BABIES WHO WON PRIZES AT THE ELKS' SHOW

LIKENESSES OF THE PRIZE-WINNING BABIES AT THE ELKS' CARNIVAL

The first prize for the best-looking girl under 1 year was won by Vera Lenore Arpin, daughter of Mr. and Mrs. Napoleon Arpin, 25 North Seventh street. Teddy Keefe, who was voted to be the best-looking boy under 1 year, is the son of Mr. and Mrs. William Keefe, 766 East Iron street. These two children were awarded handsome gold medals, with the date, the name and the Elks' emblem. The honor of being the prettiest girl in the show, between the ages of 1 and 3, was adjudged to Deloris Starr, daughter of Mr. and Mrs. O. N. Starr, 508 East Stark street. The prize for the most characteristically dressed baby was given to William Hope (Japanese), son of Mr. and Mrs. Hope, 200 1/2 Washington street. Chubby little Rachel Peterson won the medal for being the fattest baby under 1 year. She is the daughter of Mr. and Mrs. John H. Peterson, of Clatsop. The prize twins were the children of Mr. and Mrs. A. J. Gratton, 430 Hoyt street.

INSTRUCTED FOR TURNER

SPOKANE DEMOCRATIC CONVENTION A RATIFICATION MEETING.

Surprise Created by Declaration for Railroad Commission to Be Appointed by McBride.

SPOKANE, Sept. 6.—The Spokane County Democratic Convention today was a Turner ratification meeting. The delegates to the state convention were instructed to favor his nomination as the party candidate for Senator. The Legislative nominees were instructed, if elected, to vote for him first, last and all the time, and when the Senator appeared before the convention he was given an enthusiastic reception. The county ticket, nominated practically by acclamation, follows: Superior Judge—John R. McBride. Sheriff—Leroy C. Waller. Prosecutor—A. H. Kenyon. Clerk—Charles T. Bogart. Auditor—E. R. Fraser. Treasurer—George Mudgett. Assessor—Henry Treede, of Waverly. Coroner—Dr. James B. Munley. Superintendent of Schools—Mrs. Rose Rice Turner. Surveyor—John W. Strack. Commissioners—Edward O'Shea and I. J. Bellinger. State Senators—Sixth district, Will G. Graves; Seventh district, Huber Rasher. Representatives—Second district, F. F. Quinn and J. J. Fitzgerald; Third district, W. W. Hayward and Joseph Rossow; Fourth district, John Scott and James Hayes; Fifth district, A. J. Reiss and Captain John Gray; Sixth district, Dana Childs and Thomas Cole. A remarkable feature of the convention was the declaration in favor of a Railroad Commission. It specifically declares

that the first commission should be appointed by "our present executive, Henry McBride." Every reference to the Railroad Commission was cheered. The delegates to the state convention are instructed to support a plank pledging the party to the commission plan. The platform also declares against the pass evil and the railroad merger.

SOME DEMOCRATS MAY SLIP IN.

Tactics of Republican Bosses in Clark County Cause Displeasure. VANCOUVER, Wash., Sept. 6.—(Special.)—As the time approaches for the Democratic convention, more interest is taken in politics. It was not at first believed that any Democrat could be elected in Clark County this fall, but so much criticism has been expressed regarding the actions of the recent Republican convention in entirely sidetracking the county delegates by only giving them four or five delegates to the state convention, and very little else on the ticket, in forcing the nomination of candidates whose professional actions had been severely criticized, together with the spectacle of a Judge so far forgetting his judicial dignity as to take an active and personal part in the canvassing of the county for the purpose of carrying primaries so that his clique might be in power, and with the idea, so it is rumored, of seating himself higher judicially, that there is a tendency toward discord in the party, which might, if the Democratic convention should be more careful in the selection of its candidates, elect some of them.

Freight House Burned.

DURAND, Mich., Sept. 6.—Fire today destroyed the 600-foot freight house of the Grand Trunk & Ann Harbor Railroad here, consuming thousands of dollars worth of merchandise, burned about 90 cars standing in the yards, out of telegraph service and stalled all trains. The total loss will be about \$150,000. But one man was hurt, brakeman Woodhouse, whose arm was broken. It is alleged that the fire was caused by a freight hand, who threw a lighted match on the oil-soaked floor of the car.

