

HIS FINAL ADDRESS

John Mitchell Speaks to Strike Commission.

HE CONDEMNS LAWLESSNESS

Importation of Nonunion Men Condemned and Disorder Declared Injury to Union-Miners Not to Blame for Coal Famine.

PHILADELPHIA, Jan. 17.—President John Mitchell, of the Miners' Union, before leaving for Indianapolis to attend the National convention of his organization and subsequently the National Wage Convention of the soft coal operators and miners, delivered today what he believed was his farewell address to the coal strike commission. The Scranton Coal Company, which also operates the collieries of the Elk Hill Coal & Iron Company, closed its mines during the season today, and was followed by the Delaware, Lackawanna & Western Railway Company. It was while the latter company was examining witnesses that the hour for adjournment of the session met. Mr. Mitchell arose and asked to be permitted to make a few remarks. All the attorneys representing the different interests before the commission withdrew, and the miners' leader as he prefaced his remarks by stating that he believed it to be the last session of the investigation he would be able to attend. He explained why he was in the room and said: "I wish to take this occasion to express my satisfaction, and that of the miners whom I represent, with the manner in which the investigation is being conducted. I feel confident that by the thoroughness of the inquiry it will result in much good.

COLORADO AND WYOMING FOR THE FAIR.

Commissioner Knapp Receives Assurance of Liberal Support.

COLORADO SPRINGS, Colo., Jan. 17.—(Special.)—In interviewing the Governor and chairman of the legislative committee of Colorado and Wyoming, reassurance is given of their favor in securing a representation of their states at the Lewis and Clark Centennial at Portland in 1934. Appointments have been made for the Colorado and Wyoming legislative committees during the next 30 days, at which time they will give consideration to the St. Louis World's Fair bill. I find quite as much interest among members of the Legislatures in the great Northwest Expedition from a business standpoint as in the historical interest, with the advocates of which I am working in perfect harmony.

Why Nonunion Men Came.

There has been a large part of the time of the commission taken up by the presentation of evidence to show that lawlessness existed to a large extent during the latter part of the strike. Personally, I bear no grudge to those who have been personally malice to those who worked during the strike, and in stating what I am saying I am trying to separate myself, as far as possible, from the special interests I represent. The nonunion men who were brought here, the fellow who was called a 'scab,' was brought here for the same purpose that he was put in the mine. He was in the mine for the purpose of destroying the efforts of the men who went on strike. He was brought here under the pretext of getting an advance in wages. He was deceived by the company, and he was deceived by the executive officers of the Gould lines at St. Louis. It is understood that no further action will be taken by the men until a definite conclusion is reached at St. Louis, and a strike will only be declared as a last resort.

War Among Shoemakers.

HAVERHILL, Mass., Jan. 17.—The shoemakers' strike in this city assumed a new aspect today when it was learned that representatives of the manufacturers that there would be no break in the affiliations which exist in the Manufacturers' Association and the Boot & Shoemakers' Association. This fact, according to officials of the Shoemakers' Protective Union, which is waging war against the Boot & Shoemakers' Protective Union, would tend to strengthen the latter's other union stamp factories in Haverhill.

Will Raise Engineers' Wages.

LOUISVILLE, Ky., Jan. 17.—As a result of negotiations between the grievance committee of the L. & N. engineers and General Manager of the railroad, an agreement has been reached whereby the engineers will receive an increase in wages in proportion to the additional duties which have fallen on the various runs of the system.

John Shoe Striking Cutters.

LYNN, Mass., Jan. 17.—One hundred and seventy-five strikers from the D. A. Donovan & Co. factory joined the striking cutters today. The factory is in the strike is the decision of the socialist to support the Knights of Labor.

Forty Thieves.

Why More Coal is Not Mined. There is one other question that I feel it is my duty to speak of. As the commission is no doubt aware, several days ago I addressed a communication to all the anthracite miners, asking them to cooperate with the management of the mines in increasing the output of the mines for the purpose of relieving this terrible suffering of the people. Since my communication was received by them, I have heard from a large number of our locals, and in nearly every instance the miners tell me that the production of coal cannot be increased without an effort of theirs; that in most cases the companies are failing to furnish them as many cars as they would load. In other words, they are not willing to work as hard as they are willing to do so.

COAL MARKET WEAKENING.

First Effect of Removal of Duty Felt in New York. NEW YORK, Jan. 17.—Coal from the independent operators, which has been suspended of agreement with the coal roads, sold in individual instances at \$3.75 and \$3.90 a ton yesterday, although most sales were \$4. A further break is looked for today. The market was weakened by an increased amount of \$5 coal expected to arrive next week, there should be still lower prices for the independent product.

