BRIDGE TRAFFIC LIGHT

FEW VEHICLES CROSS MADISON-STREET STRUCTURE.

Morrison Bridge Will Bear Burden Until East Water Street Roadway Is Built.

Although the Madison-street bridge has been open to vehicles since Monday, traf-fic has been light, many still preferring

fic has been light, many still preferring to cross on Morrison, which is heavily crowded nearly every minute of the day from early morning till late at night.

Foreman Elchmond, of the Morrison-street bridge, said yesterday that there had been some relief since the Madison-street bridge was opened to teams, but that the main portion of the travel that had been using the Madison bridge before the fire was still crossing on the Morrison bridge. He attributes this to the destrucbridge. He attributes this to the destruc-tion of the elevated roadway on East Water street. Many teams that formerly crossed the Madison-street bridge by way of East Water street cannot do so now without going to Grand avenue and making a wide circuit around by Hawtherne avenue, and this they will not do. Slabwood teams and farmers that have been accustomed to use Madison street are rerning, as is other traffic tributary to it. However, the Madison-street bridge will not be used as generally as before the fire until a new elevated roadway or fill shall have been made on East Water The prospects are that it will be some time before either improvement will

The heavy travel across the river naturally crosses on the Morrison-street bridge, as it is central to both West and East Eldes. Next time it is repaired it will have to be widened to the width of the street. Every time the draw is opened to permit the passage of a boat, traffic congests at both ends for many blocks.

INJURED IN BICYCLE COLLISION.

M. Went Rendered Unconscious for Half an Hour by Falling on Curb. M. Went, a young man who lives on th

corner of East Eleventh and East Mill streets, was seriously injured in a bicycle collision Friday evening. He went wheelday's Addition, when a girl on a bicycle ran into his wheel, causing him to fall with great force on the side of his face. He was rendered unconscious by the fall, and seemed to be very seriously injured. For over half an hour he remained to-tally unconscious. A physician was called, It was found that no bones were broken. The side of his face and head received the force of his fall, as he struck on the curb. There was some internal injury, and blood flowed from his mouth, but this did not prove to be serious. During the night he did not rest well, but yesterday there were no serious developments in his

PIPE FOR NEW WATER MAIN. First Steps Are Taken to Build New Line to Sunnyside.

Trucks yesterday commenced hauling 20-inch water main for the pipe line that is to be laid from Division street, on Marguerite avenue, through Sunnyside. Residents of Sunnyside will be glad, indeed, to know that the first steps have been taken to put this main down. They are suffering from water shortage, mainly on the second floors of their dwellings, while the pressure on first floors is very light, especially in the evening, when many are using water for irrigation. This is not because there is no water, for there is an abundance, but because the supply pipes leading from the 24-inch main for the East Side are not large enough to take the water away for distribution.

WASHINGTON, May 9.-Major B. K. West, of the Commissary Department, writing from Manila to General Weston, Chief Commissary, has the following to say concerning the feeding of natives in

"I was in hopes that the closing up of the campaign in Batangas and Laguna would end the feeding of the natives, but such is not the case, although the campa have been broken up. The natives were left in destitute condition; had been unable to plant new crops; all the old crops had been destroyed in the military operations, and so the work has to go on. General Bell was in the city, and I asked him about the number of natives he was feeding. He told me that in Hane was receing. He took me that in Ea-tangas he was feeding approximately 250,-000 people. In Laguna he could not tell the exact number, but I judge from the quantity that we supply that there must be about half as many." condition. KROLL MARRIES TOO SOON

HE TAKES A NEW WIFE WHEN NOT QUITE DIVORCED.

Ignorance of the Law and Failure to Pay His Alimony Result in Arrest for Polygamy.

When August Kroll, a stalwart boller-When August Kroli, a stalwart boller-maker, employed at the Willamette Iron & Steel Works, and living at Highland, awoke yesterday morning, he was contented, apparently prosperous and happy in the possession, of a wife and home. After dinner, he was not sure whether he had a wife or not, as he was arrested for polygamy and, to crown his mixeries, he found that his wages for the week had been attached to estisfy a lawyer's bill for till. Kroli was allowed to go on bill for \$15. Kroll was allowed to go on his own recognizance, after he had been served with a few legal papers issued from the office of Justice of the Peace Reid, who will give a hearing in the case tomorrow morning at 9:30 o'clock.

tomorrow morning at 9:30 o'clock.

