

POLITICIAN LOSES JOB

D. F. HARDMAN TOOK TOO ACTIVE A PART IN LINN PRIMARIES.

State Land Office Refused to Grant Him Leave of Absence—He Went Anyway.

SALEM, Or., March 29.—The part taken by D. F. Hardman in the Linn County primaries will result in a vacancy in his position in the State Land Office. It is learned that before leaving Salem to participate in the primary fight in Linn County Mr. Hardman asked the State Land Board to grant him a week's leave of absence. The board refused to grant the request. Mr. Hardman has been a leading figure in the Linn County Republican primaries for years, and decided that he could not forego the satisfaction of taking part in the primary fight on this occasion. He therefore informed the members of the board that he would go without leave, and did so. While he did not file a formal resignation, it is understood at the Land Office that both he and the board considered his action as equivalent to a resignation. No official action will be taken to fill the place until the next meeting of the board, which will take place the second week in April.

Hardman has held a clerkship in the State Land Office for the past three years. Two years ago he was elected to the Linn County primaries, and was apparently a victor, but somehow fell down in the county convention. It was for the purpose of regaining a seat in the Republican organization that he entered into the fight at this time. His opponents alleged that he was unfriendly to Geer, while he said he was trying to elect a state delegation favorable to Geer for Governor and Blackburn for Attorney General. His slate of delegates was defeated, and the slate pledged to J. M. Whitaker for State Printer, was elected.

The country is literally filled with auriferous rock of an easily milled nature. Colors are to be found wherever one cares to wash out a panful of dirt. Fortunes will be made there, as they have been in California, and I would not be surprised if we experience just such a rush as there was in '49."

DECIDES AGAINST SPALDING

National League Election Held to Be Void.

NEW YORK, March 29.—Justice Truax, in the Supreme Court today, handed down a decision in the National League baseball fight, overruling a demurrer made by the Spalding interests against proceedings begun by Freedman. The decision gives Spalding leave to withdraw the demurrer and to enter an answer to the complaint on payment of costs. The suit was filed last December, when Andrew Freedman obtained a temporary injunction restraining A. G. Spalding from exercising any of the functions of the office of president of the National League, to which he was elected at a meeting of the National League held at the Fifth-Avenue Hotel. It was alleged in the plea for an injunction that the election was void, as a quorum was not present. It is understood that at the meeting of the National League, to be held in this city next week, A. G. Spalding was not to officiate as president, being still restrained by order of the court. By the terms of Judge Truax's decision, N. E. Young is still president of the league, since it is contended that no election has been held since 1900, when Mr. Young was chosen and installed for a term of years. It will be months before the original complaint can be heard, for the meantime it will be necessary to agree upon a policy by which the league can be operated. Members of the Spalding faction will consult as to what course to pursue. President Exhibits, of the Brooklyn League, said that no plan had been outlined in case the decision was against them, and that he did not care to be quoted as to further proceedings until after consultation with the clubs allied with Brooklyn. Members of the Freedman faction declined to express themselves, except to assert that the decision was only what they had expected.

The Mistake That So Many Men Make

Is that they think they are so much smarter than their fellows. You will make many less mistakes in life if you will give the other fellow credit for as much wisdom as you think you yourself possess. Don't fool yourself with the idea that by buying a cheap ready-to-wear suit of clothes you are buying a bargain. The man who sells it to you must make profit, and when you deduct that profit from the price that you paid for a cheap suit or a top coat, there is not enough left to pay for worthy material, good tailoring and style. It shouldn't be difficult for you to see the point. Stein-Bloch clothes cost more than ordinary ready-to-wear garments, but the difference is greater than that expressed by the price, because, when you buy a Stein-Bloch Suit or Top Coat, you are getting that which is conceded by everybody familiar with the subject to be
