AMUSEMENTS TONIGHT.

SHIELDS' PARK, 15TH AND WASHINGTON. Leonard and Leonard, Helen Lamar, vaudeville and music.

NEW SWITCHBOARDS FOR FIRE COMPANIES.

The fourth of a number of new switchboards for fire companies is being completed in the department rooms in the basement of the City Hall by Electrician Walker and his assistant, Mr. Brill. This board is intended for the house of truck company No. 3 at Fourteenth and Grand streets. It is handsomely framed in oak, with concealed wires, and will be quite an ornament to the department. Three such boards have already been built—one for hose company No. 2, one for engine company No. 3, and one for engine company No. 6. The work on each was done almost entirely by the fire department officers. District Engineer Holger attended to the woodwork, and Messrs. Walker and Brill made the bolts and laid the wires. Each of the boards, if made by contract, would have cost the city about \$75. As built, the only expense has been for brass and woodwork which could not be done in the department, and that did not exceed \$25 for each. Chief Campbell says these boards will be installed in the several houses when occasion requires, or whenever repairs to such houses must be made. So far they have been placed only in houses where a general overhauling has been made.

TWO BOYS TOUR THE WEST.

Two boys named Wilfred and Felix Reed have won prominent figures on the streets for the past week. They are of a most inquisitive turn of mind, and their ingenious curiosity has been a source of endless amusement to the people. In spite of their somewhat rustic garb and appearance, they are intelligent observers. Yesterday morning they were to be seen walking up Morrison with full-sized cameras and taking pictures of everything in sight. They say they come from Boulder, Colo., and have worked in The Dalles. At present they are on their way to San Francisco, and are waiting till the Elder sails. They make no pretensions to being tourists. They were highly insulted when it was insinuated that they belonged to that tribe, and retorted that they "had a little meat on their hands yet." When apologies were offered, Wilfred condescended to inform his questioner that they were out sightseeing and were bound for California, because they heard that there was lots to see in that country. "We are simply laborers," added Felix, "and we are bound to see the world. There's a heap to see, and, by jimmie cripps, we calculate to see our share."

ONLY 25 CENTS, ROUND TRIP. ALDER STREET DOCK, PORTLAND. RAILROAD DOCK, VANCOUVER. Leave Portland 9, 10:30, 11:30 A. M.; 2, 3 P. M.; leave Vancouver 11 noon, 1, 4:30, 5 P. M. Concert in City Park at Vancouver Sunday afternoon by Seventeenth United States Infantry regimental band, from 1 to 3 P. M. WINTER FUEL—Winter fuel is a subject now demanding attention. It is an economy to get it in at this season for it is not only cheaper, but the quality is better. Coke is a most satisfactory fuel. It is a pleasure to fill up the grate early in the evening and have it require no more attention until bed time. While in the furnace it will burn all night.

Excursion for Hoppickers.—Mr. L. Krebs, of Krebs Bros., who own 240 acres of the finest hopyard in the state at Brooks, Or., was in the city yesterday. Mr. Krebs, while here, arranged for a mammoth excursion for the benefit of hoppers for the Southern Pacific. He will be at the St. Charles Hotel on Monday, the 25th inst., to sell tickets at \$1.20 for the round trip. Krebs Bros. will run an excellent restaurant, where meals will be served for 15 cents. Hoppers can have option of eating at restaurant or of doing cooking in shacks on grounds. Krebs Bros. have provided excellent camping grounds, with running water, and conveniently near grocery store and meat market, where goods will be sold at Portland prices. For the pleasure of the young folks, they have arranged for a dance every night during the season except Sunday, beginning with a grand opening ball on September 5, in the largest dancehall of the state. Must be furnished by the full Turner orchestra, of Oregon City. In the opportunities the hopping season affords for a pleasant outing, with the chance to engage in light work at good wages, the offer of Krebs Bros. will be taken advantage of by many families of Portland. MESSMORGER BOYS' LONG TRIP.—Much is said about the slowness of the messenger boys, but there are some who are truly faithful in the discharge of their duty. At a late hour Friday night a long-distance call was received for A. Reynolds, whose address was said to be Cedar Mills, Russell Jams and Moss Chrimer, of the Pacific Messenger Company, were sent out in quest of the man and told that the call was an urgent one, and that they must find him. They started out boldly, but in a short time lost their road in the dark. This did not daunt them, and they continued to travel until nearly 2 o'clock in the morning, when they became exhausted and built up a fire and lay down for a rest. After an hour's rest they continued their way, inquiring of every one that they saw, and about 5 o'clock yesterday morning found their man. The boys showed much pluck in the discharge of their duty, and proved that there are at least some of the messenger boys that are all right. TAKE GOOD CARE OF SIDEWALK.—The proprietors of the Oregon market, on Fourth street, near Morrison, take good care of their sidewalk these days. In front of their premises it is 15 feet wide, and they cover it fully 12 feet with crates of fruit and melons and boxes of all manner of smelly things that go to make up the modern market-place. Thus the public has a narrow path about three feet in width in which they are compelled to walk. It will be many years before the walk will wear out, if only three feet is exposed at a time. ACADEMY HOVY STREET IMPROVEMENT.—A remonstrance against the improvement of Hoyt street from 8th to Ninth street was filed with the City Auditor yesterday. The only signer was the Northern Pacific Terminal Company, and the document gave no reason why the street should not be improved. It is understood, however, that the terminal company considers that portion of the street in good condition, and that the taking up and relaying of the stone blocks, as petitioned for, would not be much of an improvement. INJURED CHILD IMPROVES.—Little Connie Plichtner, who was seriously injured in a peculiar accident at Cascade Locks, is reported to be getting along nicely. Examination showed that she had sustained no internal injuries from being crushed under the log apart from a fracture of the thigh, which was healed yesterday. With careful care it is hoped that she may recover entirely and carry no marks of her terrible experience. SLEAWOOD. SHORE SLEAWOOD. Full loads, green or dry. Telephone order to Main 100. Western mill. OREGON CITY BOATS. LEAVES TAYLOR STREET SUNDAY. EVERY HOUR FROM 5:30 A. M. ROUND TRIP 25 CENTS. TAKE THE BABIES to see the baby monkey today and every day at end of cable line, Portland Heights, free.

field has fallen a victim to his investigations at Yale into tuberculosis, says a New Haven special to the Press. When in the medical school he made a special study of the disease, and was sent to Denver almost on the eve of his graduation, suffering from the disease, which he had contracted from his patients. His condition improved there, and he completed his studies in the medical college in that city. He recently suffered a relapse, and has fallen rapidly for two weeks. Dr. Schofield is only about 25 years old.

You May Need Eyeglasses We Fit

Here's a little advice (gratis) about your eyes. If you need glasses, don't go to a bargain counter. That might do for a hat, or shoes, but your eyesight is a serious matter AND AN OPTICIAN WHO UNDERSTANDS HIS BUSINESS WON'T OFFER FIRST-CLASS SPECTACLES AT BARGAIN COUNTER PRICES. We take time to fit our patients, and when we get through they have a pair of glasses that correct the defect. We do not experiment. It's either a true fit or none. If you are troubled with your eyesight, come in and see us. Our prices are reasonable.
