#### MANY MEET FURNISH

More People in Salem Than for a Number of Years.

#### NOMINEE AT THE STATEHOUSE

Warmly Welcomed by Ail the Officinls-Visit to the State Institutions-Great Enthusinsm Aroused.

W. J. Furnish visits the state capital, and is very cordially received by Governor Geer, with whom he holds a con ference. He is as warmly greeted by the other state officials. The reception tendered the Republican number for Governor yesterday and the evening before proved one of the most enthus in the history of Salem.

SALEM, April M.-W. J. Furnish, Recan nominee for Governor, returned to Portland this afternoon, after having been tendered one of the most enthusias-tic informal receptions ever given any candidate for public office in Salem. The brief stay of Mr. Furnish in Salem was marked by continual handshaking and many flattering assurances of support at the polis. Mr. Furnish warmly thanked his well-wishers and assured them that in the event of the successful issue of the campaign be would faithfully and hon-orably discharge the duties devolving

upon the Chief Executive of the state.

The number of people in Salem today was greater than for a number of years.
Chizens of all classes flocked to the Willamette Hotel during the day, where, without ceremony, the visitors were preeented to Mr. Furnish. The time for the reception could not have been more opportune. The usual large number of farmers, who visit Salem on Saturday, was considerably augmented today, and Mr. Furnish was enabled to meet many be might have been made to the same to the sa he might have been unable to see at any

other day.

At 10 o'clock this morning Mr. Furnish was joined by Hon. J. D. Lee, of the general reception committee, and E. M. Crolson and Squire Farrar, nominees for the State Senate on the Republican ticket in this county, and went to the State-house. The office of Governor Geer was first visited and the reception given Mr. Furnish by Oregon's Chief Executive was most cordial. After an interchange of courtesies and a brief interview, Gov-ernor Geer and Mr. Furnish retired to the private office of the Governor, where they were closeted for several minutes. Secretary of State Dunbar, Treasurer

Moore, Superintendent Ackerman, Attorney-General Blackburn, Chief Justice Bean, Associate Justice Wolverton, As-sociate Justice Moore, and all of the various departments of the Capitol building were visited. On every hand there were expressions of a desire for the success of Mr. Furnish and the entire ticket.

Mr. Furnish returned to the Willamette Hotel to find a large throng waiting to meet him. At 2 o'clock, a committee consisting of County Chairman W. J. Culver, W. J. Murphy and George B. Gray, called to take Mr. Furnish for a drive to the State Insane Asylum, where a warm, though informal, reception was extended by Superintendent Calbraith and the heads of the different departments. An informal call was also made at the State Penitentiary, and the State Blind Schools, where Superintendents J. D. Lee gno George W. Jones, respectively, had provided a fitting reception for the Guber-natorial candidate. The visits at the various state institutions were pleasant incidents, and clearly indicated a unan-imity of feeling for the young candidate, who needs only to be met to insure a warm and earnest friendship for him Lack of time prevented Mr. Furnish making a visit to the Reform School and

FURNISH HIGHLY GRATIFIED.

#### Former Democratic Leader Escorts Him to State Institutions.

W. J. Furnish, Republican nominee for Governor, returned last evening from Salem, where he was given a reception on Friday and Saturday by the Republican clubs. He expresses himself as highly gratified at the very hearty wel-come tendered him, and the unqualified assurances of the support of Marion Coasty Republicans. Many prominent leaders were kind enough to say that though they took no part in securing his nomination, they are now universally de-sirous that he shall be elected. He was very cordially received by Governor Geer and the other state officers, and spent a very pleasant hour at the Capitol.

Several Salem Republicans came down on last evening's train to spend Sunday in Portland. From them it is learned there were many Democrats in the crowd at the reception last evening, and that some of these expressed to Mr. Furnish their intention to vote for him for Governor. George B. Gray, who accompanied Mr. Furnish on his visit to the state institutions, was a staunch Democratic leader in Marion County until 1896, when he left that party for the same reasons that Mr. Furnish did. The assistance Mr. Furnish will get from Democrats in Marion Coun-

will get from Democrats in Marion Coun-ty will of course be from the more con-pervative element of the party.

