HARD HITS AT PLUMBERS

WHAT THE COMBINE IS DOING, AND HOW IT DOES IT. New Ordinance for Plumbers Imposes Unnecessary Tax on Every Householder.

PORTLAND, Aug. 22.—(To the Editor.) It is probably not true that Portlanders generally are guilty of "moshbackism," but the ductile and patient submission in which our people support the various impositions of certain cliques and combines is a characteristic not to be proud of. Those mentioned in the following are not the only public nuisances of that description, but it is time to commence somewhere and make an effort to abate them. Recently in an interview Mr. Ladd, law enforcer in strong and fitting terms the sailor boarding-house ring, but who has Portland stood this business so long? As long as I can remember these gentlemen have prospered amidst those denunciations. Perhaps it is somewhat due to the combine that they are not the only "crimes" in Portland.

There is, for example, the plumbers' combine, which recently, on April 15, caused the passage and subsequently, on April 17, the approval by the Mayor of the latest plumbing ordinance, a measure which enables the combine to exact blood money from every man who builds or owns a residence building, and was found sufficient and satisfactory; the new ordinance enforces the use of extra heavy, much to the detriment of many houses, the plumbers' expense cut to pieces to make room for pipe of greater dimensions and weight than necessary. Needless to say that it too adds to the expense. The following table, which is published in the ordinance, shows the enormous increase in the weight, which in many cases must be suspended from ceilings of houses:

Table with 3 columns: Standard (old or Extra heavy (new dimension)), Pipe ordinance, and Weight. Rows include 1-inch, 1 1/2-inch, 2-inch, 2 1/2-inch, 3-inch, 3 1/2-inch, 4-inch, 4 1/2-inch, 5-inch, 5 1/2-inch, 6-inch, 6 1/2-inch, 8-inch, 8 1/2-inch, 10-inch, 10 1/2-inch, 12-inch, 12 1/2-inch, 14-inch, 14 1/2-inch, 16-inch, 16 1/2-inch, 18-inch, 18 1/2-inch, 20-inch, 20 1/2-inch, 24-inch, 24 1/2-inch, 28-inch, 28 1/2-inch, 30-inch, 30 1/2-inch, 36-inch, 36 1/2-inch, 42-inch, 42 1/2-inch, 48-inch, 48 1/2-inch, 54-inch, 54 1/2-inch, 60-inch, 60 1/2-inch, 72-inch, 72 1/2-inch, 84-inch, 84 1/2-inch, 96-inch, 96 1/2-inch, 108-inch, 108 1/2-inch, 120-inch, 120 1/2-inch.

It used to be possible to get an ordinary cottage plumbed for \$100 to \$125; but now this runs from \$175 to \$200, and the public gets no better service, and in many respects the practical utility of the plumbing system is worse. There was no objection or complaint nor any desire on the part of the public for this new ordinance, and no one outside of the combine wanted a new plumbing law. Only a few of the objectionable features of the present law have been treated herein, and many more may be pointed out.

The attention of the Honorable Mayor, the Council, the architects, builders and the interested public generally is respectfully called to the foregoing, with a view to action in the matter. ERNST KRONER.

DISEASES OF MEN

AND THEIR CERTAIN CURE

There is no certain cure for these diseases without resorting to those unpleasant and painful methods still used by many, which aggravate rather than cure. With the same certainty as that of a perfect diagnosis, we adapt my special French treatment to the radical cure of:

Stricture, Prostatitis, Inflammation of the Bladder, Private Disorders, Varicocele, And All Genito-Urinary Diseases.

It affords instant relief. I remove every vestige of disease without resorting to those painful processes usually employed and which do not give satisfaction. It is not reasonable to suppose that a man can exercise the essential functions while the urinary channel is blocked by stricture or other disease, which destroys the vitality, power, and which becomes more aggravated under improper treatment. These diseases, while they last, always detract from the sexual and bladder functions, and an early cure is always advisable.

THE CAUSE.—An enlargement of the veins surrounding the spermatic cord, a twisted, knotted, worm-like or swollen appearance of the scrotum, extending down through the inguinal parts, low spirits, weakness of body and brain, nervous debility, partial or complete loss of sexual power, and often failure of general health.

THE EFFECT.—At times a dull, heavy, dragging pain in small of back, excessive hemorrhage or bicyclic-riding, THE CAUSE.—Sometimes self-cure, but often blisters, are used, and often failure of general health.

I also cure, to stay cured forever, Stricture, Syphilitic Blood Poison, Impotency and all associate diseases and weakness of men. To these maladies alone I have earnestly devoted my whole professional life.

If you cannot call at my office, write me your symptoms fully. My home treatment by correspondence is always successful. My counsel is free and entirely confidential, and I give each patient a legal contract in writing to hold for my promise. Address
