PERSONALS.

I AM AN OLD, WHITE-HAIRED PHYSIcian; I have studied in the best medical colleges in the world; am licensed to practice under many governments. For over a quarter of a certury I have been searching for a certain, permanent cure for nervouse exhaustion, physical decline, mental weakness, brain fag, and all forms of nervousness. I have traveled extensively in many lands and varied climes; among all peoples, and ransacked the globe to find the beat treatment for these weaknesses. I have discovered important life-sustaining principles. In London I had an opportunity to study English hospital methods. In Paris I visited, in company of a city physician, places where NER-VOUS PROSTRATION is made to order, and I ascertained the most effective treatment in that hothed of vice for the cure of wrecked manhood and wrecked womanhood. In Old Mexico, I had the good fortune of learning many secrets of ancient medical lere. I have studied and studied; I have investigated and investigated; I have movined hard, early and late, at home and abroad, in behalf of sufering humanity. Few physicians have had equal opportunities. Few physicians have had examest and indefatigable in their methods of original research. I have worked for the people, I have learned how to cure their mainailes. I am willing to help all who want my help. I do not want a fortune for my services. All I require is a fair compensation for the services I render. I doctor thousands of people, and a small fee from each one gives me all the income I want or have any use for. My mission is not a mercenary one, it is to do good whenever and wherever I can. All are welcome to my advice, and none will be turned away because they are not millionaires. You may write to me, and I will give you comfort. Address ALFRED L. COLE, M. D., 163 State st., Chi-
