TAFT WILL TRY TO REACH AN UN-DERSTANDING WITH ROME.

Other Matters to Be Settled With the Vatican-Water-Cure Testimony Before Senate Committee.

WASHINGTON, May 10.-Governor Taft closed up his business here today in connection with affairs in the Philippines and left for Cincinnati, where he will attend to some private business prior to his departure from New York on the 17th inst., on his return to his post at Manila. He will stop at Rome in order to discuss the question of the friars in the Philippines with the authorities at the Vatican. He will be accompanied in his mission to Rome by Judge James F. Smith, of the Supreme Court of the Philippines, and Major John B. Porter, of the Judge-Advocate's office. These gentlemen were selected because of their familiarity with the question at issue

Secretary Root this afternoon made the following official statement in regard to the mission to Rome:

"It has been decided that Governor-General Taft shall stop at Rome in the course of his return journey to Manila for the purpose of reaching, if possible, a friendly understanding with the authorities having control of the disposition of the property of religious orders and other church property in the Philippines, and laying the basis for a settlement of the many property questions which have resuited from the separation of church and state in the islands. Of course, nothing can actually be done until Congress has acted, but as the committees of both houses have acted favorably on the com-mission's recommendation for the purchase of the friar lands, it is thought best not to lose the opportunity afforded by Governor Taft's presence in Europe to begin the negotiations and make as much progress as possible, so that they may be readly closed up after Congress has acted, if it does act favorably. This is particu-larly desirable because of the nature of the questions, being such that it is impossible to settle them by negotiation with the friars themselves in the Philippines. The purchase of the friars' lands is the principal thing, and the Government desires to accomplish this, if Congress au-thorizes it, amicably.

There are many other questions, however, to be settled, such as the rights to property held for purposes of instruction and for charitable purposes, and the right of the church to land the title to which is now in the Government, but on which are buildings for religious purposes. Some of these matters could be settled by the courts, but it would require many years, and it is very destrable to settle them in a speedy and friendly way. Prior to American occupation the church and state were so closely united and their interests so interwoven that now, when they are separated, it is very difficult to tell to whom the property which was devoted to their joint uses under the former system belongs. It is hoped that when a full understanding of the claims and views of each side has been reached and the facts are fully understood, all the questions existing can be settled in such a way as to benefit both parties. The object of this conference is to occure the separation of church and state, and it would seem to be

a condition precedent to such a result, "Governor Taft's errand is not in any sense a diplomatic mission; it is simply a business transaction with the owners of the property. The whole matter is in Governor Tait's hands, subject to such action as may be taken on his report, pursuant to any law Congress may pass."

WATER CURE TESTIMONY.

More ex-Soldiers Appear Before the Senate Committee.

WASHINGTON, May 16.-Private William J. Gibbs, Ninth infantry, continued his testimony before the Senate Philippine committee today, giving additional details about the Bulangiga affair. He said he had never seen the water cure adminis-tered, but had heard the groans of victims. He heard of one death as a result of the cure. Dirty water and salt water were used for the cure, which was generally administered by scouts. Mr. Gibbs said the Filipino women were vary virtuous. Filipino prisoners and the sick were treated well, as were the peaceful natives generally. The orders were to treat them with kindness.

George J. Boardman, formerly of the Twentieth Infantry, said he had never witnessed but one instance of water cure. He told how the natives would open fire on the Americans and conceal their guns when the soldiers appeared and claim to be friendly. He also related the circumstances of the murder of a Filipino boy by natives because he was friendly to the

The witness also told of the conduct of natives with guns, saying they would fire at the soldiers, and that when the latter approached they would conceal their weapons and greet them pleasantly. In one instance of this kind a Philippine party had been taken into custody, and the information as to the place of cone ment of their guns was secured by taking the men one at a time to the rear of the building and firing off a gun, after threatening them with death within the hearing of the entire party. None of the men were hurt, but the proceeding had the effect of so frightening those left be-

hind that a confession was secured.

NOTIFY THE WORLD. Official Announcement of the Birth

of the New Cuban Republic.

WASHINGTON, May 10 .- The State De partment has decided upon the method it will employ to notify the world officially of the birth of the new Cuban Republic May 20. Instead of issuing a proclamation, the department will send identical hotice to all United States Ambassadors and Ministers abroad that the military occupation by the United States of the has ceased on that date, and that Tomas Estrada Palma has been duly installed as the head of a new government of the Island of Cuba. There will be no invitation on our part to the nations to recognize the new republic, but it is expected that they will take notice themselves of the fact that the United States has so recognized the Cuban Republic by sending to the island a Minister resident and staff of Legation and Consuls, and it is not

doubted that the example will be followed. Spaniards in Cuba Want Protection. HAVANA, May 30.-Senor Torreja, the Epanish Consul here, has protested to the military government against the murder of Senor Vega, the late President of the Spanish colony at San Juan Martinez, Province of Pinar del Rio. The Consul also declares other Spaniards have been murdered in that province, and the murderers allowed to go unpurished. He says the murder of Senor Vega was the result of a political plot, the object of which was to break up the organization of the Spanish Club. The Consul further asserts that the two first presidents of the club in order to save their lives. He says that high officers are implicated in the crime, and he asks for protection of the Spanlards under the treaty of Paris, which guarantees the lives and property of the all druggists.

