

RIVERS RISING RAPIDLY

FLOOD SITUATION AT TOPEKA BECOMES SERIOUS.

Railroads Carry On Traffic With Utmost Difficulty—Jam of Driftwood.

TOPEKA, Kan., July 12.—The Kaw rose rapidly today. The waters have crept over the driveway in the City Park, raising many beds of flowers. In North Topeka more homes are being abandoned. The mills in this city have moved their stored grain from the river wharves. Swift packings are being run. Four pumps to avoid submergence. Santa Fe and Rock Island switches are covered, while the Oakland Street Railway tracks are partially abandoned. The Kansas River here is higher than it ever has been before, and is slowly rising. Parts of North Topeka are threatened with a flood. The railroads are conducting their business with the utmost difficulty. A washout at Lakeview caused a suspension of through train business on the Santa Fe today. All the regular trains over the Kansas City to Emporia and Pacific have been using the Rock Island tracks between Topeka and Manhattan. Considerable track has been washed out and several days must elapse before the trains can be run again on time.

MAY LEAD TO A DUEL.

War of Words Between South Carolina Candidates for Senator.

CHARLESTON, S. C., July 12.—At a campaign meeting of the six candidates for the United States Senate at St. George's church here today, a war of words was waged which may lead to a duel between Congressman A. C. Latimer and ex-Governor John G. Evans, rival candidates for Senator. Mr. Latimer, in his speech, attacked Mr. Evans as a traitor to his country. Mr. Evans, in reply, said: "Latimer betrayed me like a dog. Latimer, in retaliation, brought up the subject of the \$15,000,000 deal during Mr. Evans' term as Governor. Mr. Evans said in reply: 'I denounce the man who repeats that rumor as a liar.' Mr. Evans then attacked each other, but Sheriff Owens rushed in between them, insisting that the courtroom was no place for duels. To this Mr. Latimer agreed, and Mr. Evans was ordered to leave the court. Sheriff Owens rushed in between them, insisting that the courtroom was no place for duels. To this Mr. Latimer agreed, and Mr. Evans was ordered to leave the court.

Tracks and Crops Destroyed.

LAWRENCE, Kan., July 12.—The Santa Fe tracks at Lakeview, a few miles east of Lawrence, was washed out last night by the break in the levee that is an old river bed. The Santa Fe has been unable to run trains since last night, but large gangs of men are at work fixing the break. The country in that neighborhood is flooded as never before, and many bridges have gone out. The crops have been undermined, driving out the inmates. Many fields of wheat in shocks have been washed into the lake, and corn fields are six to ten feet in water. The loss will be heavy.

Meeting at Des Moines.

DES MOINES, Ia., July 12.—Water in both rivers is receding slowly, and no further damage from the flood is anticipated. The river is now covered miles of residence and business territory, however, and business in the factory and wholesale districts is largely suspended. Many hundreds of flood sufferers are being cared for in tents and fed at public expense and will be dependent on charity for several weeks.

Missouri River Stationary.

KANSAS CITY, Mo., July 12.—The Missouri River was stationary today from Kansas City northward, while the Kaw has risen but slightly since yesterday. The local weather bureau predicts a fall in both rivers about the next 48 hours. No further serious damage has resulted here.

ARCHBISHOP FEEHAN DEAD

For Twenty-two Years in Charge of the Archdiocese of Chicago.

CHICAGO, July 12.—Archbishop Patrick A. Feehan, for 22 years in charge of the Roman Catholic archdiocese of Chicago, died at 3 P. M. today, after a long illness, aged 73 years. For nearly two far-reaching archbishop had been in poor health. Much of his time had been passed in the quiet of his country home at Feehanville, and for months his executive business of the church had been being conducted by his secretary, Rev. J. J. Muldoon. Some time ago, for the purpose of relieving himself of the onerous duties of his office, Father P. J. Muldoon was appointed auxiliary archbishop. The position is hereditary in the line of succession, and it does not follow that Father Muldoon will take the place of the archbishop.

Overdue Ship Arrives.

SAN FRANCISCO, July 12.—The British ship Crown of Scotland, which has figured for some time in the overdue list, and on which 8 per cent reinsurance has been paid, has arrived from Calcutta, 169 days out. She was ordered to Angel Island, where she will be held for fumigation. Cholera was raging in Calcutta when the Crown of Scotland left there, and one of her sailors fell a victim to the disease. Holed on board the ship.

Colbert's Wealth Goes to the State.

BUTTE, Mont., July 12.—The jury in the famous Colbert will case this morning returned a verdict awarding the wealth of Charles Colbert to the state, finding the will to be a forgery. The commonwealth claimed the estate in the grounds that Colbert died without any known heirs, and without making a will. The estate is valued at \$50,000.

Won by Kramer.

REVERE, Mass., July 12.—The first race in the series of the circuit races for the National professional bicycle championship half-mile event was run on the Revere track tonight, and was won by Frank Kramer, of East Orange, N. J.