It is also learned from men who attend-ed the reception, that some of the warm-cet greetings to the Republican nominee were from men who have been said to be sore over his nomination. Whatever doubt there may have been regarding support for Furnish in Marion County has now been dispelled and Marion County Repub-licans will be counted on for the usual majority at the election.

Furnish has not formulated his plans for the present week. Whether he will remain in Portland or visit other Oregon towns, depends upon the pro-gramme to be made out by State Chair-man Matthews and Mr. Furnish.

DIRECT NOMINATION BILL.

### Salem Mass Meeting Arranges for

Mensure at Next Legislature. SALEM, Or., April 26. - There was a large attendance of members of all political parties at the mass meeting this efternion, called in the interest of a Direct Nomination League. Governor Geer, chairof the meeting, was directed to point a committee of five to draft a bill covering the subject of direct nomination to be presented at the next Legislature The committee will be announced in a few

It was planned to hold a mass meeting of citizens in Marion Square, but the in-clement weather caused an adjournment to the City Hall. R. J. Hendricks called the meeting to order, and Governor Geer was made chairman. Governor Geer said he was glad the meeting was nonpartisan, and that direct nominations were more needed than any other reform to purify politics. and moved the appointment of a commit-tee to draft a bill for the Legislature. Among the Legislative candidates who expressed themselves favorable to the proposed law and inforsed the movement for its enactment, were: J. A. Jeffrey, Democrat, Joint Senator; Frank Davey, Republican, Representative; L. H. Mc-Mahon, Independent, Democrat, Senator; E. M. Croisan, Republican, Senator; W. Slater, Democrat, Representative; T. Kay, stepublican, Representative, and Lewis Savage, Democrat, Representative. R. R. Ryan, Socialist candidate for Governor, was called for, but said talking for his party on the subject should be done by candidates on the Legislative ticket, none of who were present. D. E. Swank, of Aumsville, spoke briefly in fa-vor of the movement.

the Mays Law. law, he said:

I had intended, and so announced, that I would not be a candidate for United States Senator, but I received so many letters from over the State, urging my candidacy, that I consented to the circulation of petitions to that effect, under the provisions of the Mays law. This is a good law, and every man who proposes to be a candidate for that of-fice should submit his name to a vote of the people. For years I have advocated the election of Senators by a direct vote of the people, but since this cannot be done now, the nearest approach to it is to submit the names of candidates to a popular vote. Of all things to be avoided is the 'dark horse' process of not doing the will of the people. With this invitation by the Legislature to give the people an opportunity to express themselves on this question, it is certainly the duty of every man who expects to be a can-didate for the Senate to avail bimself of its didate for the Senate to avail himself of its

to secure names to petitions in my favor may be. A sufficient number of names may not be sent in, but since this is the law of the State, it is certainly the duty of every man who wants to be Senator to leave the matter to the popular expression and abide by the results. Surely there is no fairer way than this, and the man who receives the highest number of votes should be considered the choice of his party. The plurality idea obtains in our system of government, and I shall certainly do what I can to assist in the election by the Legislature of the man who election by the Legislature of the man who has been thus indorsed. Furthermore, every candidate for the Legislature who believes in the election of United States Senstors by a direct vote of the people should declare his intention to uphold such expression of the people as may be had under the Mays act.

> Democratic Party at Sumpter. SUMPTER, Or., April 26.—George E. Chamberlain, Democratic nomines for Governor, accompanied by other state candidates now in Eastern Oregon, visited Sumpter today and addressed the people this evening. There was a fair-sized audience out to hear them at the Ellis Opera-House. Charles H. Chance presided, Mesars, Chamberlain, Crawford, Wann, Blackman and Butcher spoke, the principal addresses being delivered by Chamberlain and Butcher. There was no parade, but previous to the meeting there was a display of fireworks on the moun tainside above town. The party will visit Bourne and a number of the large mines' tomorrow, returning to Baker City in the evening. Mr. Chamberlain will then leave for Portland and Southern Oregon to open the campaign in that part of the state.

