Reading Glasses

Another Thanksgiving day will soon be here. Already plans are maturing in many homes to celebrate it with family and friendly reunions and merry makings that have come to be a part of this great American holiday. Such occasions bring added needs of kitchen and dining-room equipments, which can be bought to the best advantage by coming to us. To say that this store is headquarters in these lines is no idle boast. Quality is our keynote, and it's backed by lowest prices always. This week many of these low prices will be replaced by still lower quotations. Buy while you can at such a decided advantage. There's money in it.

Thanksgiving Table Linens

land's people will show their thankfulness most heartily. We have discounted all the signs of the times and arranged for the GREATEST SALE OF TABLE LINENS ever attempted in the Lewis and Clark country. It will be an occasion that all the linen buyers of our city will class among the big blessings of the year. No such bargains have ever before been given in Portland, and its equal will not occur again. We make this statement advisedly and ask all to put us to the proof.

As to Quantity

This store is the linen headquarters of Oregon. Its stock is at all times the largest and best in the State. For this sale if has been very much increased over that of any other time. Customers will find it easy

As to Quality

We are direct representatives for RICHARDSON'S FAMOUS IRISH LINENS. Five generations of this celebrated Quaker family have, for more than are hundred years, been making the best linens in the world For these five lifetimes all the cumulative skill of these people has been directed toward improved linen-making. Every facility afforded by the largest lines plant in the world is drawn upon in producing their goods. Our linens have a definite parentage. There is no question as to their

As to Price

Our usual prices have always been lower than others, not only because these linens come direct from the factory to us, but also because the Richardsons are the most economic linen-makers in the world. Every one of the many intricate processes necessary to linen-making, from the raw flax to the final finishing, is performed in their own plant. There are no other Portland advertised linens that do not pay at least two profits to middlemen manufacturers. We will sell during this sale all table linens at less than other stores pay for their goods.

Make a list of all your linen needs, both for present and future use. The big bargains will pay you better than any other investment of the money, and the goods will not deteriorate in quality or be destroyed by moths. Remember, all our table damasks by the yard; all our napkins, all our single cloths and all our matched sets of cloth and napkins are included in this, the greatest of all linen sales. Here are a few quotations as samples of what we offer:

LAND WITH A BIG TOY SALE Ours is not a spasmodic toy store; it's well stocked the year through. At this season it becomes a regular Noah's Ark, where Santa Claus is unpacking all sorts of wonderful toys and games. Toy-buying is usually delayed until the last Christmas rush. To encourage early buying we will hold A SPECIAL INTRO-DUCTORY SALE this week. You can have ample room and time for making selections now, and it will save you much worry later. There's great advantage in having the first pick from a toy stock like this. Bring the children to enjoy it. If they don't tell you what to buy, this list probably will.
