CLAN-NA-GAEL WINS

Hibernian Convention Elects Officers and Adjourns.

PROCEEDINGS OF LAST DAY

John E. Dolan, of Syracuse, Chosen President—St. Louis Selected as the Next Meeting Place.

NEW OFFICERS OF A. O. H.

President—John E. Dolan. Vice-President—T. J. O'Sullivan. Secretary—J. P. Bree. Treasurer—E. J. O'Brien. Directors—John T. Keating, P. J. O'Connor, Daniel Hennessy and W. J. Cronin.

DENVER, July 19.—The 41st biennial convention of the Ancient Order of Hibernians adjourned at midnight to meet in St. Louis two years hence.

In authorizing the National directors to place four organizers in the field, the convention has taken a step which it is expected will result in largely increasing the membership of the order, especially in the West. The resolutions endorsing the United Irish League that were introduced were defeated in the committee on resolutions. This is regarded as a decisive victory for the Clan-na-Gael.

The first business before the convention today was the consideration of amendments to the Constitution. An amendment requiring all financial officers of the order, both National and state, to give bond in some approved company was adopted.

The convention fixed the minimum bonds to be required of the National secretary and treasurer at \$10,000, and decided that each shall be required to present at the biennial convention a certified check for the amount of money belonging to the order in his possession.

Further changes in the constitution were as follows: Changing the time of holding division elections from 60 days after the National convention to the month of December, adding to the list of officers in each state division a vice-president and a chaplain and granting these officials seats ex officio in the National body.

The recommendation of President Keating that a new contract for two years for the publication of the official organ of the society, the National Hibernian, be made, was adopted.

A resolution, introduced by the delegates from the counties in Pennsylvania which form the anthracite coal region, which expresses sympathy for the striking miners, was unanimously adopted.

A resolution, introduced by the delegates from the counties in Pennsylvania which form the anthracite coal region, which expresses sympathy for the striking miners, was unanimously adopted.

The unanimous adoption of the report of the committee on foreign relations, submitted by Richard McElgin, of New Jersey, means the union and realignment of the Hibernians of America, Ireland, Scotland, England and Australia, after a break since 1867.

The convention granted the request of the ladies' auxiliary that the county presidents of their organization be admitted to future conventions as delegates.

It is life insurance, made payable to the estate. Copies of the will have been furnished the beneficiaries and others interested, and the original testament will be filed for probate early next week. The instrument deals exclusively with the personal affairs, and there are no directions or suggestions in it concerning the affairs of the archdiocese.

JOHN CATLIN DEAD

Well-Known Lawyer Succumbs to Long Illness.

HIS CAREER AT PORTLAND BAR

Stood in Front Rank of His Profession, and His Integrity and High Character Made Him a Model Citizen.

Hon. John Catlin, ex-County Judge of Multnomah County, died after a long illness yesterday morning at 9:30 o'clock, at his residence in this city, corner of Tenth and Salmon streets.

Judge Catlin was born February 4, 1832, at Turkey Hill, St. Clair County, Ill.

and this without regard to the effect on him personally.

In 1858 he was elected to and served in the House of the Washington Territorial Legislature. As Portland and Multnomah County are strongly Republican, the only offices he held were Councilman in Portland and County Judge. He, however, at the request of his party, ran for other offices, one of the closest and most severe contests being as a candidate for the Oregon State Senate, when he was defeated by a small plurality.

His election as County Judge in 1864 was due to his high character as a man, his reputation as a lawyer, and his fitness for the office.

Judge Catlin was one of Portland's best and most respected citizens. In every relation of life he had few equals and no superiors in this community. His name was a synonym of honesty, integrity, honor, capacity and of every high purpose and endeavor.

As a man he had the highest courage, both physical and mental. While he did not seek trouble, he feared no one, and nobody could change his course when he determined what duty required of him.

In politics he scorned, and would not countenance, any improper or corrupt methods or practices. For years he was familiarly known as Honest John Catlin, a name he truly deserved. As a husband, father and friend, he was even more that could be asked.

Although for several years past Judge Catlin had been in poor health, Portland has sustained a great loss for he stood for the highest and best citizenship.

A meeting of the Portland Bar has been called to be held Monday morning in Department No. 1, to take appropriate action on the death of Judge Catlin.

NEW CHINESE MINISTER.

Hubbard Smith Says He Is Thoroughly American.

NEW YORK, July 19.—Hubbard T. Smith, Vice and Deputy Consul-General of the United States at Cairo, Egypt, who is in this city, will sail for his new post today.

Mr. Smith was United States Consul at Canton during the Boxer outbreak, and later accompanied Commissioner Rockhill to Peking. He has met the newly appointed Chinese Minister, Liang Chen Tung.

"He is thoroughly progressive, thoroughly American," said the Consul. "Being of the progressive element, his fortunes will be bright and his future, both politically and materially, but with the restoration of peace his value was recognized."

"China has a great future, a wonderful future before her. If she can only get the world that her government is to be both stable and progressive; and it is just such men as Wu and Liang who will secure her this government, if she will let them bring in the capital which shall open her great resources."

CASTRO CHANGES MIND.

Abandons Idea of Attacking Rebels at Barcelona.

WASHINGTON, July 19.—Minister Bowen at Caracas has cabled the State Department as follows:

President Castro went to Barcelona, Cuba, was partially invited by the revolutionists about 19 days ago, landing from a government warship and asserting that he would clear out the rebels within 10 days.

He had a considerable force of soldiers with him, and the reason for his change of mind in the absence of a decisive battle can only be conjectured here.

It is known that he is unable to regain Caracas, and, owing to the presence between himself and the capital of revolutionary forces, and he must return by water, as he came.
