

MEMORIALS TO M'KINLEY

POPULAR FUND WILL GO TO CANTON MONUMENT.

Congress Will Be Asked to Provide an Appropriation for the Arch at Washington.

WASHINGTON, Dec. 7.—The board of trustees of the McKinley Memorial Association met here today. Eyerson Ritchie, secretary, reported that the work of the organization has so far advanced that within 30 days the whole country will be covered by the state and local committees.

From Hawaii, Governor Sanford Dole, who has accepted an honorary membership of the board of trustees, writes that he expects a most satisfactory contribution, as the people of Hawaii thought a great deal of President McKinley.

From New England the people have already responded generously. Similar assurances come from many other quarters. Many schools have taken up the plan enthusiastically. In Minnesota Governor Van Sant has given assurances of \$20,000 from the school children alone.

A deputation from the William McKinley National Arch Association formally proposed to the meeting a co-operation of the two memorial associations in the collection of funds, and that the total thus collected shall be divided, one-third to go to the construction of an arch at Washington.

Resolved, That it is the sense of the trustees of the McKinley National Memorial Association that the field of popular subscription should be left to it for raising the sum necessary to provide a suitable memorial to the late President at Canton, where his body lies, and that this association should join with the William McKinley National Arch Association, at Washington, in memorializing Congress to erect a national memorial at the capital of our country, to commemorate his services to the nation.

It was insisted by Judge Day, Senator Hanna and others that all popular subscriptions should be applied to the erection of a memorial at Canton, where the late President lived for so many years and where he lies buried, and where Mrs. McKinley will eventually rest him.

While it was hoped that Congress would take the matter in hand and erect in the National capital a suitable memorial to the martyred President, the opinion was general that the people of the Nation would prefer that their contributions should be used suitably to mark his tomb in Canton. The resolution was presented to the Memorial Arch Association at a meeting to be held next Monday afternoon.

No vacancy on the Commission. WASHINGTON, Dec. 7.—The members of the St. Louis Exposition Commission, headed by ex-Senator Carter, the chairman, called on the President in the morning. Ex-Representative John Allen, one of the members of the commission, said they had only called to relieve the President's mind of any anxiety he might have entertained that there would be a vacancy on the commission.

Tribune Affair Settled. Alban Blanes Panama Railroad for Isthmian Events. COLON, Colombia, Dec. 7.—(Via Galveston, Tex.)—General Alban, the Colombian commander, returned here today on the British cruiser Tribune from Boca del Toro and proceeded immediately to Panama. In a short interview the General said too much importance had been attached to the disturbance in Boca del Toro. Referring to the alleged ill-treatment of the members of the Tribune's crew, General Alban said the disturbance was due to the inability of the men to speak Spanish. The matter was amicably settled at a conference at Boca del Toro between the foreign consuls, Captain Galloway, commander of the Tribune, and General Alban. The latter declares that all the Jamaicans imprisoned at Boca del Toro, when the Government forces drove the Liberals from the old bank, were found in arms against the Government. All of them had since been released.

A Colombian soldier who bayoneted a steward of the Tribune was brought to Colon and will be imprisoned at Panama for 30 days. Many British claims for damages sustained at Boca del Toro and elsewhere are being presented to the government.

General Alban received the following yesterday from Bogota: "The country proclaims you the savior of the republic by virtue of your recent admirable triumph, and awards you well-merited honor for your incomparable energy, which is always greatest in times of national danger."

Senator del Rio (the acting agent of the Pacific Mail Steamship Company at Panama, who has been a member of the committee in the Golings of the Liberals, and who was given the option of standing trial or paying \$1000 and leaving the country in 15 days and accepted the latter alternative), will sail tomorrow for Chile.

General Alban informed the correspond-

LABOR AND DREYFUS

LAWYER DECLINES TO TELL STORY OF BREAKING OF NEGOTIATIONS.

The Affair, It is Said, Will Dominate the Elections Next Year, as it Did in 1898.

PARIS, Dec. 7.—The general expectation of sensational disclosures in Maitre Labori's explanations of his rupture with Dreyfus has thus far been disappointing, as he announces that his lips are sealed by professional secrecy from telling the story of the actual breaking of relations with the Dreyfus family. His articles up to now have taken the form of a personal polemic against MM. Reinach and Bernard Lazare, but they have gone into detail the events on the left bank following the capture of Colon by the Liberals, its recapture and the part played by the United States naval forces in the reopening of traffic. The Captain says that the deliberate States guides were treated with the greatest consideration and respect and no objectionable act was committed by either Conservative or Liberal soldiers.

Colonel Arthur Lynch, recently returned to Parliament from Galway City, promises to discharge his Parliamentary duties with his eyes directed toward the welfare of Galway and Ireland.

The jury impounded to inquire into the Franco-Canadian wreck on the Santa Fe, rendered a verdict holding the railroad company responsible for running fast trains against each other on short time.

The creditors of the Pittsburgh Construction & Manufacturing Company and West & Wilson, contractors, who made a voluntary assignment to the Trustee in Bankruptcy, of Pittsburgh, unanimously agreed to an extension. Witnesses whose evidence was wanted to show that ex-Bailiff J. J. Lynch was often in the office of Alexander Sullivan when the latter was in charge of the West Chicago Street Railway Company occupied the stand in the Sullivan conspiracy case at Chicago.

The Boyle-Burns Suit. COUNCIL BLUFFS, Ia., Dec. 7.—Aside from the testimony of two minor witnesses, James F. Burns again occupied the stand all day in the famous suit for a large share of the stock of the Portland Mining Company. Burns' direct examination was concluded just before the noon adjournment, and the cross-examination was taken up by Attorney Hughes, in the afternoon. The reports that Burns was on the point of collapse as a result of the nervous strain to which he has been subjected during the trial are apparently without foundation.

