THREE STRAIGHT SO FAR

TACOMA BATTERS CAN'T CONNECT WITH THE BALL.

One Run Was the Best They Could Do in Third Game—Spokane Defeats Seattle.

When the rain commenced to patter down on the baseball diamond yesterday afternoon in the fifth inning the Webfoot nine had scored only one run, while the Tacomas were still fondly hoping that their turn would come next. But it did not. The gentle mist favored the Oregon players. While the red-stockinged men were shuddering in the outfield and dodging the raindrops in the infield, the Portland bats were getting in the way of St. Vrain's drops and curves and landing on the wet and soggy sphere, until at the end of the game five runs had been scored and the diamond scarred by nine base hits. Tacoma mustered up only enough energy to force one man across the muddy plate. The chief trouble of the Tacoma nine was their inability to connect with Engel's delivery when hits were needed. The favorite time for a Tacoma man to swing his bat for a hit was when there were two men out, and the cutest trick of the next men up was to give the baserunner the horse-laugh by sending skyscrapers out to the alert Portland fielders.

Umpire McDermott did not make his appearance on his favorite stamping-grounds, whereat the crowd wondered greatly. In his place appeared, according to the rules, one player chosen from each team, who were Pitchers Carter and Sallsbury. They did their work well—so well, in fact, that the side that roared was usually the one to which the umpire himself belonged.

There were great doings in the fifth, when Portland scored the first run. Brown prevailed upon St. Vrain's charity for a walk to first. He was advanced to third by a single of Tinker's. Tinker then went out at second on Weed's grounder to McIntyre. Weed stole second, and on the throw down attempted to score, but was thrown out by McIntyre at the home plate. Then Deisel sent a nice, easy one to McCloskey, and the great first-baseman fell down, fumbling the ball and making a slow throw to the plate, too late to catch the speedy Weed.

Two soggy runs were forced over the plate in the sixth. Mahaffey started out with a clean hit. He was sent to second on Engel's sacrifice. Muller walked to first. Vigneux's out sent them both a base nearer home. Then Anderson's timely two-bagger came, and both crossed the plate. Brown flew out and left Anderson waiting and watching at second.

McCloskey led his team in deeds of valor in the seventh by working Engel for a base on balls. He went out at second on Shelton's grounder to Anderson, a double play almost resulting. Menefee's base on balls sent Shelton to second. Flannery's hit gave him the sprint to third. He scored on the run-in after St. Vrain's long fly to Brown.

This was Tacoma's only burst toward cutting off the three straight that Portland was rolling up.

In the ninth Tinker, just for fun, sent a ball whizzing to third. The honor of scoring the run in the seventh had been too much for Shelton's nerves. He did not cling to the muddy ball with the tenacity of a player regarding the chance like money just arrived from home. He juggled the ball like an artistic circus performer and then broke John McCloskey's heart by throwing the ball away over his head. Tinker sprinted over the bases in record-breaking form and came in an easy winner. Weed touched up St. Vrain for a hit and took third on Zearfoss' wild throw to second when he was stealing that bag. Deisel fanned Zearfoss' heated brow with three swats, and then Mahaffey did the work by popping up a long fly to center, on the run-in of which Weed crossed the plate. Engel boosted up his batting average by a fine two-base hit, but died at second on Muller's out. McIntyre to McCloskey.

Two thousand spectators were present. The score:

UMPIRE McDERMOTT RESIGNS.

When President Lucas Refused to Suspend McCarthy He Grew Sore.

Umpire Sandy McDermott has resigned. And all because McCarthy called him a "lobster." Many of the players and fans are rejoicing. "Trilby" Rankin will umpire today's game. McDermott has been an unpopular umpire, and many of his decisions have not met the approval of the players or the spectators in the grandstand, although the conservative element has always supported him as a conscientious official.

The trouble of which his resignation is the outcome arose on the diamond Friday. Sammie Vigneux was running down to second on Anderson's grounder to Shortstop McCarthy, of Tacoma. McCarthy dove for the ball, got it and slid to the base tapping it, if anything in time to retire Vigneux. McDermott called him safe. McCarthy expostulated loudly. He was promptly fined $5.

After the game, McCarthy walked up to McDermott and said: "McDermott, does that fine of mine stick?"

"Sure," answered McDermott.

"Then you're a lobster," remonstrated McCarthy.

McDermott replied if anything more vigorously.