SEVEN HOURS' BATTLE.

Venezuelans Shelled Carupano, But Did Not Dislodge Rebels.

PORT OF SPAIN, Island of Trinidad, Tuesday, May &-Venezuelan troops un-der General Vincente Gomez, attacked Carupano, State of Bermudez, Venezuela, by land and by sea with the gunboats Restaurador, Agosto and Zumbador, but the port is still in the hands of the revolutionists. After a seven hours' battle, the government forces were defeated and obliged to abandon the field, leaving 115 men dead and 210 wounded. The city suf-fered terribly from the shelling of the government war vessels. The remainder of General Gomez's troops escaped on board the gunboats and reached Cumana, on the Guif of Caracas, May 3. Gomes was seriously wounded. Carupano now presents a spectacle of desolation. The cable is cut.

According to government reports, Maturin, State of Bermudez, has been recaptured from the insurgents.

Whooping Cough.

Whooping Cough.

This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquifies the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxyms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For saie by all druggists.

OUTBREAKS IN SEVERAL NORTH-ERN PROVINCES.

Government Troops, Ordered Disbanded, Raise the Standard of Revolt.

VICTORIA, B. C., May 10.-News was brought by the steamer Tartar, of revolu-tions in several provinces of North China, which, with the serious rebellions in the Kwo Kwang, make the situation most serious in China. The battaffons of Tung Fuh Saing were recently ordered disbanded by the authorities, but instead of dis banding, they followed the example of the troops of General Ms, and raised the standard of revolt. Under the leadership of General Tung, they have seized a walled city near Sining and are engaged in manufacturing arms. They have two amenals busy making ammunition, and it is expected that a serious rising will soon take place in Kansu. There are large numbers of brigands in the out-skirts of that province and the residences of several Mongol Princes have been loot-ed and burned. Some of the Mongols have been obliged to take up their residence at Pekin on account of the brigandage, Honan is also the scene of a large re-bellion. The first act of the rebels was the massacre of a number of Roman Catholic Christians, and then a military body was formed, and at last reports the rebels were besieging the cities of Pi Yang, Tangheien and Liefng. Pi Yang is close to the chorders of Hupeh and Vice-roy Chang Chitung has been asked to send troops to protect his borders.

DID NOT KNOW SHE HAD KIDNEY TROUBLE The People Know

Thousands Have Kidney Trouble and Never Suspect It.

Gertrude Warner Scott Cured by the Great Kidney Remedy, Swamp-Root.

VINTON, Iowa, July 15, 1901.

DR. KILMER & CO., Binghamton, N. Y.:

Gentlemen: In the Summer of 1832 I was taken violently iii. My trouble began with pain in my stomach and back, so severe that it seemed as if knives were cutting me. I was treated by two of the best physicians in the county, and consulted another. None of them suspected that the cause of my trouble was kidney disease. They all told me that I had cancer of the stomach, and would die. I grew so weak that I could not walk any more than a child a month old, and I only weighed 60 pounds. One day my brother saw in a paper your advertisement of Swamp-Root, the great kidney remedy. He bought me a bottle at our drug store and I took it. My family could see a change in me for the better, so they obtained more, and I continued the use of Swamp-Root regularly. I was so weak and run down that it took considerable time to build me up again. I am now well, thanks to Swamp-Root, and weigh 148 pounds, and am keeping house for my husband and brother, on a farm. Swamp-Root cured me after the doctors had husband and brother, on a farm. Swamp-Root cured me after the doctors had failed to do me a particle of good.

(Gertrude Warner Scott.) Gertrude Warner Scott

Women suffer untold misery because the nature of their disease is not cor-rectly understood; in many cases when doctoring they are led to believe that womb trouble or female weakness of some sort is responsible for their ills, when in fact disordered kidneys are the chief cause of their distressing troubles.

The mild and extraordinary effect of the world-famous kidney and bladder remedy, Dr. Klimer's Swamp-Root, is soon realized. It stands the highest for its wonderful cures of the most distressing cases. A trial will convince any one—and you may have a sample bottle sent free, by mail.