Will Give Rewards in Coal.

NEW YORK, Jan. 17.—The Standard Oil Company has adopted a plan to go into effect at its plant at Constable Rock, Bayonne, N. J., where 400 are employed, to give each man who responds to a fire alarm a reward of \$5. In addition, the company, it is announced, will continue the system of paying the men 25 cents an hour for such volunteer fire duty.

Birmingham Sends Relief.

BIRMINGHAM, Ala., Jan. 17.—Citizens of Birmingham have contributed 50 carloads of coal to relieve the distress of the poor of New York and Chicago by reason of the coal famine. Twenty-five cars will be sent to each city.

Successful Work of Dr. Lorenz.

NEW YORK, Jan. 17.—Seven patients upon whom Dr. Adolf Lorenz operated in this city, and on whom Dr. Mueller operated, were shown at a meeting of the orthopedic section of the Academy of Medicine, last night, and in each instance the condition was satisfactory. The children were able to walk without pain, but the retaining casts cannot be moved for months.

BIG GUN STANDS TEST

First Shots from Largest Made in America.

Huge 16-Inch Rifle Sends Projectiles Into the Ocean—Can Hit Object Five Miles Distant.

NEW YORK, Jan. 17.—The most powerful gun ever built in America, a huge 16-inch coast-defense rifle, was successfully tested at the Government proving grounds, Sandy Hook, today. The gun was fired three times in the course of the afternoon, in the presence of several hundred Army officers, a few civilians and one representative of the Legislative branch of the Government, Congressman Gillette, of Massachusetts, who was invited as a member of the appropriations committee. He admitted the fact that the non-union men needed protection. The Elkhill Coal & Iron Company then called John von Bergen, the inside district superintendent of the Mine Brook, Mount Pleasant and various mines, which are under the City of Scranton. Witness said some of the company's breakers are built over the shaft, making it impossible to reach the coal, and it is, therefore, measured. John K. Burkholder, inside district superintendent of three of the Scranton Coal Company's collieries, and John Alt-

OBJECTS TO SUGAR DUTIES.

Russia Denies She Has Violated Terms of Sugar Convention.

ST. PETERSBURG, Jan. 17.—Russia has replied to the British note of November 30 last on the subject of the sugar convention. She reiterates the views expressed in previous notes and she considers the British contentions to be attempts to interfere in her domestic legislation and repudiates the idea that another state may, in its own interest, press for a change in Russian internal legislation or, in the event of Russia not agreeing to its proposals, that it can penalize Russia's product without violating existing contracts. The Russian government declares that Russia can in no eventuality give her adhesion to the Brussels agreement, and concludes: "As Great Britain declines arbitration and the penalty clause can not be applied to Russian sugar until the international commission declares the Russian system to be a bounty system, any further exchange of views before the commission settles the position would not be productive of results."

WILL FORMALLY ELECT.

Chapter of Canterbury Meets to Carry Out King's Wish.

LONDON, Jan. 17.—The members of the Ancient Chapter of Canterbury met on Friday to take the first step in the formal election of a new archbishop of Canterbury in succession to the late Dr. Temple. The chapter clerk read a letter recommending, signed by King Edward, whose quaint phraseology in suggesting that Dr. Davidson fill the vacancy follows: "Trusty and well beloved, we greet you well. Whereas the archbishopric of Canterbury is at this present void by the death of Dr. Frederic Temple, the late archbishop thereof, we let you well that, for certain considerations us at this present moving, we of our princely disposition and the like classes prefer to prefer us to the same archbishopric a person meet thereto, and considering the virtue, learning, wisdom, gravity and other good gifts wherewith God hath favored the said Dr. Davidson, we do hereby commend him to you to be elected and chosen to said archbishopric of Canterbury."

AMERICANS IN PARIS.

Banquet of Representative Americans and Frenchmen in Paris.

PARIS, Jan. 17.—The annual banquet of the American Chamber of Commerce was held tonight in the Bonvallet restaurant, having banquets of the famous society being elaborately decorated for the occasion with American and French flags and with palms and flowers. More than 100 guests were present, including all the representative Americans here, and also representatives of the French Foreign Office and other departments of the French government. General Gowdy was unable to attend because of the recent death of Vice-Consul-General MacLean, but sent a letter in which he said that the exports from Paris to the United States during 1932 show an increase over those of 1931, and that there is every prospect of a further increase in 1933.