> Vacancies on Democratic Ticket. SALEM, Or., April 26.-Three vacancies exist on the Democratic ticket in Marion County. Dr. P. H. Fitzgerald, of Gervals, for Representative; William R. McKsy, of Champoeg, for Commissioner, and W. T. Rigdon, of Salem, for Coroner, have withdrawn from the ticket. Since the Demo-cratic county convention made no provision for supplying vacancies on the ticket, candidates for these places will have to be provided by petition. Petitions are in circulation for Joseph La-Follett, of Mission Bottom, for Representative, and Frank Feller, of Butteville for Commissioner. The nomination of Coroner may be left blank on the Democratic ticket.

Populists for Socialist Ticket. DALLAS, Or. April 26.-The Populists of Polk County met in convention at Dallas today with a small attendance, Dr. T. V. B. Embree presiding. After a session of several hours behind closed doors, a resolution indorsing the Socialist state ticket was adopted. The sentiment of the convention was against nominating a county ticket. Harmony is reported to have pre-vailed. L. W. Robertson, a Portland Socialist leader, was present.

SPOKANE GRAIN INSPECTORSHIP PRACTICALLY SETTLED.

Governor McBride Leaves the Matte to Chief Arrasmith-Lively Contest for Appointment,

GLYMPIA, Wash., April 35.—There is a: information in regard to the value of the lively contest for the appointment of clean-up.

State Grain Inspector J. W. Arrasmith takes office May 1, but as yet has any nounced but one of his chief deputies, S. S. King, to be stationed at Tacoma. The two leading candidates for the position of chief deputy at Spokane are W. H. Wis-comb and E. L. Perkins, of that city. I' is practically settled that Perkins will be appointed. Both are strongly indorsed, but Perkins is the favorite with Mr. Arra-smith, and it is understood the Governor has placed the settlement of the matter in Arrasmith's hands, Mr. Wiscomb in SALEM, Or., April 28.—Governor Geer this afternoon practically announced his candidacy for United States Senator. AT STATE INSTITUTIONS.

Population Is Increasing to Marked Degree. OLYMPIA, Wash., April 26.—That the population of the several state institutions is increasing to a marked degree is shown by a report just issued by the State Board of Control for the year ending March 31, 1902. The greatest increase over the year preceding is in the State Peniten-tiary, where the average population has increased 23 per cent, or from 403.7 to 521.29. The insune hospitals at Stellacoom and Medical Lake also show marked increases In population. SALEM, April 26 .- Five prisoners in the county jail, awaiting the action of the Circuit Court or serving short sentences for petty offenses, today attempted to break jail in broad daylight by sawing off the bars on the windows of the jail under the County Recorder's office. The Recorder heard the work and notified the Sheriff, thus frustrating the plans of the

The work of sawing was done with a new Disston steel saw. A hobo, who was today released from jail after serving a sentence for petty larceny, is suspected of having provided his less fortunate fellows means of effecting their escape. The prisoners who would have been benefited by successful jail delivery were: John Horner, in for larceny; Ralph Bland and George Koontz, both held for tarceny; Andrew Horner, charged with giving in-toxicating liquor to minors—all four awaiting the action of the grand jury and H. P. Friar, who is serving a 50 days' sentence for wholesale larceny of bicycles in Salem. Friar was seen operating the saw when the prisoners were de-tected by the officers. He is considered a crook. This makes the third attempted jail break during Sheriff Durbin's four years' administration. One attempt was successful, three men accomplishing their escape, only one of whom was afterward

orth Pole, in Eastern Oregon, Sald to Be Entitled to Distinction. BAKER CITY, April 26.-The North Pole nine is now said to be the richest mine in Oregon. A few months ago the English syndicate that owns the mine would have sold it for \$750,000, which would have been equal to the sum expended in buying the mine and improving it. Today the mine could not be bought for \$10,000,000, so wellinformed people declare, who are familiar with the value of the ore in sight. A few months ago a very rich pay

streak was encountered, which produced ore that was worth file and up per pound. This pay streak, instead of pinching out, as very rich veins often do, continued to widen and show unmistakable signs of permanence. The vein is now well defined, and the areay value of the ire is very high. Small quantities of the ore, which is of a gulphide character, brings fabulous returns, when sent to the smel-ter. Besides the sulphide ore, the mill is kept constantly going on ore that is not so rich, but still rich enough to pay hand-
