

BROTHERS FOR POLITICS

MARION DEMOCRATS COMPOSE THEIR TROUBLES.

Are in the Race With a Ticket and With a Platform That Has Many Sharp Edges.

SALEM, Or., April 5.—Marion County Democrats today put up the following ticket: State Senators—L. H. McMahan, J. B. Dimick, Representatives—L. E. Savage, P. H. Fitzgerald, S. Tomlinson, Fred Roth, W. T. Slater.

Delegates to state convention: F. W. Durbin, J. E. Godfrey, George Cushtier, James Coleman, I. W. Finzer, Henry Downing, E. W. Humphrey, George Enright, J. Ryan, George Savage, J. C. Johnson, Frank Cronner, H. Hubert, T. C. Davidson, A. J. Smith, H. G. Hayes.

The convention was a harmonious one, the only contest of consequence being a hot fight over a proposal to leave a place vacant on the Senatorial ticket as a silent endorsement of L. H. McMahan's candidacy.

The motion to leave the place vacant was vigorously opposed, the majority of the speakers contending that if McMahan wanted anything at the hands of the Democratic convention he should come in and await nomination.

Discussion was finally shut off by loud and boisterous cheering for the ticket, and when put to a vote the motion was lost by an overwhelming negative vote.

Later in the day McMahan was voted on the ticket without opposition. All the legislative candidates were nominated by acclamation, as also were most of the county candidates.

The convention voted down a resolution endorsing J. A. Jeffrey for Joint Senator with Lam County.

Routine of the Convention. The convention was called to order at 11:30 by County Chairman W. S. Mott. He announced that the first order of business would be the taking of a collection to defray the expenses of the primary and convention.

Hats were passed and the silver came freely from Democratic pockets. W. E. Finzer, of Woodburn, was chosen temporary chairman by acclamation.

L. L. Lachmund was elected temporary secretary, and Harry Albert assistant.

On motion of W. M. Kaiser, the following were appointed a committee on credentials: W. M. Kaiser, John C. Turner, J. Harding, Charles Yanke, S. Tomlinson.

On motion of J. A. Jeffrey, a committee on permanent organization and order of business was appointed, as follows: John A. Jeffrey, Frank C. Johnson, J. A. Bellwood, James Finney, J. B. Dimick.

On motion the following were appointed a committee on resolutions: Grant Corly, E. B. Watt, George S. Downing, J. H. Fairbanks, W. M. Ramsey, W. T. Slater, R. L. Reed, Webster Holmes, Joseph Burkhardt, J. R. Lubin.

The following were appointed a committee on appointment of agents to the state convention: F. W. Steusloff, J. B. Dimick, L. L. Lachmund, H. C. Downing, C. H. Work, William Parker, P. Glover, George Cushtier.

The convention then adjourned until afternoon, when the temporary organization was made permanent, the report of the credentials committee was adopted, and the convention proceeded with the order of business reported and adopted.

Precinct committees were chosen, delegates to the state convention were appointed, and a platform was adopted.

The platform indorses the initiative and referendum and amendment to the United States Constitution providing for the election of Senators by direct vote of the people.

It advocates retrenchment and reform in county and state expenditures, and demands that all state officers be placed on flat salaries not to exceed \$300 per year each.

Mismanagement of the business of the State Land Office had loans and permitting intermediate parties to make money out of the sales of lieu land, was denounced.

The platform demands the enactment of laws limiting passenger rates on railroads to 2 cents per mile and fixing freight rates at a reasonable figure.

The corrupt methods practiced in some of the precincts in Marion County in the Republic primary election were vigorously condemned, and to cure such evils the enactment of a law requiring 30 days' residence in a precinct prior to primary election was advocated.

Bertram, Fred Hess, A. F. Arthur, James Derby, J. D. Baker, H. Rummell, T. H. Caldwell, C. E. Jones, J. F. Johnson, H. Bailey, L. W. Harger, John Barrett, L. L. Hewitt, F. Fundman.

At the afternoon session the committee on order of business and permanent organization recommended that the temporary officers be made permanent. The committee on credentials recommended that the various precincts be permitted to cast the votes of their absent members.

The secretary then read the report of the committee on resolutions and platform. The report caused much enthusiasm, particularly the reading of the sections indorsing George E. Chamberlain for Governor, and the Lewis and Clark Exposition.

The platform condemns the financial administration of the county; declares against the office of County Roadmaster and the law of the Legislature providing reductions in taxes; condemns the practice of the county in employing attorneys for litigation; favors improvement of the locks in the Yamhill River by the general government.

MANY RUSH FOR GOLD

HUNDREDS OF PEOPLE GOING TO THUNDER MOUNTAIN.

The Trails Are Open—Provisions Are Scarce and Thievery is Common.

LEWISTON, Idaho, April 5.—A dispatch to the Tribune from Elk City says that the Shlesler pack train has reached Thunder Mountain by way of Big Creek and that the trail is now open to horse travel.

The horses comprising the train drew heavy loads of supplies, each cargo comprising 400 pounds, and the animals were the first to reach the new camp this Spring.

