MINE FOUND

Rich Claim Abandoned Fifty Years Ago Rediscovered.

IS LOCATED ON JACK CREEK

The Original Discoverer Was Driver Away by Indians-Now Wealthy, He Sent a Friend to Search for the Property.

GRANT'S PASS, Or., May 17.-Yester day S. D. Johnson, who recently arrived from Iowa, came into Grant's Pass with a bag of nuggets and gold dust that he had removed from a discovery on Jack Creek, in the Jump-Off-Joe district. The discovery is the mine which had been lost

lohnson was grubstaked to this country by a capitalist of Colorado Springs, Colo. This capitalist had been in Southern Oregon during the ploneer days. Among others, he made a rich discovery on Jack Creek, in the Jump-Off-Joe district, northern Josephine County. This find was in the nature of an auriferous gravel bed, This find was rich in coarse gold and nuggets. He had just begun work upon his bonanza when he and his companions were attacked by Indians and forced to flee for their lives. He left Southern Oregon and went to Coloredo, where he made his fortune. He did not forget his find in South-ern Oregon, and, after 10 years had passed he sent his friend Johnson here to make s search for it. He made a rough sketch of the district, and, armed with this. Johnson came to Grant's Pass about a week ago. He found Jack Creek and had prospected but a little while on the rich gravel bars when he removed \$36 in coarse gold, and, searching further, found a number of good-sized nuggets. He was nearly wild with delight, knowing that he

had found the lost mine.

Johnson found that the claims had been located, but had no trouble in purchasing them for \$1500, the owners not knowing of the discovery. Johnson has gone back to Colorado, but will return within a month and begin equipping his discovery with a hydraulic plant. Ditches, piping and glants will be put in, and the prop-erty converted into an extensive hydraulic

BONANZA SUSPENDS OPERATIONS. Extensive Repairs to Be Made to the

Plant of the Big Mine. SUMPTER, Or., May 17.—Operations at the Bonanza mine have been suspended for a time. It is stated that there is not enough ore being brought up to keep the mill going. The big hoist installed by the company was put into operation last week, when it was supposed that the holsting capacity of the old and new plants would insure against any stoppage of the mill. While the new hoist was being erected, the old equipment was un-able to handle ore from the lower levels and also the waste for extensive develop-

It is said by those informed that sinkng continues in the big shaft, which rould indicate that it is the purpose of the management to open up the lower levels to this holst. An upraise is also being run from the lower levels to connect with the new shaft, which warrants the belief that the suspension of work is due to the desire to make use of the \$200,-800 hoist on those levels before other work

A few weeks ago the management had some trouble with the shaftmen, over the wage scale. Direct hiring of shaftmen was stopped then, and the men given the work under the contract system. At the same time 25 or 30 men engaged in devel-

Big Foot Mine Sold.

GOLD HILL, Or., May 17.—The Big Foot mine, three miles west of town, was yesterday sold to E. Briggs, a California miner, for \$3000 cash. The vein on this property, though small, is rich in free gold, Messrs. Lane and McCleary discovered a big low-grade ledge on the Hinkle mine, at the head of Sardine Creek, carrying from \$5 to \$8 in free gold.

FIRST IN EIGHT YEARS. Washington National Guard to Go

Into Camp This Summer. OLYMPIA, Wash. May II.—The first encampment of the National Guard of this state since 1854 will be held this year. This much has been announced by Adjutant-General Drain, but the time and place of the encampment cannot be determined until the fate of what is known as

the Dick,bill, now before Congress, is decided. The Dick bill provides for joint encampments of the National Guard and encampments of the National Guard and Federal troops, and a system of instruction in connection therewith for the benefit of the guard. If the bill becomes a law an effort will be made to take advantage of its provisions this year, but in any event an encampment of the guard of this state will be held. General Drain says the encampment will not be a picnic or a junketing trip for the members of the guard. They will reserve our while the guard. They will receive pay while they are in camp, and it is expected that the state will receive in return an increase in efficiency by reason of such en-campment. The duration of the encamp-ment will be 10 days. All of the troops will be under command of Colonel George B. Lamping, commanding officer of the First Infantry Regiment.