ONLY AN OUTPOST SKIRMISH.

Fight in Morocco Not Serious—Foreigners Warned to Leave.

TANGIER, Jan. 17.—Definite information has reached here that the Sultan's troops came into contact with the forces of the pretender on January 15. It was, however, only an outpost affair and there were few casualties on each side. The Sultan did not meet with a general disaster, and the pretender's forces were engaged, however, may follow at any moment. The Foreign Minister sent a circular to the foreign representatives today, warning them to contact with the Sultan's forces, and to withdraw from certain districts where the Sultan contemplates pursuing punitive expeditions and advising them that the Moroccan government will not hold itself responsible for the safety of foreigners in those regions.

LAWYER KILLED BY SOLDIER.

Duel Fought in Compliance With Military Court of Honor.

BERLIN, Jan. 17.—First Lieutenant Werner von Grawert, son of the Lieutenant-General of that name, shot Dr. Aye, a lawyer of Plessburg, through the neck, cutting the spinal cord, in a duel fought in the Grunewald forest yesterday. Death ensued immediately. The deceased, who was an officer of the army reserve, leaves a widow and all other property in that country at \$2,000,000, and in 1932 upon this basis this one corporation will pay for the year 1932 23 1/2 per cent of all such taxes. This assessment includes the unsold portion of the company's land grant, roadbed, depot grounds and rolling stock in that county leased to and operated by the Southern Pacific Company. In Jackson County this figure is \$2,381,250. In other words, that company will pay for the year 1932 over 11 per cent of all the taxes of every kind, assessed, levied and collected in Douglas County. If what are called contract lands, assessed at \$123,000, should be considered as assessable to the vendee, and to be deducted from its assessment, we find that the company is assessed at \$2,258,250, and upon this basis this one corporation will pay for the year 1932 23 1/2 per cent of all such taxes. This assessment includes the unsold portion of the company's land grant, roadbed, depot grounds and rolling stock in that county leased to and operated by the Southern Pacific Company. In Jackson County this figure is \$2,381,250. In other words, that company will pay for the year 1932 over 11 per cent of all the taxes of every kind, assessed, levied and collected in Douglas County.

THEY AGREE TO SEPARATE.

Settlement Arranged Between Crown Prince and Princess.

BERLIN, Jan. 17.—The legal representatives of the Crown Prince and Crown Princess of Saxony have arranged the details of the settlement. The crown prince abandons all the titles, rights and dignities appertaining to her through her marriage and resumes her maiden name, and the crown princess, in a deed of willingness to part her \$500,000. The agreement does not mention the right of the Crown Princess to see her children.

Business for Swedish Parliament.

STOCKHOLM, Jan. 17.—The Riksdag opened today. The speech from the throne announced that the government was considering bills for the reorganization of the consular service, an extension of the parliamentary franchise, the introduction of a duty on malt and the raising of the duty on all spirits. The speech referred gratefully to the generosity displayed at home and abroad in relief of the sufferers from famine in Northern Sweden.

Puts an End to Czech Obstruction.

VIENNA, Jan. 17.—After a continuous session of the Reichsrath since 10 o'clock yesterday, the Czech obstruction ended at 2:30 o'clock this afternoon. An urgency motion to proceed with the immediate reading of the budget was adopted by a vote of 20 to 7, and the House proceeded with the regular business. A bill ratifying the Brussels sugar convention was referred to a committee and the House rose at 5 P. M.

Princess and Giron Leave Geneva.

BRUSSELS, Jan. 17.—A dispatch from Geneva to the Petit Bleu says the Crown Princess of Saxony and M. Giron left Switzerland secretly this evening. They traveled toward the south under assumed names.

Schwab at Palermo.

PALERMO, Jan. 17.—Charles M. Schwab and party has arrived here on board the steam yacht, Margareta.

New Pennsylvania Stock Issue.

NEW YORK, Jan. 17.—The Pennsylvania

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker. Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by Hood's Sarsaparilla.

Hood's Sarsaparilla

which strengthens the whole digestive system

"I Would Not Have Catarrh for a Million Dollars,"

Says Mrs. Leslie Carter—Pe-ru-na Her Safeguard.