Then he went to President Lucas, who was standing near, with his troubles, and asked him to suspend McCarthy. Lucas refused. The result was that McDermott became miffed, and failed to appear on the diamond for yesterday's game. Pitchers Carter and Salisbury did the umpiring, to the satisfaction of the crowd. Last evening it became known that McDermott had handed in his resignation, and that "Trilby" Rankin, the popular local umpire, had been engaged for today's game.

Baseball Notes.

J. C. Hewitt, Councilman, of Tacoma, and president of the Tacoma Baseball Club, arrived in Portland last evening to attend today's game, with the hopes of being a mascot for his team.

Manager John Grim, of the Portland Baseball Club, desires to thank the unknown donor of the handsome National flag and the club emblem in the club colors, blue and white, that were presented to the club last Wednesday.

SPOKANE TOOK THIRD GAME.

Sent Six Runs Across in the Fourth and Won Out, 13 to 7.

SEATTLE, Wash., June 8.—Spokane again won from Seattle today in the third game of the series, the score being 13 to 7. Rockenfield, Seattle's star second baseman, who has been ill for several days, was again in the game. Hallowell, who was in the box for Seattle, showed poor control, giving six bases on balls, three of which were in the fourth inning, in which Spokane scored six times. Bottenus, of Spokane, and Hurley of Seattle, had some words on the field, and were ruled off by the umpire. The score:

Chicago	5	12	4	Philadelphia	4	5	1

Batteries—Taylor and Kling; White, Orth and McFarland. Umpire, Dwyer.

Cincinnati Beat New York.

CINCINNATI, June 8.—Matthewson was an easy mark for the locals during the early innings of today's game. Bunched hits in the fourth and fifth innings put New York out of the hunt. Hahn pitched a splendid game. Attendance, 10,084. Score:

	R.	H.	E.		R.	H.	E.
Cincinnati	6	9	1	New York	4	11	2

Batteries—Hahn and Bergen; Matthewson and Warner. Umpire, Emslie.

Brooklyn Beats Pittsburg.

PITTSBURG, June 8.—Pittsburg could not hit Kitson, and Brooklyn outplayed the home team at every point. Brooklyn's errors were not costly. Attendance, 6900. Score.

COLLEGE BASEBALL.

Princeton Defeated Yale by Heavy Stick Work.

PRINCETON, N. J., June 8.—Princeton today wiped out the defeat administered by Yale at New Haven a week ago. By heavy stick work today Princeton defeated the sons of Eli by a score of 15 to 5. The game was loosely played, though there were several brilliant plays. Sharpe, Yale's first baseman, played a star game, and Pitcher Underhill, for Princeton, was very strong in the box. The score:

	1	2	3	4	5	6	7	8	9	R	H	E
Yale	0	0	0	0	2	1	0	0	2	—5	5	4

Yale-Columbia Tennis.

NEW HAVEN, Conn., June 8.—In the tennis match between Yale and Columbia teams, played on the grounds of the New Haven Lawn Tennis Club today, the morning play in single resulted in four victories for Yale and one for Columbia. At the afternoon games the doubles were the principal events, and Yale took both matches in hollow style. The scores were: Childs and Galpin (Yale) defeated White and Cushing (Columbia), 6-1, 6-1, 6-4. Plummer and Russell (Yale) defeated Mahon and Thurber (Columbia), 6-3, 4-6, 9-7, 6-3.

Won by McEachern.

PHILADELPHIA, June 8.—At the bicycle race at Woodside Park today the principal attraction was a 30-mile motor-paced race between Jimmy Michael, Burns Pierce and Archie McEachern. The race, which was hotly contested, was won by Pierce in 48 minutes, 56 seconds. Michael finished second in 49 minutes, 4 2-5 seconds.

McMinnville Beat Chemawa.

M'MINNVILLE, June 8.—The baseball game here today between McMinnville and Chemawa was won by the home team. Score, 12 to 8.

FIELD-DAY AT CORVALLIS.

Heston Broke Intercollegiate Two-Mile Bicycle Record.

CORVALLIS, Or., June 8.—On a quarter of a mile track on the college campus yesterday afternoon the intercollegiate two-mile bicycle record of Oregon was broken by Heston, a freshman at the Oregon Agricultural College. His time was 5:03, the intercollegiate record being 5:17. In the same contest, L. Burnough threw the discus 102 feet, as against the 106 feet thrown at Portland in the Eugene-Multnomah field meet recently.