BUY PALOUSE MILL

WISCONSIN LUMBER MEN ARE MAK ING THE DEAL.

Will Increase Its Capacity to \$15, 000,000 Feet Per Season-Demand For Timber Lands in Union.

COLFAX, Wash., May 17.—A big deal of importance to the lumber industry of this country is on at Palouse, and will probably be closed within the next few days. The deal involves the purchase by a syndicate of lumber men from Wiscon-WOMAN DOWNS A BURGLAR.

Saw Him Entering a Window and
Struck Him With a Chair.

ASTORIA, May II.—A burgiar attempted to enter the residence of Mrs. Warnstaff last night, and met with a reception that will deter him from going there again. He had placed a ladder against the rear of the house, and was entering a window when the noise attracted Mrs. Warnstaff's attention. Entering the room she saw the head and shoulders of a man coming and the output more than doubled. The head and shoulders of a man coming and the output more than doubled. The

WELL-KNOWN CHARACTER AT WHITE SALMON

CHARLES WATERS, AGED 82.

Charles Waters, a familiar form on "the Jewett farm," White Salmon, Wash., was born at Alton, Ill., in December, 1830. Following the nursery business most of his life, he came to the Jewett farm in March, 1884, and started a nursery there. After a few years he returned to the East, for a time, but in 1895 came again to the home of his daughter, Mrs. Jewett, where he has since remained. Being now 82 years old, he Mrs. Jewett, where he has since remained. Being now \$2 years old, he is still active, and spends most of his time around the farm trimming the trees and shrubbery and attending to his bees, in the study of which he is very much interested. He laughingly says he owes his good old age to his early plety and his always voting the straight Republican ticket. Last September Mr. Waters received from the Government at his request 15,000 trout, which he put into Trout Lake, a famous fishing place about 25 miles from White Salmon, and he expects to get 25,000 more this Fall for the same numbers.

through the window. Without hesitation mill now has a capacity of about 6,000,000

BARGE BROKE LOOSE. Broke Railroad Trestle and Nearly Ditched a Train.

ASTORIA, May 17 .- The drilling barge ASTORIA, May II.—The drilling barke used by Hale & Kern in removing the Silvia de Grasse reef broke loose from its moorings during the storm last evening, and ran into the A. & C. R. trestle, knocking out several piles, damaging the track and overhanging it. The evening train was about due, and if it had not been for the vigilance of the engineer the train would have been thrown into the train would have been thrown into the river. As soon as the engineer saw an obstruction ahead he came to a sudden obstruction areas as called to a state of a stop, just in time to avert what would probably have been a terrible disaster. The train was delayed for an hour or more while the barge was being towed away and the track temporarily repaired.

CLOTHES CAUGHT BY A SCREW. Man Whirled Around a Shaft and

Probably Fatally Injured. ASTORIA, Or., May 17 .- M. T. Thomas, his clothing got caught by a set screw, and he revolved with the shaft several times before he fell to the floor. All the clothes that he had on, except his shoes, were torn off, even that portion of his stockings which extended above his shoe tops. He is a married man and has a family.

DEATH IN A WHIRLPOOL. Tragic Ending of a Hunter in Tilla-

mook County. TILLAMOOK, Or., May 17.—Louis Far-mer was drowned in Nostucca River to-day. He was bunting, and in fording the day. He was hunting, and in fording the river got into a whiripool, which carried him off his feet. His body has not been recovered. Farmer had a small manch on the Nestucca River, where he lived, He was a married man of about 32 years of age, and left a wife and three small children. This makes the third death by drowning in Tillamook County during the past few months.

Free Mail Delivery for Albany. ALBANY, May 17.—Special Agent J. W. Ewin, of San Francisco, who has been in the city investigating Albany's facilities for a free city mail delivery, finds everything satisfactory, the city having good sidewalks and having made the necessary arrangements for numbering residences and naming streets. He located 20 iron boxes for letters. On account of the compactness of the city he will report in favor of two carriers and a substitute. The carriers will receive \$600 the first year and \$800 the following year. It is doubtful if the service will be started

doubtful if the service will be started before September I.

