Howitzers FOR OREGON. - City Auditor Devlin has received a letter from United States Senator John H. Mitchell, stating that the commanding officer of Fort Getty. S. C., had been instructed to turn over to Colonel H. E. Dosch, in charge of the Oregon exhibit at Charleston, the two cast-iron howitzers and the four cannon balls now at Fort Sumpter. The com-manding officer at Fort Getty has also been requested to communicate with Colo-nel Dosch with reference to the shipment of these cannon and cannon balls to Portland, as the United States can under no condition incur any expense in their transportation. The two howitzers secured were used in the defense of Fort Bumpter, and the Oregonians now in Charleston wished to have them brought to Portland so that they might be dis-played at the Lewis and Clark Exposition. me trouble was experienced in obtaining them, but it appears that Senator Mitchell was successful in his efforts.

GOOD STONE IN OREGON .-- In yesterday's Good Stone in Ormoon.—In yesterday's Oregonian, the statement was made that the State of Oregon had no good building stone. This is an error. There are several quarries of sandstone in Washington County, Lincoin County, Jackson and Douglas Counties. A few miles from Oakland, Douglas County, is a very extensive sandstone quarry, only 1½ miles from the main line of the Southern Pacific. The quality and crushing strength of this sandstone are equal and even superior to sandstone are equal and even superior to many of the best blue sandstones from Eastern states. Samples of stone from this quarry were exhibited at the Pan-American Exposition in Buffalo in compe-tition with over 100 different samples from Eastern states, and were awarded a medal for quality and strength. The tests of this sandstone were made at the United States arsenal in Watertown, Massa, and at Washington, D. C., showing a crushing strength of 10.513 and 16,366 per square

inch, respectively. MERSENGER BOT FILES SUIT .- Suit was filed yesterday in Justice of the Peace Kraemer's court by H. K. Sargent to recover \$12, interest, and the costs and dis-bursements of the action, against A. M. Reckard, a dealer in bleyeles on First street, near Salmon. The plaintiff is a messenger boy named Amil Dieter, and his story is that he purchased a \$12 bicycle from Reckard May 13, but was after-ward compelled to return the bicycle to Reckard, as it was shown he had no right and title to it, and that the real owner was one Horton Burnett. The latter says his wheel mysteriously disappeared some little time before it was sold to Dieter. In the meantime Dieter must have a wheel to use in his business, but he figures that he has lost both \$13 and a wheel.

Boon to the Poor.-The way in which the people of Fortland have received the movement of the "out-patient department," at the St. Vincent's Hospital, is gratifying indeed to its founders. Free medical treatment is accorded the poor on Tuesdays, Thursdays and Saturdays, from it as a fortland the last

from 1 to 2 P. M., and during the last week 12 new patients have been received. Those who take advantage of the opportunity seem a worthy class of poor, and none who are considered able to pay for treatment have presented themselves. A great amount of unnecessary suffering is prevented through the agency of this de-partment, and its foundation is one of the many steps of modern advancement being taken by the City of Portland.

Bananas Sell Cheap. - Bananas were very cheap on Front street yesterday. Several carloads of overripe fruit arrived As they had to be disposed of at once be-As they had to be disposed of at once because today is Sunday, they were closed out at any old price. Street-hawkers stocked up with bananas until they were surfeited. "I don't see what makes you so cheery," said a reporter to a dealet. "I should think you would be pretty glum over a day like this." "Do I look like a chump?" was the reply. "The Yellow at the other end of the line pays for these, not me."

No WARSHIP FOR THE FOURTH.-It does not look as if there were any battle-ships available for Portland's proposed Fourth of July celebration. Puget Sound cities have applied for battle-ships for their celebrations, and have been turned down with the response that none are available. Representative Cushman took the matter up with the Navy Department, and was informed that the only battle-ships on Puget Sound this Summer will be the Ore-gon and the Wisconsin. Both these vessels will be undergoing repairs at Bremer-

Mitch-ell, Lewis & Staver Co., First and Tay-lor streets. held in the High School yesterday, and was siddressed by Dr. Woods Hutchinson on the subject of "Child Study." Dr. Hutchinson discussed the school life of the child, and had the attention of his audience until his closing sentence. The next meeting of the teachers will be held on May 24, when City Superintendent Rig-ler will deliver an address on grammar, and Mr. Grout, of the Park School, will

speak about geography. ARRESTED AT ALBANY.—Detective Snow went to Albany yesterday and arrested Louis Harris, charged with the larceny of a suit of clothes, of the complaint of Tony Arnaud, of the Elegant saloon, Fourth street. Histris was afterward brought to this city and released on se-curity being furnished for his appearance

at the Municipal Court. GETTING READY FOR THE BATHS.-TO free awimming baths will be finished next month. They are building at Supple's boatyard on the East Side. The pontoons will be launched the last part of this week. Mr. L. Samuel has received the towels for the baths, and the bathing

suits will soon arrive. GRAND EXCURSION to Multnomah Falls, Sunday, May 18, by the large and commo-dious steamer "Albany," Round trip, 50c.
