OLD-TIMERS IN HERE AGAIN.—The Oregon Historical Society had a call yesterday from Mr. George W. Higgins, wife and daughter, of Chicago. Mr. Higgins came to Portland in April, 1838, on the bark Tarquinia, and left in January, 1852, for Chicago, and has been a resident of that city ever since, being now the oldest living member of the American Fur Trade. In early life Mr. Higgins was a carpenter and builder, and among the buildings which he assisted to erect during his brief stay in Portland were the original Congress building on the corner of Second and Jefferson streets, and the Catholic Church, on the corner of Third and Stark streets. His partner in business was Harley McDonald, still living a generation later, and whose daughter, Mrs. Grimes, now lives in this city. When Mr. Higgins, the assistant secretary of the society, called his attention to the pictures of the buildings referred to, and to the first copy of the Oregonian, the advertisements in which he scanned with much interest, a flood of reminiscences was awakened, the recital of which was highly interesting.

POPULAR SUMMER SEASIDE SCHEDULES RE-ESTABLISHED BY THE ASTORIA & COLUMBIA RIVER RAILROAD, JULY 5.—Beginning Saturday, July 5, and every Saturday thereafter during the summer season, the Portland-Seaside Express will leave Union Depot at 2:30 P. M., running through direct without transfer, arriving at Astoria at 4:30 P. M., Gearhart Park at 4:40 P. M., and Seaside at 5:20 P. M., making direct connection at Astoria with steamer T. J. Potter for Long Beach points. Beginning same date the morning train leaving Portland at 6 o'clock will run through direct without transfer to Gearhart and Seaside, making close connection at Astoria with steamer Potter for North Beach points, and the evening train leaving Portland at 7 o'clock daily, except Saturday, will enable passengers to make connections at Astoria the following morning with train leaving Astoria at 8:15 A. M. for North Beach points, and with steamer Nabocotta leaving Astoria early in the morning daily for North Beach points.

DEPARTURES AT UNION DEPOT.—Considerable trouble is being caused, both to the employees at the Union Depot and to the police, by meddlesome people carrying away various articles from the Union Depot yards, the latest being a man who stopped this, and yesterday Miss Stevenson, Harry Thomas, Willie Camp and John Keegan were arrested for trespassing. Boys in that vicinity are also causing trouble by breaking into the cars and stealing fruit and such articles. The police do not wish to lock these boys up for such offenses, but they are becoming so numerous that something will have to be done. A plan which will probably be tried is to turn some of the offenders over to the Boys' and Girls' Aid Society.

MANAGER POLLARD FINED.—A fine of \$10 was yesterday imposed upon Arthur Pollard for assaulting A. G. Long, aged 12, at the City Park last Friday. The Municipal Courtroom was filled with gay, laughing children yesterday morning, as about 30 little girls, members of the troupe of which Mr. Pollard is manager, marched in to hear the trial. The evidence showed that young Long had struck one of the girls of the company named Annie Thomas, aged 14, and that Mr. Pollard had witnessed the act and administered a swift kick as punishment for the offense. The boy's conduct, however, did not excuse the man before the court, and he was forced to stand the fine.

BINGHAM SPRINGS.—The dry air, cloudless skies and high altitude of the Blue Mountains furnish a striking contrast to the humidity and damp atmosphere of the Willamette Valley. Bingham Springs is situated in the heart of the Blue Mountain Range and offers to the health and pleasure-seeker first-class hotel accommodations, superior bathing, mountain-climbing, fishing, hunting and other outdoor amusements. Special excursion rates from all points are made by the O. R. & N. Co. Information concerning this favorite resort can be had on application to any agent of the O. R. & N. Co. or to the manager of Bingham Springs, Gibbon, Or.

ASTORIA EXCURSIONS.—From foot Alder street daily 7 A. M., except Sunday, to the "City by the Sea." The Columbia is now at its highest water level, the salmon canneries are at work; the river at Astoria is covered with hundreds of fish-boats. Visitors and tourists should take this trip. For all information, both phone and mail, 361.

