found the young man breathing his last, he having succumbed to a stroke of paralysis of the heart. It is to be presumed that he died within a few minutes.

OREGON GRAND CHAPTER MEETS HERE THIS WEEK.

There will be a general reception Monday afternoon and memorial services in the evening.

The twelfth annual communication of the Grand Chapter of Oregon, Order of Eastern Star, will be held at the Sellinger-Hirsch building Monday, Tuesday and Wednesday of this week.

After an orchestra has built up a local name and fame, the thoughts of its conductor, its manager and sometimes its players, turn to travel.

HEROES WERE CHRISTIANS.

Rev. Ray Palmer Defends His Memorial Day Speech.

PORTLAND, June 8.—(To the Editor.)—In The Oregonian of the 4th inst. appeared a communication from Rev. Dr. M. M. Mosson, criticizing adversely certain expressions attributed to me in my address Memorial day at the Armory.

George Washington said: "The free cultivation of letters, the unbounded extension of commerce, the progressive refinement of manners, the growing liberality of sentiment, the manly golden eloquence fanned the flame of freedom, when our fathers could no longer endure British oppression, said: 'I am much consoled by the reflection that the religion of Christ has been attacked and vanquished by the wits and philosophers, and its triumph has been complete.'"

When the doctor declares that "the great shed the last drop of their blood for the welfare of our dear country never belonged to any Christian sect," he declares a thing he cannot prove and if it could be shown, I challenge him to prove that they were not believers in the Christian religion or were scoffing at the name of Jesus Christ.

At night this dog sleeps on a silk-covered down pillow beside his owner's bed, and he puts his paw together for a few minutes in prayer just as Lillian did," declared Mrs. Halpruner. "Then he stretches his limbs with just her motions, rolls his head from side to side, yawns, and I know that my darling's soul dwells in his body."

GIRL'S SOUL IN A PUPPY.

Singular Belief of a California Woman Recently Bereaved.

St. Louis Republic. Mrs. M. E. Halpruner, of Alameda, Cal., believes that the soul of her dead daughter, Lillian May Halpruner, dwells in the body of a little spitz dog she possesses.

"I treat the dog as I would my own child," says the mother with confident assurance, "and she gives reasons for her faith. A year ago, on her daughter's birthday, she had been told a snow-white spitz pup was to be given her by a neighbor. The white puppy ran away from Mrs. Halpruner. It is said that out of Mrs. Halpruner's hand a golden-haired puppy.

"At once I saw my daughter's features, duplicated by the dog, and believe in reincarnation that I am, I know Lillian's soul had come back to be near me. The soul of my daughter entered the body of my golden spitz dog, Earl of Goshawk, and I treat him as I would my child."

Invitations have been issued for a ball and supper to be given on Friday evening, June 14, by the guild of St. Andrew's church. It is the intention of the guild to give these parties occasionally during the summer, and so far they have been among the successful social events of the year.

Miss Minnie Jones, a leader among the younger set who was to have been married Monday last to E. H. Brown, of Moscow, Idaho, was taken suddenly ill the night before the wedding, and has been in a serious condition since. On this account the wedding has been indefinitely postponed.

Women as Theatrical Censors. Nineteenth Century. It is certain that the time has come when women have both the ability and the power to act as the natural and most efficient censor of the theater; if they choose to boycott objectionable plays, these plays would become impossible instead of being the phenomenally successful things they are.

What sort of plays please the modern girl? What of the great theatrical bits of the last few seasons, and what of the crowd of women and girls who have patronized and made them paying ventures? It ought to be one of the purposes of the social reformer to complain that the stage deals with the sad and perplexing problems which follow on the sins and weaknesses of men and women, especially on those which arise from the relations between men and women. The stage must not taboo the subject any more than must the pulpit, if it is ever to be the teacher of moral and social righteousness, which it ought to be and might be.

The social reformer has a right to complain of the way in which the stage too often treats these questions. Vice is glossed over by "humorous" situations, or tricked out in a false sentimentality; men, and especially women, are continually represented
