DRUGS REMEMBERED BUT NEVER FORGOTTEN

But if You Have Kidney, Liver or Bladder Trouble, You Will Find Swamp-Root Just the Remedy You Need.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

Doctors Prescribe Swamp-Root. I have prescribed that wonderful remedy for kidney and bladder troubles.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and it is to be regretted that many people suffer with fatal results because of indigestion, stomach and liver trouble, makes you dizzy, restless, sleepless and irritable.

Sample Bottle of Swamp-Root Sent Free by Mail. EDITORIAL NOTE—If you have the slightest symptoms of kidney or bladder trouble, or if there is a trace of it in your family, send for a sample bottle.

Thousands of Patients Teach the Lesson

Not the Uniform \$5 Rate Generously Given for All Diseases, but the Skill and Faith and Fame of the Copeland Practice Account for the Large Attendance and the General Interest.

It would be a very simple-minded person who would attempt to account for the \$5 rate in and of itself for the crowds thronging the Copeland offices.

WARM PRAISE OF THE COPELAND TREATMENT FROM A WELL-KNOWN RAILWAY MAN.

One of the best-known railway men in Portland is Mr. D. P. Mitchell, of the Thirteenth-street division, Portland Railway Company, acting as conductor and master.

THE COPELAND TREATMENT HEARTILY COMMENDED BY POLICE OFFICER E. T. CAFFEY

This is no better known man in the district bounded by Taylor and Market streets, from the river to West Park, than Police Officer E. T. Caffey.

For 15 years I was a sufferer from that filthy disease, catarrh. At first it was only a little stopping up of the head and hawking and spitting.

My throat was raw and irritated, and I coughed all the time. But what worried me most was the condition of my stomach and hearing.

Everything I ate caused great distress. I was sick at the stomach and nauseated, with a heavy, oppressed feeling in the stomach.

There was a continual buzzing in the ears. My hearing was so much impaired that I had great difficulty in following conversation.

My head was always stopped up, and the nostrils filled with crusts, making it impossible to breathe freely.

My hearing was so much impaired that I had great difficulty in following conversation. I would lose track of what was said, I could not hear my watch tick unless it was pressed close to my head.

My head was always stopped up, and the nostrils filled with crusts, making it impossible to breathe freely. I had dull headache and a smarting pain over the bridge of the nose, and had lost all sense of smell.

No, the throngs of patients, the interest and the gratitude are accounted for by the \$5 rate, but by the fact that all these people know that under this rate they are being admitted to the benefits of a practice that has commanded for years the respect of the profession and the public.

They know that under this fee, low as it seems, they are obtaining care and treatment that they could not obtain anywhere else for any fee, high or low.

They know that under this opportunity they may be relieved of diseases which no other method of treatment has ever been able to benefit.

They know that under this opportunity they obtain the best treatment and the best professional skill.

They know that and this opportunity they are going to be cured.

And it is this that accounts for the throngs of people, the interest and the gratitude and the avalanche of letters, and what is of more importance, than anything else) for the warm and hearty commendation of right-thinking people.