MERCHANTS' CARNIVAL will be given by the ladies of St. Mark's Church at Parsons Hall, Wednesday, June 26, at 8 P. M. Music by Parsons' orchestra, singing by Mrs. Mae Dearborn Schwalb and Dr. W. A. Cumming. Also opening piano selections by Evelyn Hitchcock. Admission 25 cents.

OREGON CAMERA CLUB EXCURSION, by steamer Harvest Queen, June 22, to Castle Rock, on the Columbia. No hot, dusty cars or people fighting for seats. No cinders in your eyes. Just a cool summer day's outing on the river with the nicest and quietest excursion of the season.

DALLAS BOAT, FOOT ALDER STREET.—Daily 7 A. M., except Sunday, Moffet's Hot Springs, Cascade Locks, Stevenson, Hood River, Lyle, where railroad men wanted, and The Dallas. Grand scenic route for tourists. For all information, both phone and mail, 361.

P. C. & O. PASSENGERS.—On account of the fire and the destruction of two spans of the Madison-street bridge, passengers for Mount Tabor, Mount Scott and Oregon City will be transferred at Grand and Hawthorne avenues.

OREGON CITY BOATS, LEAVE SUNDAY, 5:30 A. M. TO 4:30 P. M. ROUND TRIP, 25c.

SUMMER NORMAL SCHOOL.—A six weeks' course of study, beginning June 30 and ending August 8, will be held at the Holmes English and Business College, to prepare teachers for the August examinations.

PAINTERS' NOTICE.—The Painters' Union will hold election of officers June 28, 1902. L. M. Dobyns, recording secretary.

BAND Concert at Woodstock, from 4 to 6 P. M. Cars leave Third and Yamhill every 20 minutes.

PLEASANT red and white carnations, also floral pieces. Burkhardt's, 2nd and G.

TEACHERS GO TO Eugene.—Professors Robinson and Zinner, respectively County School Superintendent of Multnomah and Clackamas Counties, have completed arrangements for a teachers' excursion to Eugene during the convention of the State Teachers' Association, the first session of which will be held next Wednesday. The excursion car will be attached to the train leaving Portland at 8:30 o'clock Wednesday morning, and leaving Saturday evening. The excursion will afford the teachers an opportunity to see the Upper Willamette Valley, and also to attend the convention in a body. The teachers of Multnomah County will accompany the excursion, and arrangements for transportation to and from Eugene will be made by the Clackamas County.

CONCENTRATING FEDERAL OFFICES.—The heads of the various departments of the local offices of the general government, who have been scattered about in different buildings in the business district, are now beginning to feel comfortable in their quarters in the Custom-House. Arrangements for accommodation for the United States Engineers are now pending, and the matter will be decided within a few months. It is now before the authorities in Washington, and a decision is awaited. When the officers are settled in their new quarters the building will be thrown open for inspection by the public one night between the hours of 8 and 11.

COMPLIMENTARY TO DR. STOUT.—A petition is being circulated among the lawyers, and generally signed, asking that Frank Fields, County Clerk-elect, retain the office of chief deputy clerk of the State Circuit Court. Mr. Stout has held this place for a long time, and as the position is one of much importance, where experience is valuable, the attorneys desire that he shall be retained. If the office of Circuit Court clerk is well conducted, it adds much to the exactness of court records, and the efficiency of the work of the court. The petition is headed by George H. Williams, who also wrote following his name: "I mean it."

LET WORK BE INSPECTED.—Sidewalk Inspector Lillis, of the City Engineer's Department, states that owners and agents of property should not pay sidewalk contractors for work done until the contractors deliver a certificate of completion and acceptance from the City Engineer. Lately, Mr. Lillis says, some sidewalk contractors have not been paid uniformly, as the contractors did not wait for the grade stakes and left a lot of rubbish which it was their business to clean up. Such nuisance, he says, may be avoided by requiring a certificate, which will be issued after an inspection of the work done.