The second train is following the Shlesler party, and a third will leave Dixie tomorrow. Parties arriving at Dixie from the new camp report passing 500 people on the trail and about 15 horses.

At the camp the stampede, resulting from the recent discovery at Indian Creek, is still in progress and reports are to the effect that the discovery is richer than the Dewey mine. The scarcity of food in the camp has resulted in many acts of petty thievery, and the organization of a vigilance committee is discussed.

MANY MEN AT THE CAMP. From Sixty to Seventy New Arrivals Daily—Fresh Beef Plentiful.

SPOKANE, Wash., April 5.—A Sitles County special to the Spokesman-Review says Sam Irvine, an oil and gas prospector, arrived from Thunder Mountain today. He says flour, sugar and salt are selling in the camp for 50 cents per pound. Fresh beef is sold for 15 cents per pound.

The supply is plentiful. From 300 to 1000 men are now in the camp, and the new arrivals number from 60 to 70 daily, coming from all directions. The first pack-train to arrive this winter broke its way through the snow this week. Irvine says the trails are now pretty well opened for foot men, and coming out he did not have to use snowshoes.

OIL NEAR NAMP. Well Yields Fifty Barrels Per Day—To Be Bored Deeper.

BAKERSFIELD, Cal., April 5.—Willis Dodge, who is interested in the Newell oil well near Nampa, Idaho, came in from the new oil field today. He confirms the report that oil has been struck in this well. He said the well was flowing about 50 barrels a day, but that there was every indication that a larger flow would be encountered at a greater depth.

The present flow will be shut off and the boring continued in the hope that a gusher will be struck.

COLDS DUE TO OVERCOATS. Few Men Realize the Proper Uses of the Necessary Garment.

Chicago Chronicle. Physicians agree that overcoats are responsible for the colds with which so many people are afflicted, and they give a thoroughly scientific explanation of the fact. When a man wears a heavy overcoat, they say, the warm moisture given off by the body is prevented from escaping. It collects in the coat, vest and underclothing, thoroughly saturating them.

This is not of much consequence so long as the overcoat is worn, but when that is taken off the wearer is in the position of a butter cooler surrounded by a damp cloth. The heat of his body is conducted away in large quantities and he suffers a sudden and severe chill. To this are due many colds, as well as lumbago, rheumatism and neuralgia.

As a rule the overcoat is taken off at the worst possible time—that is, when exercise has ceased. The routine for many men is: Breakfast in a warm room, a quick walk to heavy overcoat; arrival at a cold and draughty office in a state of perspiration; removal of the overcoat and a fit of shivers.

To avoid these results several courses are open. First, one might advantageously rely for protection from the cold on warm woolen underclothing. If one is going and about it is not necessary to wear an overcoat at all. Then the evaporation of moisture will go on gradually.

Five Dollars a Box. The Price Cut No Figure With Him.

I want to say for the benefit of some poor dyspeptic that Stuart's Dyspepsia Tablets give comfort and cure every time. Five dollars a box would not stop me.

The one 50-cent box I bought at my druggist did the work, and my digestion is all right again.

My neighbors have also tried these tablets and found them to be just as represented, and Mr. Elms also wants me to use his name in indorsing Stuart's Dyspepsia Tablets.

(Signed) A. ELLMS and CHAS. F. BUZZELL, Assistant Postmaster, South Sudbury, Mass.

Mrs. James Barton, of Toronto, Canada, writes: "For 18 months I suffered from what I supposed was bladder and kidney trouble, and took medicine from three different doctors, without any sign of cure. I felt so ill at last I was hardly able to do my work."

"I thought I would try a box of Stuart's Dyspepsia Tablets and see if they would make me feel better, never really thinking I had dyspepsia, but after only three or four tablets had been taken all the acid trouble disappeared, and then I discovered I had had acid dyspepsia, while the doctors had been treating me for kidney and bladder trouble, and one of them treated me for rheumatism."

"My digestion is fine, my complexion clear, and I am able to do my work, and low spirits are unknown to me."

"I am so thankful for finding a cure so good and so pleasant to take as Stuart's Dyspepsia Tablets, I am surprised at the change they have made in me."

All druggists sell and recommend Stuart's Dyspepsia Tablets, because they contain only the simple natural digestives, and, taken after meals, prevent acidity and cause prompt digestion and assimilation of food.

Physicians everywhere indorse them, because they are as safe for the child as for the adult; they are invaluable for sour stomach, nervous dyspepsia, heartburn, gas on stomach and bowels, and every form of stomach derangement.

Help Others Help them to help themselves. What better deed? Then why not tell your friend who is ill just what Ayer's Sarsaparilla has done for you? When you see a person weak and pale, nervous and debilitated, just recommend our Sarsaparilla. If in doubt about this, ask your doctor if he knows of anything better.

"A neighbor of mine had a child who had suffered from scrofula for a long time. Having used Ayer's Sarsaparilla in my own family for a great many years, and always with satisfactory results, I recommended it to my neighbor. The child was quickly cured, and the parents were greatly delighted."—N. K. DEAN, Spencer, Ind.
