Legislative Candidates for State Railway Board.

MASS MEETING AT COLFAX

Harold Preston, Aspirant for United States Senator, States His Views—Senator Turner Sends a Telegram—No Pledges Enacted.

COLFAX, Wash., June 7.—About 200 people of all classes attended the mass convention held here today to pledge prospective candidates for legislative positions to support Governor McBride in his efforts to secure a railway commission bill and destroy the railroad lobby.

The meeting was presided over by a Prohibitionist. The secretary was a Democrat, and it was addressed by Republicans, Democrats and Socialists. After the meeting had adjourned and the audience started out, Hon. John Canutt, ex-representative, a Populist, offered a resolution endorsing the McBride action and favoring a railroad commission. Canutt and one other voted for it, and five votes were cast against the motion.

Harold Preston, aspirant for United States Senator, was the principal speaker, and devoted nearly an hour to advocating a railroad commission. In reply to a question by a farmer, he said he favored Government ownership of railroads in time, but thought the country not ready for it now. He was listened to attentively and frequently applauded.

The following telegram from Senator Turner was read by Harry Cornwell, and received liberal applause: "I have no anxiety against the railroads. They are important to our state. But they have too much power for evil as well as good to permit them to work their will without restraint. They are public agencies, created by law to serve the public on a fair and just basis. They ought to be controlled by law, and ought to be willing to be controlled. Holding these views, I drafted and advocated the provision of our state constitution requiring the Legislature to pass laws regulating freight and fares and establishing a railroad commission. I am strongly impressed today with the necessity for such laws as I have ever been. The State Legislature should carry out the imperative mandate of the constitution and establish a railway commission, with ample powers to control the public agencies. The National laws should be so that the interstate commerce commission may do for interstate commerce what a state commission would be enabled to do for state commerce. I have expressed my views on this subject on a number of occasions in the past so long as I remain in public life the foregoing views will govern my conduct."