MRS. LESLIE CARTER, THE GREAT ACTRESS

Mrs. Leslie Carter, probably the most prominent actress in America, says the following of Peruna: "Peruna is sure to prevent a cold. It will stop a cough before it becomes settled. It cures all catarrhal affections like magic. No money could tempt me to be without this remedy for even a day. It is just the remedy that all women need, especially such women as are exposed to the vicissitudes of climate as I am. I never neglect an opportunity to recommend this remedy to my friends. It is America's greatest remedy for America's greatest enemy, catarrh and catarrhal affections. I would not have catarrh for a million dollars, and as long as I have Peruna at hand to promptly check the slightest symptoms of its approach, I feel perfectly safe from this disease."—N. Leslie Carter.

ATARRH is everywhere.

No class of people are exempt from its insidious ravages. It enters the palace and hovel with equal facility. It attacks men and women with like ferocity and frequency. Strong men and fair women are among its victims. Thus it is we find Peruna, the catarrh remedy, everywhere. The upper classes use it; the lower classes cannot do without it. At this time of the year, when Winter is here with its chilly blasts and biting frosts, every one should be as alert as possible to escape what seems to be almost inevitable in this climate—catarrh. The number of people who have catarrh of some form or other every Winter is millions.

PE-RU-NA FORTIFIES THE SYSTEM AGAINST CATCHING COLD.

Other counties will show correspondingly high assessments relatively. These figures are given from the official records in the office of the Assessor of Douglas County, and if anyone wishes to apportion the share which Douglas County will pay if the fair bill will pass, as framed, it is easy to see that 31 per cent of \$525 required for 1931 and a like sum for 1932, will amount to \$163,125. In the preceding details, would be \$272, or \$346 to be paid by this one taxpayer, while 49 per cent, or \$254 for each of the years 1934 and 1935, or \$1,152 of the same yearly apportionment. In other words, other taxpayers of Douglas County, less than \$1 for each voter at the last general election.

Ask your druggist for a free Pe-ru-na Almanac. Every druggist has them.

TAX TO BE EASY.

(Continued from First Page.) the railroad companies, wagon road, land grant, lumber, mining and manufacturing companies. The Oregon & California Railroad Company is assessed this year in Douglas County for \$1,815,446 and all other property in the county is assessed at \$2,381,250. In other words, that company will pay for the year 1932 over 11 per cent of all the taxes of every kind, assessed, levied and collected in Douglas County. If what are called contract lands, assessed at \$123,000, should be considered as assessable to the vendee, and to be deducted from its assessment, we find that the company is assessed at \$2,258,250, and upon this basis this one corporation will pay for the year 1932 23 1/2 per cent of all such taxes. This assessment includes the unsold portion of the company's land grant, roadbed, depot grounds and rolling stock in that county leased to and operated by the Southern Pacific Company. In Jackson County this figure is \$2,381,250. In other words, that company will pay for the year 1932 over 11 per cent of all the taxes of every kind, assessed, levied and collected in Douglas County.

NO BREAD IN CARACAS.

Blockade Cuts Off Supply of Flour and Bakers Close Shops. PARIS, Jan. 18.—A dispatch from Caracas to the Matin says five bakers have closed their shops, owing to the scarcity of flour. The dispatch asserts that the Italian house of Boccardo declined to subscribe to the government loan, whereupon the payment for their license to trade was raised from 3000 to 18,000 bolivars. Boccardo, in consequence, closed his shops, and 250 workmen were thrown out of work.

CASTRO MUST PAY FIRST.

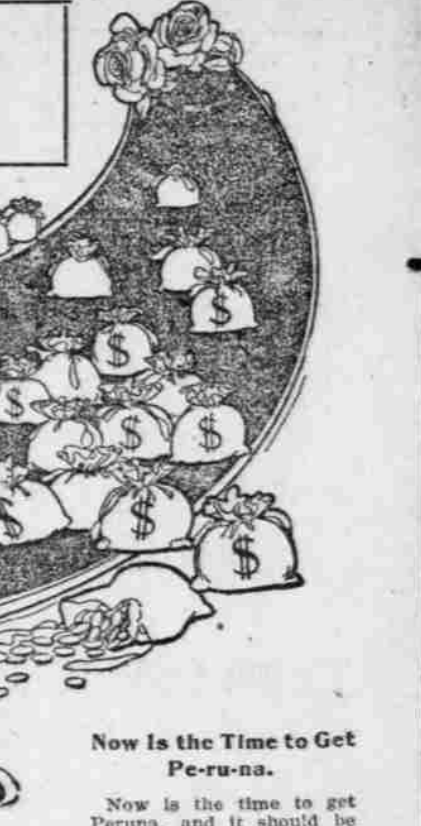

Allice Firm in Refusing to Raise Blockade Without Cash Down. BERLIN, Jan. 17.—In the negotiations which are about to begin at Washington for the settlement of the Venezuelan blockade, it is determined that the irreducible condition of arbitration is that President Castro shall pay or give collateral security for the same amount of money. The powers will not consent to raising the blockade until Venezuela complies with this unalterable condition. The allies place the responsibility for further delay upon Venezuela. Euro. Spock von Sternberg, the newly appointed German Charge d'Affaires, at Washington, dined with Emperor William yesterday. The former had engaged passage on the Hamburg-American steamer Auguste Victoria, which sails for New York from Hamburg, January 20, but he has asked the foreign office for a week's delay on account of private business.

