Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What the World-Famous Discovery, SWAMP-ROOT, Will Do for YOU, Every Reader of The Oregonian May Have a Sample Bottle Free.

Reporters Have Convincing Interviews With Prominent People Regarding Wonderful Cures by SWAMP-ROOT.

65TH POLICE PRECINCT, GREATER NEW YORK, Oct. 11, 1900.

Dr. Kilmer & Co., Binghamton, N. Y.: Gentlemen—In justice to you, I feel it is my duty to send you an acknowledgment of the receipt of the sample bottle of Swamp-Root you so kindly sent me. I had been out of health for the past five years with kidney and bladder trouble. Had our best physicians prescribe for me. They would relieve me for the time being, but the old complaint would in a short time return again. I sent for a sample bottle of Swamp-Root, and I found it did me a world of good. Since then I have taken eight small bottles bought at my drug store, and I consider myself permanently cured. It seemed as though my back would break in two after stooping down. I do not have to get up during the night to urinate, as I formerly did three or four times a night, but now sleep the sleep of peace. My back is all right again, and in every way I am a new man. Two of my brother officers are still using Swamp-Root. They, like myself, cannot say too much in praise of it. It is a boon to mankind. We recommend it to all humanity who are suffering from any kidney, liver or bladder troubles.

My brother officers (whose signatures accompany this letter), as well as myself, thank you for the blessing you have brought to the human race in the compounding of Swamp-Root. We remain, Yours very truly, Officers of the 65th Police Precinct, Greater New York.

JAMES COOK, 65th Precinct. (HUGH E. BOYLE, JOHN J. BOYKIN.

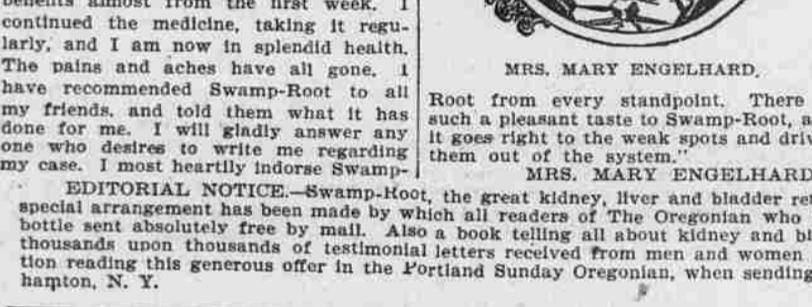

DIDN'T KNOW SHE HAD KIDNEY TROUBLE.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

"You have no idea how well I feel. I am satisfied that I do not need any more medicine, as I am in as good health as I ever was in my life." So says Mrs. Mary Engelhard, of 235 Madison street, St. Louis, Mo., to a reporter of the St. Louis Globe-Democrat.

"For more than 10 years I have suffered with what the doctors termed female trouble; also heart trouble, with swelling of the feet and limbs. Last Summer I felt so badly that I thought I had not long to live. I consulted doctor after doctor and took their medicines, but felt no better. The physicians told me my kidneys were not affected, but I felt sure that they were the cause of my trouble. A friend recommended me to try Dr. Kilmer's Swamp-Root, and I must say I derived immense benefits almost from the first week. I continued the medicine, taking it regularly, and I am now in splendid health. The pains and aches have all gone. I have recommended Swamp-Root to all my friends, and told them what it has done for me. I will gladly answer any one who writes to me regarding my case. I most heartily endorse Swamp-Root."

EDITORIAL NOTICE—Swamp-Root, the great kidney, liver and bladder remedy, special arrangement has been made by which all readers of The Oregonian who have not already tried it may have a sample bottle sent absolutely free by mail. Also a book telling all about kidney and bladder troubles and containing many of the thousands upon thousands of testimonial letters received from men and women cured by Swamp-Root. most of the recruits yield, and soon form the beer habit. Besides the more favorable climatic conditions prevailing on this side of the mountains, the "private" standard point this section is entitled to the State Fair. Three-fourths of Oregon lies east of the Cascade Mountains, and one-half from the state are private residences. It is known as the Inland Empire. True, the population east of the Cascade Range is not so great as it is to the west, but at the present rate of settlement it will be a few years when the Cascade Mountains will divide the population center of the state. All things considered the State Fair should be brought to Eastern Oregon, and it will be if the people will stand together and urge the revival at the next session of the Legislature.

