

Olds, Wortman & King Fifth and Washington Streets Olds, Wortman & King

THE Circus is coming to town this week. We are glad of it, for it is a fine one—but we do not need to advertise the circus—the mere announcement that it is coming is sufficient to bring the crowds from all the country round.

And it is to these people, who are coming in from out of town as well as the town folks, we want to announce that our store contains the greatest aggregation of desirable goods of all kinds under one roof, of any establishment in the Northwest. All nations are represented in our displays, for our importations are large.

Just now we are offering some giant values at dwarf prices. It is as if one of Ringling's elephants had stepped upon our profits and left them flat. This is in order that we may dispose of our Summer stock, and make room for the new Fall goods, which are being displayed as fast as they can be unpacked. So visitors in the city this week can avail themselves of the closing Summer bargains, and at the same time secure the choicest of the new Fall styles and fabrics.

For sideshows, we have Delivery and Mail Order Departments that are punctual in delivering goods, and very careful and painstaking in filling orders.

Our specialties are uniformly fair and courteous treatment to every one under all conditions.

Come and examine our goods and make our store your headquarters while you are in town.

New Fall Tailor Garments

We are making our first showing of new Fall Walking Suits and Skirts.

As usual, we are the first to show the new and authentic styles in Portland, and our suit department has come to be recognized as the fashion center.

Beside our walking suits and skirts we are showing a complete line of

Fall Jackets, Capes and Long Coats

in kersey, beaver and broadcloth, in all the newest styles, and at prices that are reasonable.

Great Reduction in White Organdie Dresses

There are twenty-five dresses in this lot, ranging in price from \$17.50 to \$27.50, which we have put in one lot and will sell at a price which scarcely pays for the fine material in them. They are all this year's goods, beautifully made, and are suitable for party and other dress occasions. **\$9.98** Every costume in this lot goes this week for

A Big Curtain Chance

A lucky purchase brings us another lot of several thousand pairs of up-to-date curtains at about one-half their value.

These represent the ends-of-lines of one of the largest mills in the country—strictly fresh, new goods. These were a lucky purchase, and we pass the good fortune along.

These curtains are in 30 styles, in Brussels, Renaissance and Arabian effects.

Royal Worcester Corsets

A leading dry goods establishment, such as ours, would scarcely risk its reputation and its chance of profit on one make of a standard article, such as a corset, unless it felt convinced that such corset fulfilled all the requirements in the way of make, material, finish, style and comfort.

This the Royal Worcester Corset does most satisfactorily. It is really the most elegant corset on the market. That is why we carry nothing else. That is why our corset sales far exceed those of any other establishment in the city. We are absolutely headquarters for good corsets in Portland.

We carry the Royal Worcester in over 130 different styles. We have an experienced and expert fitter and fitting rooms, and the greatest pains are taken that no one shall leave our store until they are thoroughly satisfied as to the fit and comfort of their purchase.

New Fall Dress Goods

Our new Fall suitings are coming in rapidly, and already we are showing some beautiful novelties, beside the old, reliable standard weaves, in the beautiful new rich colorings.

There are strong indications that black will lead for street suits and the beautiful Twine and Hop Sacking weaves are favorites.

In colors, the new lovely greens and blues in rough materials have first place, but smooth effects are also popular.

Colored Dress Suitings

We have never offered anything more elegant in quality and texture than these Fall Suitings. They are in an almost infinite variety of weaves, such as the herringbone, zibeline and the new tweed effects, beside the pin check and invisible stripes. Colors vary as much as weaves, but they are all soft and rich.

Waistings

These materials are in such a beautiful variety that separate waist bids fair to be more popular than ever. The Persian designs are especially rich and the stripes, both plain and fancy, are in exquisitely blended colorings.

Black Dress Goods

Priestley leads in this line of goods, and he is well represented on our counters. There are Satin Soliels, Prunellas, Caritas, Sicilians, Broad Cloths, Craveneted Serges, Cheviots, Worsteds and Meltons.

In other makes we have beautiful novelties in Twine and Hop Sacking, Herringbone, Zibelines, plain and pebble Cheviots and unfinished worsteds, sponged and shrunk, ready for street wear. Prices range from \$1.00 to \$2.50 per yard.

Something New

And exclusive with us are our new Persian and bordered designs for kimonas and house gowns. We have a large line of these designs, no two of which are alike.

Kid Gloves

Nothing in the way of apparel is more satisfactory to a woman than a shapely, nice fitting glove, whether it has the glace finish, or the soft suede, and nothing is more annoying than just when she thinks she has capped the climax of fetching toilet by drawing on the exactly right shade of glove, to have it rip or tear.

It is our especial pains in buying gloves to avoid these experiences. We spare no pains to secure the very best makes of the very best makers. We carry the Jouvin, the Dent, the Mentone, the Regatta and the Vassar, besides numerous other makes, and our fitters take every precaution to sell a glove that fits the hand of the buyer.

Our new Fall lines are coming in and we are pleased to show them.

Sale of Tuckings

This sale will continue another week. Included in these bargains are beautiful, fine batistes, with both broad and fine tucks, solid and in groups. Also alternate rows of fine tucked batiste and lace or embroidery insertion. These are goods that come in nicely for so many things there can be no mistake in securing them while prices are low.