Rev. Huber L. Ferguson, of Portland, has been selected to deliver the baccalaurente sermon at Albany college, June I, and also the annual address to the Christian Association. The senior class consists of Charles Sternberg, Charles Stewart, George T. Pratt, John and Mack Acheeon, Bessie Mefrill, Emma Sox and Ruth Flinn in the regular college course, and several in the normal and commercial departments.

DIAMOND "W" FLOUR

Makes strong bread. Strong bread makes

development continued only in the upper the head with it, knocking him off the lader to the ground, a distance of 10 feet. If the deal goes through, the store was struck, the Bonanza will be in operation again on a greater scale than ever before.

she picked up a chair and hit him over the intention to increase this to at least ladder to the ground, a distance of 10 feet. If the deal goes through, the syndicate will buy all the timber lands offered along the Palouse River, in Idaho, and will make Palouse counter. The awallents is said to have a captry. The syndicate is said to have a capital of \$1,000,000, and to be composed of men who have made fortunes in lumbering in Wisconsin.

DEMAND FOR TIMBER LAND.

Eastern Lumber Men Sceking Locations Along Catherine Creek.

UNION, Or., May 17.—There is a rush on to take up timber land along Cath-erine Creek, east of this city. For sev-eral months past timber cruisers repre-senting Wisconsin and Minnesota lumbering interests have been examining the vast body of timber which begins about 10 miles east of Union and extends for a distance of 30 or 40 miles, and as a result almost every train now brings people from those states, who at once leave for the timber and make selections for filing.
About 40 people have taken timber here
during the past few weeks, and the movement has but commenced. A representative of a Wisconsin speculator said today that he was expecting 60 people here
during the past few downsing the past few during the past few du during the next few days to make loca-tions in the Catherine section. One of the companies has already located a site on as romploye of the Astoria Electric Company at its power-house, met with an accident this morning which injured him so severely that he is not expected to live. At the time he was olling a shafting, and

NO VACANT DWELLINGS.

Advance in Prices of Materials Retards Building in Baker City. BAKER CITY, May 17.—Despite the fact that a number of new dwellings have been completed within the past month, vacant houses are very scarce in this city. The demand for cottages and more pretenticus structures is steadily increas-ing. Landlords who contemplate crect-ing houses to rent this season have been deterred because of the sudden advance in the price of building materials. It costs about 25 per cent more to build now than it did two months ago. The principal cause for the advance in lumber is the heavy demand for timber for railroad construction on the two new roads now building from Sait Lake City to Los An-geles. by the Oregon Short Line and Senator W. A. Clark.

Baker County Dairyman Tries to. Commit Suicide.

BAKER CITY, Or., May II.—J. F. Jackson, of Jackson Bros.' dairy, at South Baker, attempted to commit suicide this evening by taking E grains of morphine. He took the drug about 6 o'clock but was discovered soon after by members of the family, who summoned medical aid. Dr. Phy, of this city, was called, and resorted to herote measures to counteract the ed to heroic measures to counteract the effect of the drug. At a late hour to-night the doctor reported that the young man would pull through all right. No reason is given for his rash act. Mem-bers of the family when consulted said there was nothing they cared to say at this time in regard to the cause. It is known that he purchased the drug in this city several days ago and that he has been contemplating suicide for some time. These facts were developed this evening.

HAWKINS MUST HANG.

Governor McBride Refuses to Commute His Sentence. OLYMPIA, Wash., May II.—The attorneys for Alfred Hawkins, alias Hamilton, who is under sentence to be hanged in

Whatcom on May 21 for the murder of D. M. Woodbury, of Anacortes, have appealed to Governor McBride to commute the sentence to life imprisonment. Governor McBride gave a definite refusal to the petition today. This is the case of the man whom the Governor before his induction into office assisted in prosecuting.

RABY AGAIN ARRESTED.