Food Grows Scarce.

(Continued from First Page.) Union it was said that 800 teamsters were out. This it was said left fewer than 20 men at work and, it was stated, would drop their rates as soon as word could be had to them. The addition of the teamsters brings the total of men on strike to about 15,000.

Parishable Staff Spoils.

The contents of 21 cars of vegetables were loaded on trucks at the Illinois Central warehouse before noon, but none of the produce reached its destination on South Water street. Butter, cheese and eggs in immense quantities met a like fate at other freighthouses. The arrivals, it is said, were unusually heavy, as the commission men had attempted to get an extra supply in anticipation of today's situation. A number of teamsters were assaulted. They were dragged from their seats and the horses unhitched or the harness cut.

The Best Diarrhoea Remedy on Earth.

That is what Mr. W. E. Landers, a prominent farmer near Indianapolis, Indiana, says of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Read this testimonial: "I have used your Chamberlain's Colic, Cholera and Diarrhoea Remedy for some time. It is the best medicine on earth. It has saved my life several times. I would not think of being without it in my house." For sale by all druggists.

Hood's Sarsaparilla

There is a larger proportion of foreign residents in the city of Chicago than in any other city. 48 per cent of her population is of alien birth. Montgomery, Ala., with 98 per cent of her population native born, is nearest to being an all-American city.

SUICIDE OF DEMOCRACY

REPUBLICAN ASCENDENCY JUSTIFIED BY OPPONENTS' ERRORS.

Not on the Tariff, Trusts or Philippine Questions Have the Democrats Shown Wise Leadership.

WASHINGTON, July 8.—(Staff correspondence.)—The paramount issue for the Democrats in the Fall elections is: What do they want? They want the return of the last session of Congress, but did not secure any question to put before the people. Without any definite policy, and censored by threatened disunion between the Democrats, they have failed to win the faith of the people. They have small hope either of emerging from innocuous desuetude or of casting off its crown of thorns.

What to Do.

"What shall we do?" ask the Democratic leaders, of each other. For some time before adjournment of Congress they felt pretty good. Things indeed, seemed to be working their way, so as to get the Republicans in a hot spot, their economy blatherers who have binned themselves into the belief that the full story of his work at Manila would disclose something to discredit the Government which he served so brilliantly and well.

How About Reciprocity?

What to do? Can the Democrats impeach the Administration for failure to pass Cuban reciprocity, when they were the agents of its defeat in the Senate? Or would they attempt such, and yet they throw it up to the President?

What is the Price of Virtue?

These things show that the Democrats have sold the virtue of their party and the integrity of their consciences. Where do Bryan and his lieutenants stand? Where does Cleveland stand, the only Democratic party leader who has not sold out to the trusts? These leaders are for free trade or for tariff for revenue only. They behold their party repudiating its promise.

ON LABOR CONTRACTS.

Mr. Tooley Writes About the Situation in the Teamsters' Strike.

PORTLAND, July 12.—(To the Editor.)—As your editorial in this morning's paper, "Labor Contracts Should Be Kept," has particular local significance, I wish to call your attention to some facts with which you are perhaps unacquainted. I was invited to give the address at the meeting of the National Union of Teamsters, under the guidance and control of an international organization, is much more reliable than one of merely local ties. All our local unions are chartered by and working under the rules of National organizations.

Records Broken on Lake Shore.

CHICAGO, July 12.—Reeling off 61 miles in 460 minutes, the "Twentieth Century Limited" on the Lake Shore & Michigan Southern road today smashed records for the fastest train ever run. The train, which was held up by a 16-hour schedule could, if necessary, be maintained between Chicago and New York in 24 hours. The train, which was held up by a 16-hour schedule could, if necessary, be maintained between Chicago and New York in 24 hours.

Abductress Released.

CINCINNATI, July 12.—County Prosecutor John H. Brown, notified today by Consul Pearson, at Genoa, Italy, that Clara Taylor, accused of kidnapping Margaret Taylor, has been released. The plea for her release was that she had no criminal intent when she took the child, and that it was not done for monetary gain. The father of Margaret is glad his sister will not be extradited, but Margaret's mother insists on her prosecution if Clara returns here, where she is still under indictment.

DEWEY THE DESTROYER.

He Smashes the Antis as He Once Did the Spanish.

It is so generally understood that there is always something odd when Dewey is around that the announcement, a fortnight ago, that the Admiral would testify before the Senate committee on the Philippines excited widespread interest in his appearance before that body. During the progress of the Philippines inquiry, the anti-imperialist party in the United States were saving their big sensation for the last scene in the performance. A little later they took the public into their confidence to the extent of declaring that the sensational Dewey "just wait until the Admiral testifies," they said in effect, "and you will hear something drop. He will tell the whole truth. His alliance with the Philippines will be described in the minutest detail. He will tell all about his pledges to Aguinaldo, and that much maligned George Washington of the Orient will be placed before the American people in his true colors. The treachery of the United States to the only 'Christian republic in Asia' will be exposed to the withering scorn of a truthful witness who will keep your seats and wait for Dewey."