Can it be wondered that he is called great, when his words are all private remedies, and help so many sick and suffering people? Many others told that an operation was the only way to cure them, yet their lives were saved without the great suffering of an operation. Cured by these powerful Chinese herbs, roots, buds, barks and vegetables, that are entirely unknown to medical science in this country. Through the use of these harmless remedies he treats any and all diseases of men, women and children. This famous doctor has cured over 500 different remedies that he has succeeded in curing in different diseases. He guarantees to cure catarrh, asthma, lung troubles, rheumatism, nervousness, stomach, liver, kidney, female trouble, lost manhood and all private diseases. Read following testimonials. He has hundreds more at his office.

Thomas Walsh, 70th and Everett streets, city, cured of stomach trouble two years ago. C. A. Blakely, 257 Washington street, room 6, cured of kidney, liver, stomach trouble and eczema of five years' standing. Edward Lawler, 509 Flanders street, cured of asthma after many years' suffering.

Mrs. Fanny Smith, Mount Baker, cured of indigestion and female weakness. Read following testimonials. He has hundreds more at his office. Ever since the State Fair was inaugurated in Oregon its meetings have been held at Salem, and for a generation past it is safe to say that not more than one year in five have the weather conditions at Salem been favorable for outdoor exercises conducive to the comfort of the visitors. This year, with the exception of one day, the weather during the State Fair was decidedly disagreeable. Visitors were compelled to spend their way through mud and rain in order to view the exhibits, which were the best ever shown in the state, but owing to the continuous rain thousands of people were prevented from attending, and those who were there had anything but an enjoyable time.

Then why not bring the State Fair to some point in Eastern Oregon, where good weather is always assured during the months of September and October. Besides the more favorable climatic conditions prevailing on this side of the mountains, the "private" standard point this section is entitled to the State Fair. Three-fourths of Oregon lies east of the Cascade Mountains, and one-half from the state are private residences. It is known as the Inland Empire. ONLY THE MASTERS WORK SUCH CURES

Doctor Copeland Asks That His Friends Call On or Write Those Who Testify That They Have Been Cured, and Investigate for Themselves.

The Copeland Specialists never in any statement published by them attempt to frighten or delude the people who may be suffering from any chronic disease. Frequently, however, by their warnings and instructions, they have saved great suffering and loss of life.

Repeatedly during the past ten years have the Copeland Physicians issued warnings through the public press upon the startling prevalence of Catarrhal conditions and the evils resulting therefrom. The Copeland Physicians have cured thousands suffering from all forms of Chronic Diseases. In fact, they have been public benefactors because they have placed their incomparable treatment and medicine within the reach of the rich and poor alike. They are now giving their time, treatment and medicines in every case, no matter what your disease, for \$5.00 per month.

Don't be distressed by big fees of medical sharks. Copeland Specialists are the masters that cure. CATARRH CURED. HEAD NOISES CURED. HEARING RESTORED.

Mr. T. J. McClure, Mosier, Wasco County, Oregon, was badly afflicted with catarrh for a number of years, the result of which was to destroy his hearing. He was greatly worried over his condition, as he feared his case was a hopeless one. In speaking of the result of his treatment at the Copeland Institute he said: "The outcome of my treatment at the Copeland Institute is very gratifying to me. I suffered with catarrh of head and throat for several years. I had All the Symptoms which are so generally complained of by those afflicted with this disease—stopping up of the nostrils, dropping of mucus, tickling in throat, hacking cough, etc. Every change in the weather gave me cold, accompanied by ringing and buzzing in the ears, and I would be unable to hear distinctly. Gradually these noises became more constant and annoying, often changing to a roaring and popping, and my hearing became impaired. It was very difficult for me to distinguish sounds or conversation. It grew worse right along, and I feared I would soon be Entirely Deaf.

