# Olds, Wortman & King

THE atmosphere in our entire store is fairly full of Christmas suggestion. There is a Santa Claus jingle everywhere. Each department suggests some fitting tokens of the season's good will. The Toy Bazaar on the fourth floor is a genuine Santa Claus Wonderland where children revel in Christmas anticipations. On the second floor the dolls monopolize the attention of everybody, and the unanimous verdict is, Our showing eclipses anything ever before seen in Portland. We can assure you we have taken every pains to make it, and also to secure prices on them which will satisfy you. Our doll hospital is now open, and disabled dollies may come here and be entirely restored to their former freshness and beauty.

We are making our most telling showing of Christmas goods right now, so that you need not delay your buying until late, when you will be compelled to make your selections hurriedly. We are also prepared to take care of anything purchased and left with us for later delivery.