The contest yesterday was a local field meet among the Agricultural College students. Prizes were offered as follows by the college department of physical education, of which Professor Patterson is the head: Gold medal for greatest aggregate of points by any athlete in the various contests; silver medal, second; bronze medal, third; pair enameled Indians clubs fourth, and three other prizes. Forty students were in training, and 35 of them contested. Great interest was taken in the meet, both at the college and in town.

L. Burnough won the gold medal with five first and one third place, making a score of 26 points, as follows: Firsts, shot put, 35 feet; high jump, 5½ feet; hammer, 109 feet; 220-yard dash, 24 3-5 seconds; discus, 102 feet; third in broad jump. The silver medal was won by Harold Woodcock, with three firsts and two seconds; score, 21. The bronze medal was taken by George Cathey, with two first, two seconds and a third; score, 17. Fourth place was taken by Roy Howard, with first place in the mile and first in the half.

The athletic committee of the faculty at a meeting last night voted a monogram to the winner of each first place.

Broken Record Promised.

NEW YORK, June 8.—Horsemen familiar with conditions on the Metropolitan circuit are looking forward to a broken record in the running of the Suburban Handicap, next week, and one of the most recent justifications for this belief is the latest performance of one of the most prominent candidates, Perry Belmont's Ethelbert. Over the course of the Coney Island Jockey Club, at Sheepshead Bay, he worked the fastest trial ever shown for a Suburban Handicap, running the mile and a quarter in 2:06, and his boy was pulling him up all through the last furlong. Horsemen who witnessed the work say it was the best private performance seen in years.

Races on the Clyde.

ROTHESAY, Firth of Clyde, June 8.—There was little wind for the second day's yacht races of the Glasgow exhibition regatta. The competitors and course were the same as yesterday. In the contest between the big yachts, the Shamrock I won the prize for the first yacht home, sailing the course in 6 hours, 32 minutes, 38 seconds. The Kariad won on time allowance, in 6 hours, 35 minutes, 18 seconds. The smaller yachts sailed only once around the quadrangular course, the Tutty's time being 4 hours, 42 minutes, 16 seconds. Charles P. Herreshoff's Nevada was next at the finish, in 4 hours, 47 minutes, 8 seconds.

Will Compete in Henley Regatta.

PHILADELPHIA, June 8.—The University of Pennsylvania crew sailed for Liverpool on the Waesland, to compete in the Henley regatta for the Grand Challenge cup, July 3 to July 5 inclusive. The Pennsylvania party consisted of 13—eight 'varsity oarsmen, coxswain, two substitutes, Coach Ellis Ward and Graduate Manager Reginald Hart. The trip will cost the Pennsylvania rowing authorities over $5000, all of which was raised by voluntary subscription.

The Commoner Sold.

LEXINGTON, Ky., June 8.—The Commoner, by Hanover, dam Magarine, by Algerine, formerly the property of William Wallace, has been sold to General W. H. Jackson, of the Belle Meade stud, Tennessee, for $15,000. The Commoner sold last Fall at auction here to Baker Bros., Kinzea Stone and J. B. Ewing for $5025.

Fire at Dallas, Texas.

DALLAS, Tex., June 8.—Fire here today destroyed property worth nearly $80,000. The principal losses are: Hamilton Paint & Glass Company, $50,000, insured for $25,000; Thomas & Ellis Furniture Company, damage estimated at $10,000, insurance, $5000; Rick Furniture Company, damage, $10,000; A. P. Black, wall paper, etc., damage, $5000, insurance full; Devoe's studio, $5000, insured; Guy Sumpter, two buildings, loss $16,000, insurance $8000; miscellaneous losses estimated at $1000, and small insurance.

The fire started in the oil department of the Hamilton Paint & Glass Company by an employe stepping on a match on the floor and igniting it.

HOW TO FIND OUT.

Fill a bottle or common glass with your water and let it stand 24 hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney and bladder remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50-cent and $1 sizes.

You may have a sample bottle of Swamp-Root and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention that you read this generous offer in The Portland Sunday Oregonian.

