she made 11 knots.

Two Meetings of the First District Convention.

An interesting convention of the first district of the Christian Endeavor Society of Oregon was held yesterday afternoon and evening at the First Congregational Church.

The first district includes all societies in the Portland Union, besides societies in Columbia, Clatsop and Clackamas Counties. At the afternoon session business of importance was transacted, about 30 delegates being in attendance. District officers were elected, as follows: President, Rev. J. H. Johnson, of Astoria; Secretary, Miss L. C. Farmer, of Clatsop; Treasurer, Miss L. C. Farmer, of Clatsop; Executive Committee, Miss L. C. Farmer, of Clatsop; Miss L. C. Farmer, of Clatsop; Miss L. C. Farmer, of Clatsop.

The afternoon session of the convention was held at the First Presbyterian Church, and was presided over by Rev. J. H. Johnson, of Astoria. The convention was a most successful one, and the delegates returned home with a feeling of satisfaction and a determination to do their best for the cause of the Christian Endeavor Society.

INDIANS WERE TOO STRONG

MULTNOMAH'S SECOND ELEVEN COULD NOT SCORE.

They Never Were in the Game a Minute Against the Stalwart Chemawas.

The Commercial Club has selected the following named gentlemen as its team to play against the Multnomah Club in the billiard tournament, commencing December 19: Billiards—W. H. Hurlbut, B. H. Trumbull and E. T. Huggins; Pool—George A. Heldinger, Norman Ellsworth and E. J. McDonald.

Both teams are good and capable of excellent work. Multnomah will have to do some good work to defeat them, though the result cannot be predicted. The Commercial Club has given the Multnomah players the use of its billiard room, and Multnomah has extended the same courtesy to the Commercial Club's contestants. This has been done on account of the difference in the tables and cushions at each club.

The Commercial Club players are having a club tournament, which began yesterday. The entries are limited to 10 each for billiards and pool. Every man plays

dividual playing but team work was absent. After the game the players met and elected Beach captain of the club team that is being organized to contest with other local teams. Beach is one of the most versatile athletes of the club, being prominent in football, boxing, and wrestling as well as basketball. The team will be coached by instructor Robert Krohn, and chosen from the players of both teams, most of whom are strong, clever athletes.

Chemawa Indian School defeated decisively the second team of Multnomah Amateur Athletic Club yesterday afternoon by a score of 15 to 0. At no stage of the game did the local team have a chance of scoring, and the victory for the Indians was complete.

A cold, bleak afternoon, with symptoms of snow and sleet in the atmosphere, kept the crowd down to about 400 spectators. In the early stages of the game the only hopes of the club men lay in the prospect of their second team pulling itself together from the demoralized front it presented. As the game progressed it simmered down to the question as to whether the white boys could hold the score within reason. At the end of the first half the score stood: Chemawa 5, M. A. C. Second 0; the touchdown being scored about five minutes before time was called. In the second half no break was made by Multnomah's youngsters and another touchdown was scored four

minutes before time was called. The last few minutes was a series of disastrous punts on the part of Multnomah, with the alert aborigines always on the ball, the result being the customary fumble, this time Davis, of the Chemawa line, picking the ball out of the mud in the nick of time and planting it between the posts from the 25-yard line just as time was called. Two touchdowns in five minutes is a pretty good record.

Multnomah has no excuses to offer. Its team stacked up against too hard a proposition and that tells the whole story. Chemawa's line was too strong and their compact charges on Multnomah's left tackle too well executed to be withheld. Early in the game the Indians tried Multnomah's right side of the line, but Wilhelm, Mathews and Ward held them up in bad shape. Thereafter attention was directed against Kirkley's section. This sturdy boy withstood the raids manfully, but the constant hammering forced his withdrawal in the second half, caused by an injured shoulder. Time and again the compact mass of redskins buried Collier against the Chemawa line, picking the ball out of the mud in the nick of time and planting it between the posts from the 25-yard line just as time was called. Two touchdowns in five minutes is a pretty good record.

Multnomah has no excuses to offer. Its team stacked up against too hard a proposition and that tells the whole story. Chemawa's line was too strong and their compact charges on Multnomah's left tackle too well executed to be withheld. Early in the game the Indians tried Multnomah's right side of the line, but Wilhelm, Mathews and Ward held them up in bad shape. Thereafter attention was directed against Kirkley's section. This sturdy boy withstood the raids manfully, but the constant hammering forced his withdrawal in the second half, caused by an injured shoulder. Time and again the compact mass of redskins buried Collier against the Chemawa line, picking the ball out of the mud in the nick of time and planting it between the posts from the 25-yard line just as time was called. Two touchdowns in five minutes is a pretty good record.