Search for Jennie and Portland.

SAN FRANCISCO, July 12.—The United States revenue cutter Hugh McCulloch has been ordered to northern waters to aid the Thetis in the work of locating and rescuing the steamer Jennie and Portland, which are ready to start Wednesday or Thursday.

Baptist Young People's Union.

PROVIDENCE, R. I., July 12.—At the annual convention of the Baptist Young People's Union of America this afternoon there was an address on "Salutation of the Flag" by Rev. F. L. Wilkins, of Gloucester, Mass.

Western League Scores.

At Denver—Denver 5, St. Joe 6. At Des Moines—Des Moines 4, Peoria 1. At Omaha—Milwaukee 5, Omaha 2.

Humors

They take possession of the body, and are Lords of Misrule. They are attended by pimples, boils, itching, redness, and other cutaneous eruptions; by feelings of weakness, languor, general debility and what not. They cause more suffering than anything else.

Homeopathic

SEASONABLE ITEMS

Paraffine, lb. .12c. Almond Meal, lb. .12c. Witch Hazel, Dickenson's, pt. 12c. Bathing Caps. .25c. Fruit Jar Rings, doz. .3c. Water Coolers. \$1.30. Lung Testers, 2 for. .5c. Ping Pong, up from. \$1.40. VIOLET CREAM, for sunburn, etc. .20c.

MENNEN'S TALCUM POWDER

Another large shipment. Special, 9c.

Passed Gravel Stone as Large as a Pea.

ROBERSFORD, Pa., April 19th, 1902.

Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen—I had been a sufferer from kidney trouble for about eight years, with pain in side, back and head, about 6 or 8 months ago I concluded to try a bottle of Dr. Kilmer's Swamp-Root. To my surprise I experienced the decided relief before I had taken half of the bottle, and one morning passed a gravel stone as large as a pea, which I still have in my possession and will be pleased to show to any one who doubts the efficacy of this wonderful remedy. One month ago, finding some of the old symptoms returning I purchased a six bottle of Swamp-Root. The following symptoms were relieved before I had taken one-fourth of it I found in the vessel which I had voided during the night, a teaspoonful of small gravel stones and the passing of the same was immediately followed by relief.

JESSE S. BUTTERFIELD.

I am well acquainted with Mr. Butterfield, and know that the above statement is true in every particular.

DR. MOREY, Druggist.

For a sample bottle of Swamp-Root by mail, free, write Dr. Kilmer & Co., Binghamton, N. Y. Do not be misled, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

When the Building Trades Council strike was ordered some weeks since this same contract (since repudiated in toto by Mr. Banfield) was in existence. Our union was and is affiliated with this council, and as much bound to any other union to obey its orders, but when our delegates stated to the Building Trades Council that we had contracts in existence with some of our employers, including Mr. Banfield, it was ordered by them that we should keep faith with our contracts, although these contracts contain this clause (section 7): "In case any of the parties with whom this company deals declared unfair, this union agrees to haul and deliver fuel to this company and continue to do so as long as directed by the members of undersigned company. It is understood that the employer shall be the judge of the qualifications of those whom they may hire and discharge."

It is clearly understood that section 7 shall be subject to any conditions imposed on this union by the Building Trades Council as far as it interferes with the building trades. Now, after the planning maps were declared unfair, and the boycott had been placed against them by the Building Trades Council, it was discovered by Mr. Banfield that he had a contract with one of these unfair and boycotted firms, and he was not backward in insisting that we comply with our contract and deliver fuel to this mill. Our men did comply and haul the wood to make his coal, gas, and keep our faith with him, but you can see the latter clause of section 7 absolved us from such compliance.

When notice was published that the building trades would go out on strike, Mr. Banfield came to me, as business agent of the Teamsters' Union, No. 309, and asked if we intended to cease work. Upon being told that, owing to the existence of our contract with him, we had been granted by the council a special permit to continue at work, Mr. Banfield expressed himself as much pleased with our action, and congratulated us for keeping faith with him, remarking: "It is no use to make a contract one day and break it the next." This same man Banfield has since repudiated this contract which he contracted us for keeping, and under the tutelage and encouragement given him by the sawmill men's trust is waging a relentless war against organized labor in general, and the Fuel and Sand Teamsters' Union in particular.

E. TOOLEY, Business Agent Fuel and Sand Teamsters' Union, No. 309.

Mining Camp Destroyed.

HELENA, Mont., July 12.—The mining camp of Spotted Horse, in Ferguson County, was visited by a fire last night which broke out in the mill, and spread to other buildings. The fire is believed to have been of incendiary origin. There was no insurance. The plant will be rebuilt.