BALMY SUMMER THE SEASON FOR TREATING DISEASE

What Summer Means In the Cure of Catarrh

There are contracted during the periods of Fall, Winter and Spring those catarrhal conditions of the head and throat and other parts that are engaged in carrying air to the lungs. The changeable weather, the cold spells followed by warm periods with thaws and dampness, together with a necessity during the cold weather of living indoors with the house shut up and often overheated, the impure air of closed buildings, all tend to the development of disease of those parts which carry the air to the lungs and to the ears. Not only does the inclemency of Spring, Fall and Winter produce such diseases, but the same causes that produce the diseases also interfere with the efforts of the doctor to cure them. During the Summer months things are different. The climate is warmer, the high winds loaded with dusty particles that irritate diseased parts that carry the air are absent; there is plenty of fresh air, as the house is kept open, and this, together with outdoor life, so improves the general health that Nature is able to improve all those diseases that attack the breathing tracts and ears. Thus, in the treatment of all catarrhal disease, that which has been frequently urged is true, namely, that one month of treatment during the Summer, when the liability to catching cold is reduced to the minimum and Nature lends her aid to the physician, is worth two months of the most skillful and conscientious treatment during Winter.

Opportunities of Summer to the Deaf

It has been seen, even during the inclement and unfriendly influence of the severe Winter weather, and the changeable weather of Spring and Fall, how this treatment, even against the influences of the climate and weather, restores the lost hearing to those of all ages, and regardless of the original cause. As is well known, in Southern climates deafness is not nearly so prevalent as in the North. The reason for this is that in a mild climate the inflammation which closes the Eustachian Tube, thus causing deafness, is subdued more easily. So, from now on Dr. Copeland's treatment will have the wonderful benefits of Nature's help, instead of the trying influences of her opposition, as it has had during the harsh Winter and Spring months. During the Winter and early Spring the influence of the wonderful medication finds constant opposition to its work in opening up the inflamed and exposed passages leading from the throat to the inner ear. Hence, one month of treatment during the Summer is worth at least two months in the Winter.

CATARRH, HEAD NOISES AND RHEUMATISM CURED BY THE COPELAND TREATMENT

Mr. B. Pederson, residing at 731 Wilson street, Portland, and employed at the Northern Pacific mills: "When I began treatment at the Copeland Institute I was a complete wreck. I had not done a day's work in 10 weeks, and my condition was getting more serious every day.

"I was tortured and crippled by rheumatism. The pain was intense, and I could not get about without suffering terribly.

"I also suffered from a severe catarrh of head and throat. My nose was stopped up, so much so that I breathed through my mouth. There was a continuous discharge and dropping into the throat, causing hawking and spitting.

"My ears were filled with noises like the rushing of a river. This noise kept me from sleeping at night and during the day is was terribly annoying. It seemed to shut out all natural sound, making it difficult for me to understand conversation or the ordinary sounds of life.

"Upon the advice of friends, who had been cured at the Copeland Institute of similar troubles, I began treatment. After the first week I could see an improvement. I got better every day, and in a couple of weeks was back at work, and have not missed a day since. Now I am enjoying better health than in years. I have no pain, my hearing is as keen and perfect as at any time in my life, and the distracting noises have entirely disappeared.

"I feel very grateful to the Copeland doctors, and this is why I make this statement."

Treatment That Cures Stomach Disease, Catarrh and Deafness

Mr. E. M. Foudray, residing at 362 East Davis street, Portland, and employed by the Gratton & Knight Manufacturing Company: My trouble came on about two years ago, and soon developed into a bad case of catarrh, affecting the head, throat, ears and stomach. In fact, the entire system seemed affected, and my general health failed rapidly.

I had headache the entire time, and my nose was so stopped up I could scarcely breathe through it. The throat was dry and raw, and when I had a little cold the tonsils would swell and become inflamed. I had an aggravating morning cough and tickling in the throat. My sense of taste and smell were entirely lost.

I soon began to have ringing and buzzing noises in the ears, and my hearing grew dull. When I began treatment at the Copeland Institute **people had to speak very loud to me before I could understand what was said.**

My stomach got in such a condition that I could scarcely eat the most digestible foods. I had no appetite. I tried to tempt it in every way, but could not eat. My stomach felt sore and inflamed. At times everything would be rejected by the stomach, and I suffered with heartburn, belching, etc.

I could not sleep at night or work in the day, and was making arrangements to quit, for the struggle was getting too hard. My friends knew of my condition, and upon their advice I began treatment at the Copeland Institute. I am thankful I did, for I was soon improving, and now feel better than I have in years. I eat and sleep well and have no more headache. The ringing and buzzing is gone, and my hearing is perfect; also my smell and taste. My strength came back, and I can do my work easily. **From my own personal experience I can heartily recommend the Copeland treatment to all who suffer as I did.**