Old Charge Placed Against the ex-Auditor at Colfax. COLFAX, Wash, May 17.-C. G. Raby, ex-County Auditor of Whitman County, was again arrested today on a charge of having appropriated \$96 deposited by M. J. Rumbaugh, of Endicott, for a saloon liceuse, May 30, 1901. He was placed un-der \$1500 bonds by Judge Chadwick, of the Superior Court, the complaint having been filed direct in the Superior Court. been filed direct in the Superior Court. This is the same charge on which Raby was arrested before, the charge then being misappropriation of public funds, but Prosecuting Attorney Neergaard dis-missed the complaint and filed a new charge under another section of the stat-

The County Commissioners today em-ployed William R. MacKenzie and W. Alployed William R. MacKenzie and W. Allen, of Portland, as expert accountants to
go over the books of the ex-Auditor and
check up his office for the 15 months ho
held the office, before he was forced to
resign. The experts are to have 3100 and
expenses from Portland, if the work is
done in one week. If a longer time is required, they are to have at the rate of
315 per week for their work, after the
first week. They will work at night, from
7 P. M. to 7 A. M., and began work this
evening. They think the work can be
done in 10 days. done in 10 days.

To Attend the Trial of Balliet. BAKER CITY, May 17 .- The Govern ment witnesses in the case of the United States vs. Letson Balliet, left for Des Moines, Ia., last night, to be present at the opening of the United States District Court Monday. Miss Bmily Bally, a school teacher, was summoned as a witness this time. She was the only new witness called by the Government.

Murderer Goes to Prison. EVERETT, Wash., May 17.—Glessing Paine, alias Joe Malvern, was sentenced today to 20 years in the penitentiary for killing his wife in Snohomish last Febru-

DEMANDS JUDGE'S ARREST.

Disbarred Attorney Goode Accuses Court of Fabiliying Records. GRANGEVILLE, Idaho, May 17.—Attorney George W. Goode, who was disbarred by order of Judge Steele on Thursday of this week, has made complaint before the Probate Judge, charging Judge E. Cr Steele, of the District Court, with having falsified the records of the court and demanded the issuance of a warrant for Steele's arrest. No warrant has yet been issued, but instructions have been given to take the depositions of several parties at Stites tomorrow. If the depositions make the same showing as Goode's complaint, the warrant for Steele's arrest will at once be issued and service will be made on Monday at Moscow. Goode's information against Steele is that the Judge had changed the court order for the temporary injunction issued by himself in the case of Gibson vs. the Leggett Creek Mining Company. Goode recently filed in the District Court an affidavit charging the Judge with falsification of the record, and it was on account of this affidavit that Goode was disbarred.

LEWISTON, Idaho, May 17.-Judge Steele, on being informed of the contem-plated action on Goode's motion, declined to make any statement.

CROCKER WOULDN'T TALK.

Aspirant for the Washington Collectorship Declines Interview. WALLA WALLA, Wash., May 17.— Judge Thomas H. Brents and B. D. Crocker returned today from their trip to Washington. They refused to be inter-viewed on politics relative to the Collec-tership, in which Mr. Crocker has been

Painless Dentistry

Didn't Bit

BY OUR SYSTEM

We are enabled to extract from one to 32 teeth at one sitting, positively and absolutely without pain or bad after effects. People in delicate health need have no fear, as our method of extracting is positively safe and absolutely painless.

CROWNS AND BRIDGES

Can be made to do the best of service, restore the features as well as the teeth, and by so doing avoid the use of plates. Bridges are cleanly when properly made, and those who have worn plates and now are wearing bridges under OUR SYSTEM are pleased with the change, and it don't hurt a bit to have them inserted.

Fifteen years' work in Portland ought to speak for itself. No dental students employed.

DR. W. A. WISE DR. T. P. WISE

PLATE TROUBLE Plate trouble is a common thing, and there are various kinds of it. Many plates never were right. Others are properly made, but the mouth is not placed in proper condition for the wearing of plates. The membranes become tender, red and inflamed. The gums become swollen and the plate is uncomfortable. Sometimes a little shaping, or a little grinding, or polishing, is sufficient. Occasionally a plate is so utterly wrong as to be worthless. If your plates are in any way unsatisfactory, we will be glad to make an examination and tell you the cause of the trouble,

DENTISTS