Kroll is about 40 years old, and during his career he has been married three times—twice to the same woman. His first wife died and left him with two boys. Then fate in the person of Miss Genoveva Kubik crossed his path. In those days Kroll was a preacher, and was much looked up to by Miss Kubik—so much so that she married him. But their married life was not one of honey their married life was not one of hone; and roses, and two years afterward there was a divorce. They lived spart for some little time, but the flame of love in Krcll's heart for Genoveva Kubik was still burning, and he again married her. During January of the present year, Mrs. Kiell visited Lawyer William Reid, now Justice of the Peace Reid, and said that

her married life was so unhappy that she wished to apply for a divorce. "My husband prays one minute, and swears the next, and I can't stand it,"

she stated.
The case was tried before Judge Sears anuary 31, and after the Judge heard both parties to the sult, he issued a de-cree of divorce in favor of Mrs. Kroll-new Miss Genoveva Kubik-February 17. "Till have nothing more to do with men," said Miss Kubik, reviewing her decree of divorce, which awarded her \$150 alimony, payable at the rate of \$10 per month. Now, under the law of Oregon, both parties to a divorce suit have the right to appeal within six months from the granting of the decree of divorce, and should either one marry again within six months, he or she is liable to be ar-

rested for polygamy.

Miss Kubik was happy when she collected her little 50 monthly from Lawyer Reid, who received the money from her divorced husband, but she was deeply grieved about the first of the present month when her lower who had remonth when her lawyer, who had re-cently blossomed into Justice of the Peace Reid, amounced that he had no file to hand her, as Krofi had not paid his month's allmony.

"He must be sick," ventured Miss Kubik. But a dreadful rumor reached

her: that her divorced husband had mar-ried again, in defiance of the statutes of Oregon. Proof was received that Kroll had married one Lena Tinker, August 2. "And that is not all," announced Miss Kubik, who was very angry by this time. "His marriage certificate stated that he is younger than he really is." So that was why papers charging Kroil with polygamy were served on him yesterday. Late in the afternoon, when he thought he had met with enough trouble for one day, an attachment for H5 was placed against his wages by Lawyer N. D. Simon. The latter had been Kroll's coun-sel in the divorce suit, and the H5 is the balance owing for his legal services. It is understood that Kroll thought he was at liberty to take a new wife within six months after the hearing of his divorce suit, which began Japuary 31. If he had waited 15 days longer, he probably would not have been arrested.

Labor Leader Gives Bond in Case of Alleged Delay of Mails.

DENVER, Aug. 9.-Thomas Devitt appeared before United States Commissioner A. E. Capron today and gave bond for his appearance on August 21 to answer the charge of conspiracy to delay the United States mail. Devitt is a machinist and secretary of the Union, which is now out on a strike against the Union Pacific Railroad Company. It is charged that Alexander Allison and James C. Wood got abourd the engine of a passenger train on the Union Panific road at Deer Trail, Colo., August 6, and disarranged the machinery such a manner as to cause the engine to break down. The two men were arrested on complaint of James W. Penrose and were charged with delaying the mails, Today a complaint was sworn out against Secretary Devitt. He was accompanied to the court by Organizer J. D. Pierce, of the American Federation of Labor, and a number of Denver's labor leaders. They say that he knew nothing of the matter if any delay really occurred as described.

GIVE UP FIGHT ON MORMONS Utah Methodists Will Herenfter Preach Only the Gospel.

SALT LAKE CITY, Aug. 9.-The Mormon church, as an institution to be de tested and avoided, will no longer be preached by the ministers and laymen of the Methodist church in Utah. This decision has been arrived at during the executive arasion of the state conference It was the generally expressed opinion of the ministers that bitter antagonism as shown by the Protestant churches only gains sympathy for the Mormons and ac-compliance nothing. The Methodist church hereafter will, therefore, not denounce the Mormon church from the pulpit, but will attempt to make converts by quiet preaching and friendly missionary work, "preaching the Gospei and allowing Mor-monism to take care of itself."
