BATH FUND IS GROWING

RECENT PLEDGES HAVE SWELLED THE TOTAL TO \$3402.

Porch Party Tomorrow Night for the Benefit of This Worthy Undertaking.

After lagging for a few days, the free swimming bath fund has taken new life and is now bounding forward in a way that assures success. The sum of \$123.63 was reported to The Oregonian yesterday, making the total collected so far \$3402. The subscription list now is:

Mrs. R. P. Burrell	50 00
Mrs. A. E. Butterfield	25 00
From a social given at Grimes' Hall, at Seaside	25 00
Portland Turn Verein	25 00
Peter Grant	5 00
F. H. Hopkins	5 00
A. S. Rosenthal	2 50
W. Zellfuchs	2 50
A. W. Lambert	2 00
Morris Jones	1 00
J. K. Gaither, La Center, Wash.	1 00
Cash	1 00
Total	\$3402 00

So many pledges have been given on condition that the amount be raised within a specified time that there is danger of the set sums becoming unavailable unless all the money is raised without further delay. It is pleasing to note that though subscriptions have been arriving

somewhat slowly for a few days, a number of the boys and girls of Portland will materially aid the fund by giving porch parties.

These porch parties are meant for warm weather, when a glass of cold lemonade or a plate of ice cream and a piece of cake served by jaunty little girls and boys at their homes is a welcome and enjoyable refreshment. In Eastern cities, as recently told in The Oregonian, these parties have been a great success, and thousands of dollars have been raised in this way to send poor city children to the seaside during the hot spell. In many cases, gifts of ice cream, cake, lemons and sugar have been made by the proprietors of stores to children to enable them to have something to sell at their parties. In other cases, relatives of children have given them money to buy the refreshments. Sometimes the children residing on one block have clubbed together and held their porch party on the largest veranda in the block, and aunts and uncles have willingly paid double the usual price for refreshments served by a favorite niece or nephew. The verandas can be decked with willow flowers and Chinese lanterns, and girls who can play guitars and banjos can add music to the entertainment.

The first girls' porch party in Portland for the free swimming bath for boys and girls will be held tomorrow (Monday) night, by Miss Lillie Brown, at 22 North Eleventh street, corner of Burnside. Ice cream will be served at 10 cents a plate. The porch will be decorated with Chinese lanterns. Who will be the next girl or boy in Portland to hold a porch party for the bath fund? From \$10 to \$50 can be raised by these parties, and boys and girls should organize in different sections of the city, under the di-

rection of their parents, and lend a hand in the good work.

It should be remembered that the swimming bath is for boys as well as girls. The impression has been created that the bath-house will be for boys only. This is incorrect. The bath-house will be open a certain number of hours for boys, and after the boys leave girls will be admitted and taught to swim. There may probably be hours arranged when adults will be admitted and taught. It is to be regretted that so many women with incomes of their own have not yet contributed to the fund. Now that it is made clear that girls are to be received into the bath-house, why cannot a number of women send in their subscriptions to aid in the work of making little women clean, healthy, and strong?

A lady who at present declines to give her name authorizes The Oregonian to say that she is making arrangements for an entertainment in the Marquam Theater for the swimming bath fund, and that the particulars will be announced later.

In sending the subscription of \$25 from the Portland Social Turn Verein, F. J. Slemmon, the secretary, writes as follows: "At the last regular meeting of the Portland Social Turn Verein it was unanimously voted to contribute the sum of \$25 to the fund for the free swimming bath. We hope that other German societies will follow our example."

Troops at Railway Stations. COLON, Aug. 17.—The Governor has established military posts at all the stations along the line of the Panama Railroad as a protection against rebel attacks. Nothing was heard of the rebels yesterday. A certain degree of confidence

has been restored along the railroad line, owing to the presence of the troops. The French cruiser Suchet is coaling at the railroad wharf. Several of her officers went to Panama today on an excursion trip.