DEALING WITH THE PORTE

MINISTER LEISHMAN CONCLUDES HIS NEGOTIATIONS.

After Being Snubbed by Minor Officials He Appealed Directly to the Sultan Himself.

WASHINGTON, Sept. 6.—It is learned at the State Department that Mr. Leishman, United States Minister at Constantinople, finally has reached a most satisfactory understanding with the Porte as to the complicated and delicate questions which have been the subject of negotiation between the Government of the United States and Turkey for several years. Consequently, his service has been extremely satisfactory to the department. He has concluded successfully this phase of his work and has been granted leave of absence. It appears that the principal difficulty experienced by Mr. Leishman was due to the impossibility of finding any Turkish officials with whom he might do business properly authorized. He would enter into an arrangement with one or another of them, and this arrangement would be disavowed by the Grand Vicer. After several experiences of this kind, Mr. Leishman came into personal communication with the Sultan himself, and the latter, upon hearing of the manner in which the Minister had been obstructed in his work, issued a summary order that all of the arrangements entered into by him with the subordinate officials should be carried out in good faith.

Rosehill Took the Advice.

WASHINGTON, Sept. 6.—Acting Secretary Adee has been informed by the Japanese Legation here that Captain Rosehill, who undertook to lay claim to Marcus Island and take possession, arrived on that island July 30 last. He was met there by a Japanese warship, the commander of which handed to him the letters addressed by the State Department, pointing out the advisability of his availing any forcible demonstration to support his claim. The Captain accepted these letters as sufficient, and left the island about a week later. He has not lost any right he might have had, according to the State Department, and if he has any just claim it may be pursued to a conclusion in the usual diplomatic channels.

A FORGED PARDON.

President Roca's Son Prevented an Execution.

NEW YORK, Sept. 6.—Newspapers of this city are commenting on a curious affair which has just taken place, cables the Buenos Ayres correspondent of the Herald. A murderer named Juan Rodriguez was sentenced to death by the tribunal at Mendoza. The Governor of the place would not pardon the condemned man, and the execution would have taken place on Thursday except for a dispatch which came at the last moment, apparently from President Roca, recommending that a pardon be granted. When the President learned of the pardon he denied having sent such a dispatch. Upon investigation it was developed that the message was sent by Dr. Julio Roca, the President's son and private secretary, who signed his father's name to the message. He said he did so in accordance with the request of the Chilean Minister, Senor Concha Subercaseaux. Dr. Roca explains that it was too late at night to awaken the President. He therefore sent the dispatch without his father's knowledge, because he was sure the President would not refuse the intervention.

MINES MAY BE TIED UP

SMELTER SHOWS NO INCLINATION TO COMPROMISE.

Coeur d'Alene Fears Long Shut-Down Since Trust Has Ordered All Cars to Be Unloaded.

WALLACE, Idaho, Sept. 6.—(Special.)—Instructions were sent to the mine today saying that all hopes of settling the fight between the mineowners and the American Smelting & Refining Company had been abandoned, until September 15 at least. Further instructions were sent to the effect that all cars loaded with ore should be unloaded immediately. All mineowners of the district expected that a settlement would be reached today, but instead matters are worse. Everything was ready to start the movement of ore if an agreement had been made with the trust. Ore is piling up at all the mines, and all the spare room will be filled in a short time. Some of the miners will undoubtedly have to be laid off before a settlement is reached. People, and especially business men, of the Coeur d'Alene are taking keen interest in the development of the affair. It is the one topic of conversation, as a long close-down is feared and business conditions may be impaired for a time.

Tennessee Republicans Split.

NASHVILLE, Tenn., Sept. 6.—The Republicans of the Sixth District met here today to nominate a candidate for Congress to oppose the present representative, J. W. Gaines. A split developed in the convention and the Brownlow men of the district nominated District Attorney Thimman, while the Evans followers put up H. A. Luck.
