VOHICER MAKES LOCAL RECORD

Three-Quarter Dash Is Covered in 1:41, or Only Two Seconds Below World's Mark—Leroy Wins the 2:15 Pace.

WINNERS. Pacing, 2:15—Leroy. Trotting, 2:30—Kate Lumry. Running, 3-year-olds, 1 1/4 miles—Sailor G. Rannick, consolation, three-quarters of a mile—Vohicer.

SALEM, Sept. 20.—(Special.)—Today's races on the Lone Oak track were uneventful so far as record-breaking was concerned, except for the day's final race, a three-quarter mile dash, which was won by Vohicer in 1:41. This is a new track record, and is only two seconds below the world's record. It was an off day for favorites, the field winning many of the heats. Two special running races had been arranged for this afternoon, but they failed to fill.

In the 2:15 pace, Leroy won the first heat in 2:19 1/2 over Chester Abbott. The favorite, Belleair, took the lead and set a good pace, but was passed on the back stretch by both Abbott and Leroy, the former leading to within 50 yards of the finish, when Leroy spurred under the wire and won by a nose. The second heat was started after much scoring. Brooker, the driver of Abbott, being reprimanded by the judges for holding his horse, Abbott took the lead and kept his place to the stretch, when Leroy went to the front and finished first, winning the race. Starkey kept his place at third, and was followed by Pathmark, Belleair being distanced. The concluding heat was made in 2:30, the best race of the day.

Kate Lumry was pitted against the field in the first heat of the 2:30 trot, but did not get started quick enough. Although she made a splendid start at the finish, she could only finish third. Package lead to the quarter pole, when he exchanged places with Volo, and led by a length to the three-quarter pole, when the distance was increased to two lengths, and these relative positions were held to the finish. Volo, the favorite in the second heat, went off his feet at the start and fell to third place. Package gained the lead, but Kate redeemed herself and took the heat by two lengths, in 2:30. Volo led to the three-quarter pole, when Kate stepped to the front, but broke just before reaching the wire, giving the heat to Package in 2:25. Kate took the fourth heat in 2:28, four beats being too much for Package, who crossed the wire two lengths behind.

In the one-and-eight-mile dash, for 3-year-olds, Ira, his horse, picked for the winner, but she finished fifth. Ira had the lead at the start, and the order of the other horses was as follows: Sallor G., George Dewey, Frank Duffy, Platonius and Marengo. Sallor was too much for the other on the stretch and won, with George Dewey second. Platonius won third place over Marengo by a nose. Ira and Frank Duffy finished in the order given; time, 1:37.

The final race of the meet was a three-quarter-mile dash for beaten horses at this meeting. Little Minch, J. Gypsy Boy and Hiramok were scratched, leaving eight starters. The race was exciting, the horses remaining perfectly bunched until the stretch was reached, when Vohicer advanced third place to first and won the race, with Sally Goodwin but half a length behind and Almoner in third place. Boynton, who rode Almoner, was striking for striking Jockey Linton, on Sally Goodwin, with a quirt during the race.

IT CARRIED A CHUNK OF AMBERGRIS THAT SOLD FOR ABOUT \$100,000. Pacific Commercial Advertiser. More than \$100,000 is what Captain James Earle, a New Bedford whaler now visiting in Honolulu, realized in 1881 from one sperm whale. In fact, the whale was one of the most valuable ever caught in any ocean. It was not the 90 barrels of oil which gave the leviathan its extraordinary value for that was sold for something like \$4000, but within the whale's vast interior there was found a solid piece of ambergris weighing 799 pounds. This was the largest single piece of ambergris ever found according to the records, and that it came from one lone whale made the rich discovery the more interesting to the scientific world.

Few People Know How Useful It Is In Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables. Charcoal effectively clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic. It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh. All drugs that sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Sturt's Absorbent Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey. The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit. A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Sturt's Absorbent Lozenges to all patients suffering from gas in the stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Sturt's Absorbent Lozenges than in any of the ordinary charcoal tablets."
