OREGON WAS VICTOR

CONTEST OCCURRED AT EUGENE

Northern Tenm Was Clearly Outclassed-Quick, Sunppy Plnying Characterized Game.

EUGENE, Or., Dec. 1.—All that proud, athletic Washington loved and cherished was taken from it this afternoon and ruefully tramped in the bitter mud of defeat by the husky young pigskin-kick-ers of the University of Oregon. The score, 43 to 0, stands for a spiendid exposition of sport, in which the visitors were clearly outclassed. By powerful line plunges and swift end runs, the Oregon boys were able to score at will, but not once during the whole 60 minutes of play did Washington menace the Web-

foot goal.

The field was dry, and swift end rushes were frequently resorted to. The Oregon team played as a unit, and was able to break up many well-meant plays of its opponents. The team work of the Uni-versity of Washington was ragged, and seldom was the ball advanced the necseldom was the ball advanced the nec-essary five yards. Caihoun, who played at fullback, made a number of sturdy plungen into the line, and the defensive work of Huntoon and Cosgrove was es-pecially noticeable. The northerners showed a weeful lack of coaching, al-though Dedge, formerly of Indiana, has been instructing them for two months. been instructing them for two months. Every man on the Oregon eleven was a star. The splendid runs of Smith, Starr and Goedrich, the halves, and Jakway's all-around work at tackie, were features of the game. Zeigler and Gorrell played the end positions faultlessly, and the linemen played like demons. Stubling, who replaced Waddell at right guard, did effective work, and Quarter-back Scott deserves a big share of the credit. Payne used the fake punt to perfection, one used the fake punt to perfection, one time charging 61 yards into his opponents'

The university town is wild with joy over the brilliant victory, and the students are justly proud of the team that has won from the State Universities of California and Washington. The players faced each other as follows:

SALEM NOT AT ITS BEST.

Football Game With Chemawa no

Indication of Tenm's Strength. SALEM, Or., Dec. 1.—The Salem-Che-nawa football game played at the Fair ounds Thanksgiving day is no indication of what the capital team will do in the contest with the Multnomahs Decem-ber 7. The contest with Chemnau was without a score on either side, while Salem should have won by 30 to 0. Five of the best men in the home team were either out of the game entirely or were on the gridiron but a few moments. Harry Young, the splendid full back and tackle and one of the heaviest men in the eleven was in the game only a few moments at the beginning. Chauncy Bishop, who plays half back and is one of the best kickers and runners on the team, did not play at all. Graham, another reliable man at tackle and Lucas, a companion for Bishop at half back, were out of the contest. Sanders, the gigantic Indian. for Bishop at half back, were out of the contest. from the start, there would have been a different story to tell. The Capital Amateur Athletic Club eleven would have broken through the Indians' line at will and would have made good runs around the end. As it was, the Salem men were light and comparatively inexperienced. They composed a sort of second team, and did not by any means represent the strength of the club. While not so intended, and not so understood, the concunted to little more than a prac-

The hero of the event was Fechter, the general secretary of the local Y. M. C. A., who played full back. He proved himself possessed of staying qualities which counted every time he got his hands on the ball. He never made a charge into the enemy's country without gaining ground, and even after he bad been brought down he would manage to crawl a few feet, and thus make an additional advance. He was the recipient of many cheers of approval. While he will not play full back in the game with Mult-nomah December 7, he is counted on for man December 7, he is counted on for prominent part in that contest. But for light build he would be one of the

est men on the team. The attendance at the game on Thanksgiving shows a disposition on the part of the people of Salem to give suitable encouragement to the Capital Amateur Athletic Club. Not much depended upon the result of the game, nor was there much prospect for a close, exciting fight for scores, yet the crowd was large and enthusiastic. When the Multnomah-Salem game shall be called, all Salem will

be present to cheer the home team in its effort to win a championship. Upon its organization the club asked no financial assistance from the people of this city. All it asked then and all it asks now is that the people show their appreciation of the club's efforts by attending every game that shall be played in this city. There is every indication that in this they will not be disappointed

ASTORIA REPUBLICAN TICKET. Nominations for Police Commission-

er Revives Old Dispute. ASFORIA, Dec. 1.—The Republican City Convention was held this morning and candidates for city officers to be voted upon at the election December 12 were

nominated as follows:
City Attorney, J. A. Aiken; Councilmen,
First Ward, A. McPinrian; Second Ward,
Fred Johnson; Third Ward, Charles God-

dard: Police Commissioner, G. O. Meen. Mr. Moen refused to accept the nomina-tion, and this attenuous the city central committee named D. H. Welch to fill the

vacancy on the ticket.

