CORDRAY'S THEATER-"A Wise Woman" THE BAKER THEATER-Wilbur-Kirwin Co. Matinee and evening, "Said Pasha."

THE SENATOR PROMPTLY POSTED .- FTIday the Portland Chamber of Commerc received a telegram from Senator Mitchell, asking for data bearing on the advisability of cetablishing a United States asay office at Portland. By last night's mail a 3000-word report was sent to the Senator, including statistical and other information relative to the minerals of this region and the need of the assay office at this center. This report was compiled by Chairman Batchelder, of the Chamber of Commerce committee on mines and mining, who is perfectly familiar with the subject and did not have to spend several days in looking for the information that was desired. Senator Mitchell's inquiry for information touching the mat-ter of having a tea inspector at this port came late Friday night, and the full reply to this, including the statistical data, will be mailed Monday. These prompt responses indicate not only that due at-tention is given to inquiries of this char-acter, but also that the Chamber of Commerce, having the information on hand for ready reference at all times, is alert and doing a service for the community that would otherwise go undone. Port-land has not always been so well served

by a public body.

BURGLARS ENJOY THEMSELVES .- The po lice are searching after robbers with a sweet tooth who stole about 12 pounds of chocolates, besides a quantity of chewing gum and cigars and cigarettes, from the premises occupied by S. F. Stenner and Sam L. Beary, 227 Morrison street, About in small change was also carried off. The thieves must have paid a visit to the place early last Thursday morning by forcing a rear basement door leading to the rooms used by S. F. Stenner. It was here that they are or pocketed the chocolate. Coming upstairs they began their work in Mr. Beary's store by crawling behind the counters, to conceal their movements from passing watchmen and po-licemen in the full blaze of the electric light. They rang "50" on the cash register, scooped out the loose silver and then removed the change in the cash drawers on both counters. Then they made free with such trifles as cigars, cigarettes and sweets. The store is brilliantly lighted all night, and had the thieves not been careful to operate behind the tall counters, their movements would undoubtedly have been seen from the street.

BAZAAR AND FAIR.-A bazaar and fair will open in the Tabernacle building, Twelfth and Morrison streets, tomorrow evening and continue during the week. The fair will be under the direction of a general committee, representing the several Catholic parishes in Portland, and the entire proceeds will be devoted to the benefit of the Old Folks' Home, located near Sunnyside and under management of 25 cents. the Sisters of Mercy. No more fitting charity can appeal to the liberality of those mindful of the misfortunes of others, and the committee in charge ex-tends a cordial invitation to all to visit the fair. At the opening ceremony tomorrow several prominent citizens will be present to take part in giving the fair a successful start. During the week the la dies of the Relief Society will furnish lunch to the business men and others, Many attractive features will be preamong which will be a cor over the proposed site for the great fair

CONWAY'S STORY DID NOT STICK .- James Conway was before Municipal Judge Cam-eron yesterday for a further hearing to explain the mystery in relation to his dealings in sundry checks with L. ON TRACK OF DIAMOND THIEVES.-The more deeply the detectives who are work-ing on the recent diamond robbery at the Hotel Portland go into the case, the more firmly convinced do they become that the thieves followed Mr. Lowenthal from New York with the intention of breaking into his room at the first opportunity. It speaking of the case a detective said yes terday that this theory has been borne out by a number of discoveries made the last few days, and he hopes soon to locate the man who has the diamonds and bring him

back to Portland for trial. LEGALLY MARRIED THIS TIME-Charles E. Proudfit and Edith Bugdale, both of Portland, were married at Wallace, Idaho, November 23, and it was the second time the marriage ceremony had been per-formed for them within a short time. At the time of the first wedding the license was issued by the County Judge, acting as County Clerk, the latter having died. It was feared that licenses issued by the Judge were invalid, and the eight couples who were married upon similar license were urged to remarry.