Upon the advice of a friend in The Dalles, I began treatment at the Copeland Institute. I improved from the start, and, after a few months' treatment, I am Thoroughly Cured. I bear as well as I ever did, the catarrh has been cured and the head noises relieved. I can heartily recommend the Copeland treatment to all sufferers, and will gladly answer any letters or inquiries.

DISCHARGING EARS CURED. Mrs. M. Douthit, postoffice address, Portland: "Last year I took a course of treatment at the Copeland Institute for catarrh, complicated with deafness and a chronic discharge from the ears. The ears were dry and scaly, and itched so they nearly drove me crazy. I could not hear the clock tick or follow conversation, and there was a constant buzzing and roaring. At the end of my course I heard as well as I ever did, and my ears were entirely healed. Money could not repay me for the enjoyment I have had out of life since my cure."

CATARRH IN CHILDREN. Mrs. Irma P. Cox, 567 Market street, Portland: "My little boy, Edward, aged 6, suffered from catarrhal trouble, which threatened to entirely destroy his hearing and ruin his health. His nose was so stopped up that he could not breathe through it. His tonsils were greatly enlarged and his throat dry. He was cross in the day and restless at night. Dr. Copeland and Montgomery cured him."

HOME TREATMENT. If you cannot visit the office, mark the following list of symptoms, mail them to Dr. Copeland, and he will give you a full and complete diagnosis of your case free of charge: "Is your nose stopped up?" "Do you sleep with mouth wide open?" "Is there pain in front of head?" "Is your throat dry or sore?" "Have you a bad taste mornings?" "Do you cough?" "Do you cough worse at night?" "Is your tongue coated?" "Is your appetite falling?" "Is there pain after eating?" "Are you light-headed?" "When you get up suddenly are you dizzy?" "Do you have hot flashes?" "Do you have liver marks?" "Do you have kidney troubles?" "Do you have pain in back or under shoulder-blades?" "Do you wake up tired and out of sorts?" "Is your strength falling?"

CATARRH OF HEAD AND STOMACH CURED. Mrs. E. M. Knight, St. Johns, Portland: "When I began treatment with Dr. Copeland and Montgomery I was a very sick woman. The stomach seemed to have lost all power to digest food properly. Everything I ate seemed to turn to gas, causing bloating, heart palpitation and smothering spells. I had no appetite, and had lost 18 pounds. Now I am as well as I ever was in my life, the result of my treatment at the Copeland Institute.

Mr. E. M. Foudry, residing at 302 East Davis street, and employed by the Gaston & Knight Manufacturing Company: "Before my treatment at the Copeland Institute, my health was very bad, the effects of catarrh. My head and throat were in bad shape—amell and taste gone, and hearing greatly impaired. I also had catarrh of the head and throat, being troubled with stopping-up of the nostrils and a discharge and drooping into the throat. When I quit the treatment I was fully restored to perfect health.

It is a crime to experiment with the health of the people," says Dr. J. Henri Kessler, manager of the Old St. Louis Dispensary at Portland. "If I did not know positively and also lately that my new home treatment will cure all diseases of men, even when all other methods of treatment fail, I would consider it was committing a crime to make such a statement to the public. Nothing is so precious to a man as his health—nothing so horrible as an insane asylum or the grave. Little else, if not promptly cured, often result in obstinate chronic diseases. I know that my new discovery is the most marvelous treatment ever known, and I intend to give its benefit to the world. I intend that every man, woman and child who comes for treatment shall have it. I propose to tell the sick, absolutely free of charge, if they may be restored to perfect health, I would rather be a benefactor to the sick man than to have the wealth of Croesus."

The above are remarkable words, but those who know Dr. Kessler, and have tried his treatment, can vouch for their absolute truthfulness. He restores the wasted power of sexual manhood. He also cures to stay cured VARICOSE, STRICTURE, SYPHILITIC BLOOD POISON, NERVO-SEXUAL DEBILITY and all associate diseases and weaknesses of man. To these maladies alone he has earnestly devoted 25 of the best years of his life. He makes no charge for private consultation, and gives each patient a legal contract in writing to hold for his promise. Is it not worth your while to investigate a cure that has made life anew to multitudes of men? If you cannot call at his office, write him your symptoms fully.
