BAKER'S THEATER—Matinee and evening.
"A Social Highwayman."
CORDRAY'S THEATER—Belasco-George Juvenils Specialty Company and brass band.
BIRKBECK PARK, 19TH AND WASHINGTON—Vaudeville.

BORNHORN A HACKMAN'S COUPE—There were three revolver shots fired in an exciting pursuit by Special Officer Nash early yesterday morning after a well-dressed young man, who afterward gave his name as W. H. Packard, in the neighborhood of Second and Alder streets. Packard was locked up, charged with breach of the peace, and the probabilities are that the case will be dropped after Packard and his friends pay for the trouble they have caused, which consisted inforcibly taking away a horse which belongs to George Clark, a hackman. Clark drove up to the Perkins Hotel cafe yesterday morning to partake of lunch, leaving his horse and coupe standing at the curbstone. His meal finished, Clark went outside to find that his horse and coupe were no longer to be seen. Special Officer Nash started on a still hunt. At Second and Alder streets Nash saw a coupe being driven by Packard, who whipped up the horse when he saw the officer. "Stop," yelled Nash, who was riding his bicycle. But by this time the horse was speeding at a lively gait, and a man named Fred Fredericks, who was inside the coupe, opened the door and jumped out, falling heavily on the asphalt. Nash continued his pursuit on foot after the driver, who had leaped from the back and was running like a deer. To frighten the man Nash fired three shots in the air, and at the third shot he surrendered to Patrol Driver Johnson. He said that he and a friend, Fred Fredericks, had taken the horse to drive around town. Fredericks was arrested later in the morning by Special Officer Smith. Both defendants were allowed to go on their own recognizance.

SPECIAL SUMMER SCHEDULE OF A. & C. R. R. between Portland and the beaches to be continued until September 14. To meet the urgent demands of its patrons traveling public in general, the A. & C. R. R. has decided to continue its present unexcelled train service between Portland and all beach points to September 14, and until that date the Portland-Beaside Express will leave Union Depot every Saturday at 2:30 P. M., as at present, and the morning train leaving Portland at 8 A. M. daily will run through direct to all beach points, and returning, leave Seaside at 5 P. M. daily.

TRAVELING MAN ROBBED—Some daring thief on a ladder made his way yesterday morning to a second-story room in the Imperial Hotel occupied by S. V. Miller, a traveling man, stole \$300 in gold and silver, and a watch and chain, and got away. The police are now at work on the case. Miller stated that the thief could not possibly have gained an entrance by forcing the door, as being a light sleeper, the slightest noise would have awakened him. The window in Miller's room was left partly open, and the \$300 was in his clothing, which was on a chair.

TO KEEP OUT ANIMALS AND BIRDS—Collector of Customs Patterson has received a notice from H. A. Taylor, Acting Secretary of the Treasury Department at Washington, that wild animals or birds must not be landed without a permit from the port of importation. The notice recites that it has come to the knowledge of the department that the law on this subject is not strictly enforced at the different ports, and the Collector is directed to see that the statute is not violated, whether the animals or birds are imported as a regular consignment of dealers or brought by passengers as pets. The statute prohibits the bringing in of foreign wild animals or birds, except where they are distinctly natural history specimens or cage birds. English sparrows are specifically proscribed, also flying foxes, fruit bats and starlings. There is not much trouble with this law in Portland, because there are few importations of animals and birds.

LOOKING FOR AN EYE—A man engaged in the manufacture of optical instruments was met yesterday wearing a very worried expression. "I'm looking for an eye," said he, "and I'll be hanged if I can find it. I mean an artificial eye, not a real one." He added, seeing a startled look in the other's face. "A man in Seattle—we get all of Seattle's orders for artificial eyes—wants a match for an old, out-of-date eye that he picked up years ago, probably in a second-hand store, and as it is a very peculiar thing, I'm having a hard time to find a mate. There is only one establishment besides our firm that carries eyes in town, and I'm afraid I'll have to send that man a blue one 'instead of the chocolate-brown eye that he ordered. If I could see the man it would be easy enough, but I'm up a tree. Well, so long. I've got to find that eye."

SHERIFF WANTS NIGHT JAILER—Sheriff Storey wants a night jailer in the County Jail to assist County Jailer Jackson. There are seven prisoners in confinement charged with murder in the first degree, and three awaiting trial for manslaughter, and the Sheriff thinks the responsibility is too great for the hour he arises in the morning, 6 o'clock, until he retires at 10 o'clock at night, and is also responsible for their safe keeping while he is asleep. Sheriff Storey has sent a letter to the County Commissioners stating that he thinks this is too great a strain on the jailer, who ought to have a night deputy under these circumstances. The members of the County Court will consider the matter and take action later on.

To Consider Relief Claims. A meeting of the Police and Fire Fund Board, consisting of the Mayor and the members of the Fire and Police Commissions, will be held in the

City Hall at 10 o'clock Tuesday morning. The principal business to be brought before the board will be the claims of invalid members of the two departments. In the afternoon the Board of Health, consisting of the Mayor, the Chief of Police, the chairman of the health and police committee of the Common Council, the City Physician and the Health Commissioner, will have a meeting. The question which it will consider will be the improvement of the hospital for contagious diseases. In speaking of this matter yesterday Mayor Williams said that he had thought it would be necessary to ask the Council to pass an ordinance making an appropriation for the improvement. Subsequent investigation, however, had shown that there was sufficient money in the fund to meet the expenditure. The sum to be expended is only \$500, and it will be applied to the erection of another building on the hospital grounds and to making improvements to the present structure.