Know Nothing of Canfield Portrait.

NEW YORK, Jan. 17.—Much astonishment has been caused among Mr. Whistler's intimate friends by the statements in the New York press that Richard Canfield had come to London to sit for his portrait in the Chelsea Studios. Mr. Whistler's correspondent in London, Canfield is in London at Claridge's, where Bourke Cockran and other Americans are staying, but Mr. Whistler is not in good health, and it is doubtful if work can be going on in the Chelsea studio on this portrait. These who know Mr. Whistler well and see him constantly have heard nothing about the brush, and believe I get more and more convinced that the portrait of Whistler ordinarily allows admiring friends to know what he is doing, but has been strangely silent about this unique subject for portraiture.

For Cecil Rhodes Scholarship.

PROVIDENCE, R. I., Jan. 17.—President Paunce, of Brown University, who will attend the conference to be held in Cambridge, Mass., next week, concerning the Cecil Rhodes scholarship, says that he doubts very seriously the desirability of

Now is the Time to Get Pe-ru-na.

Now is the time to get Peruna, and it should be taken as soon as the slightest symptom of catching cold, manifesting itself. Many people do not seem to understand that a cold is acute catarrh; that catching cold is simply catching catarrh. An old cold is chronic catarrh. Catarrh is liable to settle anywhere in the system. While it is true that Peruna cures catarrh wherever located, yet it is advisable for every one to use Peruna as a preventive, and not wait until catarrh has fastened itself in some part of the system.

Miss Florence Al-

Place, Chicago, Ill., recommends Peruna. "My experience with Pe-ru-na has been most pleasant. I have been suffering from a cold and a heavy cold, which settled on my lungs. I wore a protector, took medicine, and tried various remedies for colds, without success. With my other troubles, I had a catarrh of the head. Peruna was recommended to me, and I bought a bottle and started to use it. I began to improve, and kept on taking it, and it cured me. I am most pleased to testify to its merits."—Mrs. Charles Steinecke.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

New Blood Poison Treatment.

NEW YORK, Jan. 17.—The new treatment for blood poisoning, the injection of formalin into the circulation, has been tried in the Hospital of the Holy Name, a young woman patient, whose condition was so grave that her life was considered practically lost. The result of the operation might be the doctors could not say as the injection was made at 9:30 o'clock last night and about 16 hours are required for reaction to become complete.

Augustus F. Tutthill.

PHOENIX, Ariz., Jan. 17.—Augustus F. Tutthill, member of the New York Stock Exchange, and well known in sporting circles as manager of the late Jack Dempsey pugilist, died here today of bronchial pneumonia, aged 75 years.

THE VALUE OF CHARCOAL.

Few People Know How Useful It is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities of the blood, and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables.

Charcoal effectively cleans and improves the complexion, it whitens the teeth and further acts as a natural and efficient cleanser of the mouth and throat. It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh. Charcoal is available in one form or another, but probably the best charcoal and the most for the money is in Stuart's Absorbent Lozenges; they are composed of the finest powdered charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I give Stuart's Absorbent Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, and I believe I get more and more convinced that Stuart's Absorbent Lozenges than in any of the ordinary charcoal tablets."

NO GREASE OR DANGEROUS DRUGS.

In "Herpicide" the New Scientific and Successful Dandruff Treatment Have you dandruff? Then you have a contagious parasitic disease, unpleasant, unhealthy and one that will eventually lead to baldness. To cure it you must destroy the parasite that eats at the root of the hair. The only preparation for destroying these germs is Newbro's Herpicide. Charles Klein, of Laramie, Wyo., says: "Herpicide allayed the itching, cured the dandruff and stopped my hair falling out; and it is bringing a new crop of hair." Herpicide is free from grease or dangerous drugs, and makes hair glossy and soft as silk. One bottle will convince you of its merits. For sale by all druggists. Send 25 cents in stamps for sample to The Herpicide Co., Detroit, Mich.
