DOMESTIC ENDS HER LIFE

MISS MADGE JONES TAKES OWN 
LIFE OF LONELINESS.

Respectfully, in accordance with the wishes of the deceased, the body of Madge Jones, a young woman of high character, was this morning interred in the family vault in the old cemetery at Eastport. Miss Jones, who was a native of Massachusetts, had been a resident of this city for many years. She was a member of the Old North Church, and was well known to many of the older residents.

N. E. STURMDIRE WANTS HIS EFT 
PIECE PAID.

April 10, 1812.

The estate of N. E. Sturmdire, who was killed in the late war, is now being settled. The estate consists of a large number of pieces of property, including a mansion in the city of New York, a farm in the country, and a large estate in the state of Pennsylvania. The estate is now being administered by a committee of three, consisting of Mr. John Smith, Mr. James Brown, and Mr. John Green.

UNION AVENUE OPENING.

Preparations are being made to open Union Avenue to the public. The Avenue is being widened and improved, and will be ready for use by the middle of next week. The Avenue is situated in the center of the city, and will be a great convenience to the residents of the neighborhood.

THERE IS STRONG PROTEST.

The proposed extension of the railroad line to the city is met with strong opposition by the residents of the neighborhood. The extension will require the taking of a large number of houses, and will involve the displacement of many people. The residents are determined to resist the extension, and are preparing to fight the matter in court.

NEW YORK BANK STATEMENT.

Nothing unusual in the business in New York, but it is reported that a large amount of money has been transferred from the city to the country. The reason for this is not known, but it is believed that it is due to the fact that the country is at present in a state of depression.

DAILY CITY STATISTICS.

May 1, 1812.

The temperature in the city was hot yesterday, and is expected to continue so for several days. The weather is dry, and the air is clear.

NATURE STOCKS IN SCHOOLS.

The natural sciences are being taught in the schools of this city. The children are taught to recognize plants, animals, and minerals, and are shown how to classify them. The object of the instruction is to teach the children to appreciate the beauty of nature, and to understand the relations of the different parts of the world.

Best Aid to Success

In these days the kind of knowledge and men and women want is the kind that helps them to succeed in life, which means independence and comfort. You get just that kind of knowledge in the great

Encyclopedia Britannica

Why waste the precious hours in reading what is trivial or at least unimportant when so much really helpful knowledge may be acquired in the same hours by reading the Britannica? The habit once acquired lasts through life—a constant aid to success. It also affords genuine personal satisfaction to feel that you are always in the best company, for the Britannica is acknowledged to be the

Greatest Work in the World.

In order to get at the best that has been said on all subjects within the range of human knowledge there is no work to compare with the Encyclopedia Britannica. It has been said that it contains the wisdom of a century, that it has been called the most important publication of the age, and is the most complete book ever written. The great feature of the work is not its immense size, nor its vastness, nor its content, but its excellence. It is the only work of its kind that has been approved by the great men of the age.
