

TO ASSIST REGISTRATION

COUNTY CLERK SWETLAND DECIDES TO INCREASE FORCE.

Two New Men Will Be Put On—Voters Will Be Registered Wednesday and Saturday Nights.

"I am going to put two additional men on the registration force," said County Clerk Swetland, concerning registration matters. "We can now register easily 200 voters in a day," he continued, "and with two extra deputies we can register 400 persons in a day. If that is not sufficient, I will put on more help."

"Until further notice, the office will be kept open for the registration of voters Wednesday and Saturday evenings, until 9 o'clock."

If necessary to accommodate voters, the office will be kept open every other week day night. In the morning there is generally very little doing, and we could register nearly three times as many men if they came than we have done any morning.

White Wings mine from G. G. Warner. Other claims acquired recently by Mr. P. J. Jennings include the Hughes and Hartley group, and E. W. Ferguson's interest in the Star mine. In disposing of his stock to Jennings, Mr. Bruneau severs a partnership which has been in existence for over five years, and has been mutually agreeable and pleasant to all concerned. Mr. Bruneau intends to build active development of the Star claims, in the Bohemia district, which he controls.

BEFORE STREET COMMITTEE

Action on Telephone Franchise Deferred—W. C. T. U. Fountain.

The ordinance for a new franchise for the Pacific States Telephone & Telegraph Company in Portland, which was introduced in the Council at the meeting Monday afternoon and referred to the committee on streets, came up before that committee yesterday afternoon. The consensus of opinion in the committee was that the franchise was not sufficiently favorable for the city. Though this franchise would yield the city \$25,000, the payments on it would not begin until after 15 years, and in the meantime the city would not be at liberty to exact license from the company, which is now

OPERA COMPANY IS SUED

COLLAPARINI-REPETTO TROUPE IS ATTACHED FOR \$250.

For Breaking Engagement, Telegraphic Warrant to Seize Baggage Is Sent to Grant's Baggage Sheriff.

The Northwest Theater Association yesterday filed suit in the State Circuit court against the Collaparin-Repetto Opera Company to recover \$250 on account of its refusal to appear at Sutter's Opera-House, Butte, and the Helena Opera-House. The Collaparin-Repetto Company booked to cover the Northwest circuit. It appeared at Corday's Theater, and at Tacoma, Seattle and Spokane. The remainder of the circuit takes in Helena and Butte. According to the complaint filed by A. Walter Wolf, as attorney for the plaintiff, Mr. Agatz, manager of the Helena Opera-House, advanced \$250 to advertise the attraction, and he alleges further that when the company declined to come he was compelled to refund money to patrons who

REORGANIZATION PLANO SALE

AROUSING THE MOST WIDE-SPREAD INTEREST EVERYWHERE.

Orders Pouring in From Every Section of the West—Scores of City Buyers Daily.

Our determination to sell our entire stock of fine pianos and organs simultaneously in our four big stores, here, at San Francisco, Spokane and Sacramento, has aroused the most unparalleled interest. The mere mention of the fact that the very choicest and most costly creations of the country's greatest piano-makers are being offered at tremendously cut prices, was sufficient to start a stream of eager buyers to the various stores, and reports received by long-distance telephone up to a late hour last night indicate that already more than two hundred of the entire stock of nearly a thousand instruments that are involved have found homes.

We wish to assure you that you will find here the most extensive assortment of the great leading American pianos, the costly Chickering, the superb and most artistic Weber, the now famous Kimball, the Decker, the Vose, the Hobart, M. Cable, the Schuman, the Crown, the Walcott, the Hinz and scores of other makes. All or nearly all of them are now for sale on easy payments of as little as \$5 or \$10 a month, and at the same time the prices will be found here lower by many dollars than these or similar grade of instruments regularly retail for in this or any other city.

There is a matchless opportunity for you here now, and you cannot afford to overlook looking into it without delay.

"The Object."

Our object is to still more extensively advertise this famous—the greatest retailing organization that has ever existed in the West—and to close out every instrument now on hand, so that our Mr. Ray Eilers, who is now en route East, will be in position to enter into the largest contract ever made with the various factories that we have the honor to represent. The saving in price we can thereby effect is so enormous that the present profit on stock now on hand is of little consequence.

Every instrument in this stock, therefore, is sacrificed without regard to cost or profit, every instrument must find a home before the month.

"Some Startling Prices."

Think of a brand-new fancy mahogany or mottled walnut-cased largest-size cabinet grand, strictly highest grade upright piano, that have never been sold for less than \$450 before, now going at \$318; and others, equally as fine, for \$298, \$278, \$258, and \$238.

And still others for \$198, \$188, \$178, \$168, all of them brand-new instruments, and all on easy payments if desired.

Slathers of Them.

In second-hand pianos we have simply slathers of them. Uprights and squares, good ones, fine ones, and some ones. All of them at prices just about one-half what they are really worth. Ever hear of a square piano for \$12? Here's one. Pay \$1 a month if you like.

Other upright pianos for \$45, \$35, \$27, \$20, also on very easy payments.