Gerst's Hearing Postponed. BUFFALO, N. Y., Dec. 7.—The hearing in the case of City Treasurer Philip Gerst, charged with misappropriation of public funds, was begun before Mayor Diehl today. Mr. Gerst was suspended by Mayor Heibel yesterday. OFFICIALS ARE AMAZED. Seattle Representatives on Charges Against White Pass Road.

SEATTLE, Dec. 7.—Local officials of the White Pass & Yukon Railroad are amazed at the report that their road is to be used for large sums by former shippers. It is denied here emphatically that the road's rates are exorbitant, and that rates, it is said, are being reduced each year. The head officials of the company are now in Ottawa, to arrange for the approval of its tariff, the non-approval of which is the basis for the threatened suit. The agitators, it is said, are not shippers, but outsiders.

INFORMATION FOR HOMESEEEKERS. New Pamphlet Just Issued by Passenger Department of O. R. & N.

"Oregon for Homeseekers" is the title of a neat pamphlet that has just been issued by the passenger department of the O. R. & N. Co. It starts out to give reliable information about the land of "big red apples," and 40 attractive pages set this forth very satisfactorily, several interesting historical pictures adding material to the beauty and value of the pamphlet. The following, which appears as an introduction, gives an idea of what it contains:

"The Portland Oregonian of Monday, September 20, 1901, called 'Homeseekers' Number,' because it contained many articles of information for the intending settler. The Oregon Railroad & Navigation Company has reproduced herein some of these articles in convenient form, and presents them, together with the speech of Hon. Harvey W. Scott, delivered at the Pan-American Exhibition on Oregon day, September 25, 1901, with its compliments. It is hoped that the reader will find herein something of interest and profit."

It makes a convenient handbook for people seeking information about Oregon, and answers countless inquiries that would go without answer but for a compilation of this sort. These pamphlets may be obtained from A. L. Craig, general passenger agent of the O. R. & N. Co. They should be widely scattered, and will do much good.

DENNISTON AND HIS SUCCESSOR. His Promotion Involves Four Other Changes on This Coast.

This is the state as now arranged to go into effect December 15.

Water More Valuable Than Oil. EL PASO, Tex., Dec. 7.—A dispatch from Las Cruces announces that the oil borers at Engle, N. M., have struck an artesian well at a depth of 200 feet, which swept 1000 gallons per hour through a two-inch hole. Engle is situated in the heart of the famous Journey of Death Desert, which is one of the most arid regions known, and the strike of water will prove far more valuable than an oil gusher. During the Mexican War, four of a column of 150 soldiers who attempted to cross the desert, all but 14 perished. Great excitement has been created by the strike.

HOME TREATMENT FREE. Catarrh Cures by Thousands Under Dr. Hartman's Free Treatment.

Catarrh of the nose and head produces discharge from the nose, sneezing, and pain in the eyes and forehead, weak, and sometimes watery eyes, and occasionally loss of memory. Unless something is done to prevent the catarrh will follow the mucous membrane into the lungs where it will be followed by cough, night sweats, rapid loss of flesh, and the other dread symptoms of consumption.

To all such people Dr. Hartman's treatment comes as a great boon. It is only necessary to send name and address to Dr. Hartman, Columbus, O., and complete directions for the first month's treatment will be sent free.

Not only is it more successful in curing catarrh than the treatment of catarrh specialists, but it is in the reach of every person in this land. A medicine which is the principal part of Dr. Hartman's treatment, known as Peruna, can be bought at any drug store, and is a remedy without equal for catarrh in all forms: coughs, colds, bronchitis, consumption, and all climatic diseases of winter. Each bottle is accompanied with complete directions for use. Address The Peruna Medicine Co., of Columbus, Ohio, for a copy of their latest catarrh book, instructively illustrated, and contains 64 pages of the latest information on catarrhal diseases. Sent free to any address.

A Club Woman's Experience. Mrs. May Thompson, Kirkland, Wis., treasurer of the Kirkland Lodge, Daughters of Rebecca and L. O. O. F., writes as follows:

"For years I have suffered with severe headaches caused by catarrh of the head. On the advice of a friend I used Peruna for a little over a month, and found myself more vigorous than I have ever hoped to be. Since then I have taken about a dozen bottles, and am convinced that it has worked a perfect cure, as I have no aches and pains and do my own work. I would not take any money for what Peruna has done for me."

MAY THOMPSON. A Housewife Who Suffered 25 Years. Mrs. Alla Schwanndt, Sanburn, Minn., writes:

"I have been troubled with catarrh for 25 years. Could not sleep day or night. After having used Peruna I can sleep and nothing bothers me now."

MRS. ALLA SCHWANNDT. Mrs. Jennie Cable, Spokane, Wash., writes:

"After suffering for 21 years with neuralgia caused by catarrh of the head, I tried all doctors and all kinds of medicine, receiving no benefit. I became discouraged in the use of Peruna. My mother wrote me to take Dr. Hartman's medicine, so I did, but my case was a chronic one, and I was also in the charge of life. I would not take any money for what Peruna has done for me."

MRS. JENNIE CABLE. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

time a thorough examination of Secor's books had been made and it is alleged that the examination showed a large shortage. F. C. Reynolds, secretary and general freight agent of the Goodrich Transportation Company, said today that Secor would be brought to trial charged with embezzling \$19,000.

This root of many evils—Glandular tumors, abscesses, pimples, and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, paleness, nervousness, the consumptive tendency, and other ailments—

Can be completely and permanently removed, no matter how young or old the sufferer. Hood's Sarsaparilla was given the daughter of Silas Veroy, Wauversing, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the scrofula returning.
