THE BICYCLES COMPROMISED.—The bicycle tax collectors brought in 10 wheels and three watches to the Courthouse yesterday. There are now 25 bicycles locked up in the grand jury-room awaiting redemption by the owners. Each wheel is tagged with the owner's name, so that there can be no mistake. The bicycles obtained in yesterday's haul were seized on the Flannery-street path. Some riders appear to think the law does not apply to the paths in the city limits. It applies to all paths, as they were all built out of the bicycle tax fund. Bicycles can ride free of license wherever they please so long as they keep off the paths, and those who use the paths must pay the license tax of \$1 per year or take the consequences.

READY TO REACH MACLEAY PARK.—Park Commissioner Mackenzie yesterday that the trail leading from the City Park to Macleay Park has been widened so that people may pass over it without the difficulty which was noticeable in the past. Colonel Hawkins also said that the Commissioners request that picnickers and others refrain from marring in any way the beauty of Macleay Park, which is the scene of many Sunday picnics. It is requested that no fires be started in the park, and also that no papers or dinner baskets be left there.

SEEKS FACTORY LOCATION.—Secretary Moore, of the Board of Trade, has received a letter from W. T. Ford, of Buffalo, N. Y., inquiring about the conditions for the establishment of a factory for sheet iron and tinware. Mr. Ford stated that he is satisfied that Portland is a good location for such a factory, and he asks at what rates charcoal tin plate, refined black and galvanized iron, etc., can be purchased in this city. The information was forwarded to him by Secretary Moore, and an answer is awaited.

PRIVATE TELEPHONES IN COURTHOUSE.—H. P. Emery, the Courthouse carpenter, is engaged in putting in a private telephone line between the offices of the County Clerk, Recorder and Clerk of the Circuit Court. These offices are now under one head, and the County Clerk desires telephone communication established between them, so that he will not have to go from one department to the other when he has anything to say. Small telephones, "kitchen phones," will be used.

DEATH OF A FIRE VETERAN.—Old Harry, once the prize horse of the trio that hauled the big fire truck, and the pride of the Fire Department, died Friday night of indigestion. Harry saw 13 years of fire duty. He was received into the Fire Department in 1888, when he was 7 years old, and he served in the truck company until two years ago. Then, as he was rather old and encumbered, he was sent to the suburban engine-house and in time he drifted down to chemical company No. 4, at Highland. There he was given an opportunity to recuperate, and he seemed to be getting along well and traveling almost as fast as in his younger years, until Friday night, when he suddenly died. The veterinary surgeon who attended him says that death was due to indigestion.