The naming of a candidate for the office of Police Commissioner by today's convention was somewhat of a surprise, as no mention of that office was made in the convention call, and it has raised a the convention call, and it has raised a question over the incumbency of the pesition that will have to be settled in the courts. The death of the late W. F. Schelbe caused a vacancy in the Police Commission that was filled a short time ago by the appointment by Mayor Bergman of G. O. Moen, and the appointment was confirmed by the Council. According to a ruling of the City Attorney, the vacancy under the provisions of the charto a ruling of the City Attorney, the va-cancy under the provisions of the char-ter cannot be filled except by appoint-ment, and the appointee serves until the excitation of Mr. Scheibe's term, on Janu-

The nomination of Mr. Welch assures his election, as he has no opposition, but it is announced that Mr. Moen will contest his right to assume the duties of the office. As the Council has not included in the election call the election of a Police Commiscall the election of a Police Commis-sioner, it is understood that mandamus proceedings will be commenced to compet the City Auditor to put Mr. Welch's name on the official ballot.

WHY CITIZENS ORGANIZED

DEFENSE OF NON-PARTISAN MOVE-MENT AT SALEM.

Former Misrule of Republicans Alleged-Point to Efficiency of Present Administration

BALEM, Dec. 1.—The friends of the Citizens Nonpartisan administration in this city take exception to the arguments of the Republicans, as stated in yesterday's correspondence. They assert that the Citizens' movement was forced upon the people by the unbusiness-like methods of the Republican administrations; that the Republicans who were disposed to economical management in city affairs tried year after year to win in the primaries, and were always defeated by the "ring." They finally decided that a non-partisan movement was the only resort to save their property from confiscation for taxes; that having adopted this method, and put in power a set of officers who have saved to the people nearly \$2.00 in two years, the people should endorse the administration by re-election or go on record as approving a return to old methods.

So far as the charge of neglecting strests and bridges is concerned. So far as the charge of neglecting

So far as the charge of neglecting streets and bridges is concerned, the friends of the Citizens' movement contend that this complaint was not heard until the campaign began, and is made now only because the Republicans can not attack the financial methods of the nenpartisan administration, and have no other argument to make.

The plex that the Republicans must be

The plea that the Republicans must be The plea that the Republicans must be kept in control of the city for the effect it will have upon National elections, is answered by calling attention to the fact that near the close of a citizens' administration, the Republican party carried the city by a much larger majority than it did four years ago, when the city was in the entire control of Republican managers.

agers.
' The Republican candidates have pledged. themselves to a continuation of the reduction of salaries. The nonpartisans say that this is simply a campaign play; that the Republicans never thought of such a reduction until the Citizens' administration accomplished it, and would not now favor it but for the fact that they are forced to do so by the record of the reform officials. During former administrations there were many charges that "graffs" upon the city treasury were allowed in favor of political friends and for political purposes, but the present administration has never been charged with such unfaithfulness in the performance of duty. Though the police expense has been reduced and the cost of electric street lighting has been cut nearly in half, the city has always been orderly and there has been a decrease of crime.

Road Improvement Is Main Issue-

Hard Fight on Mayoralty.
OREGON CITY, Dec. 1.-More interest is being taken in the election of city officials. Both candidates for Mayor have strong support, and the result of next Monday's election is still a question of

uncertainty. The position of the nomi-ness on the question of improvement of the county roads centering in the city chiefly concerns the taxpayers, who are as yet uncertain upon the position of the candidates,

Mr Harding has little to say, except that his views are heartinly in accord with his party's platform, which em-braces this subject. Mr. Dimick states that if the city will elect a harmonious Council, he will assure the city an economical administration, and will make adjustment of the project

Among the informed, it is understood that all will be redeemed, as no one familiar with the White Swan doubts that the property is worth many fold the total amount of judgments against it. Some good ore was taken from the mine when it was operated. That a good strike has been made in the South Peacock mine, in the Seven Devils district, is corroborated from sev-eral sources. Rumor has had it some time past that on the lower levels, which are now approximately 200 feet below the surface, some very rich copper ore exists. The management, which is re-markably reticent, took the pains to deny the report of a strike. A prominent Baher City man recently was brought in contact with several of the workmen in the property, all of whom said a rich discovery had been made. Much work is being done there, which would indicate that the management either has some-thing in sight, or feel confident that their

The first meeting of the Pierce County Republican Executive Committee held since the election took place Friday. The disposal of the county patronage was the principal question considered. Lists of appointees for the various county offices had been prepared, but the committee de-ferred its indorsement until investigation could be made relative to the efficiency of certain aspirants. A second meeting will be held Thursday next. The Pierce County Democratic Execu-
