

NO CHANGE IN VOTE

Eighth Ballot at Olympia Like the Others.

PEASLEE EXPLAINS HIS VOTE

But Omits to Explain His Explanation—Senate Kills New Jury Bill—House Debates Bill Requiring License for Accountants.

OLYMPIA, Jan. 24.—(Special.)—The eighth joint ballot for United States Senator showed no change whatever, so far as the relative strength of the leading candidates was concerned, and the most of the members were in a hurry to get away on the early afternoon train, the routine proceedings were rushed through without delay. The vote stood:

Ankeny ..... 4 Wilson ..... 6 Preston ..... 4 Allen ..... 9 Turner ..... 2

King, an Ankeny man, had paired with Merrill, from the Preston side, and deviated, a Preston man, was absent. Allen gained the vote that went to Graves yesterday.

Peaslee, of Astoria sought to infuse a little variety into the occasion by rising to explain his vote. His few remarks were so rambling and disconnected that when he sat down nearly every member of the joint session was in doubt as to what was meant by the explanation. Mr. Peaslee is a strong Railroad Commissioner man, but, unfortunately, his county is not yet provided with a single foot of railroad, and it is believed that the explanation for the purpose of explaining the peculiar position in which he was placed through that fact.

As soon as the result of the vote was announced the joint session was dissolved, to meet again Monday noon.

IN THE SENATE.

Bill Demanding \$12 Deposit for Jury Fees is Killed.

OLYMPIA, Jan. 24.—(Special.)—Senator Crow's bill providing that litigants demanding a jury trial should deposit \$12 for jury fees was killed in the Senate this morning, after a warm and interesting debate. Senator Graves, of Spokane, led the opposition to the bill, and the result was that it was unconstitutional, as it restricted the right of trial by jury. Welch of Pacific denounced it as a discrimination against the poor man and in favor of the litigants. Senator Chapin favored the bill, and in doing so said:

"The purpose of this bill is to prevent the small trouble-buster from having his desires gratified, and for that reason I am most heartily in favor of it."

Senator Garber, of Lincoln, made a speech in favor of the bill, in the course of which he said that members of the legal profession were prone to promote petty and pestiferous litigation, and their clients should be made to help pay the bills. This stirred up Senator Moore, of King County, who made an impassioned defense of lawyers. Senator Warburton followed with the declaration that the bill was in the interest of corporations.

The bill was then placed on final passage and defeated by a vote of 17 to 23. Before the announcement of the vote, however, Senator Crow changed his vote in order to move for a reconsideration afterward. All the lawyers in the Senate voted against the bill except Crow, and Tolman of Spokane and Welby of Lewis. The appropriations committee reported favorably on making a deficiency appropriation of \$16,000 to the State Agricultural College at Pullman, and the bill was passed.

The Senate also passed a bill for the relief of the Olympia and Puget Sound Company. The bill appropriates \$50 to pay an old lighting claim.

S. B. No. 8, by Palmer, to admit graduates of the school of the State University to practice law without passing an examination, was passed by unanimous vote.

The following Senate bills were introduced:

S. B. 74, Angle—Placing Mason County in the Judicial District with Thurston County instead of Chehalis County.

S. B. 75, Sharp—Amending state land laws.

S. B. 76, Davis—Compulsory arbitration bill.

S. B. 77, Moultray—Amending state land laws.

S. B. 78, Lewis—Providing for the recovery of damages for injuries caused by the sale of intoxicating liquors. The present law makes the owner of the building in which such liquor is sold liable for damages. Earlier seeks to abolish this provision.

At noon the Senate adjourned until Monday.

IN THE HOUSE.

Long Discussion on Bill to License Bookkeepers.

OLYMPIA, Wash., Jan. 24.—(Special.)—The House met at 10 o'clock. House bill No. 4, providing for a State Board of Accountancy, was reported favorably by the committee and passage recommended. The bill was amended to strike out the examination and licensing of bookkeepers and accountants. Quinn tried to kill the bill with a motion to strike out the enacting clause, and Levy, Eastday and several others spoke so disparagingly of it in its present form that it was recommended for amendment.

H. B. 16, amending laws on revenue and taxation, and H. B. 15, amending law relating to assessment and taxation, were indefinitely postponed.

H. B. 17, relating to improvements in the cities other than first class, was also freely discussed and finally recommitted for further amendment.

The following bills got past the second reading and were ordered on passage:

H. B. 10, Levy of King—Amending act defining robbery.

H. B. 11, Carle of King—Amending section of code relating to conditional sales.

H. B. 17, McNichol of Pierce—For protection of life and property from injury and damage resulting from operation of stationary and portable steam engines by competent engineers.

H. B. 18, Megler of Wahkiakum—Providing for the payment of a bounty of \$20 per head for seals and sea lions. The limit of the appropriation for such purpose fixed at \$200.

H. B. 15, Megler of Wahkiakum—To more particularly define the rights of riparian owners and land affected by tides.

H. B. 19, Johnston of Snohomish—Amending code relating to assessment for local improvements.

H. B. 14, Johnston of Snohomish—Amending act relating to powers of County Surveyors.

H. B. 32, Jones of King—Appropriating \$10,000 to defray expenses of Washington State Library Commission and for maintenance of free traveling libraries.

H. B. 13, Lewis of King—Providing for apprehension and control of dependent and neglected children under 16 years of age.

H. B. 14, Lewis of King—Providing for appointment of Probate Judges.

H. B. 16, Lewis of King—Providing for a liquor license option law and for an election on the question of granting licenses when demanded by a petition signed by 25 per cent of the legal voters of the district involved.

H. B. 16, Lewis of King—Making it the duty of the Superior Court for each coun-

TABLE TALK OVER THE COFFEE.

The talk that evening began with the fact of the "Vegetarian" and their beliefs. It soon developed that the beautiful Miss Schuyler thought herself a "Vegetarian." "But," said Dr. Smith, "what do you eat?" "All kinds of vegetables and fruit," said she, "then I drink milk, have eggs for breakfast, besides at other meals I eat butter, pudding, cheese and cake, and tell every one they ought to do as I do, I feel so much better." The doctor looked astonished. "And you call that vegetarian? My dear young woman don't you know that butter, eggs and milk are animal foods? Then, too, it is a mistake to urge others to follow you. What is good for you may not be good for others. The Eskimo of the Arctic regions couldn't support life on a vegetable diet. Some animal food is necessary to keep heat in his body. On the other hand, besides the individual peculiarities and the climate, the conditions under which a person lives, would make a mistake for you to recommend to everybody to follow your example." "At the same time," continued the doctor, "I have come to the conclusion that fully one-half of the

chronic complaints which embitter life are due to stomach disorders which could just as well be avoided." "Now," Dr. Smith interrupted Miss Schuyler, "I know you're going to tell me all just what to do and that when our stomachs begin to trouble us and we have dyspepsia or what not, we are all to march in line, one after the other, into your office and have our stomach pumped out. No thank you, I tried that when I had dyspepsia, heart palpitations, and dizzy spells so bad I thought I'd go mad, and then when I struck the pump treatment I thought I'd go madder! But fortunately just about that time I saw something in the paper which made me stop and think. I said, if hundreds of others can be cured by such simple treatment as taking Dr. Pierce's Golden Medical Discovery three times a day, I think I'll try. I did try, and in two months I was sound and well again—without those horrid stomach pumps, and then best of all, I wrote to Dr. R. V. Pierce, at Buffalo, N. Y., and asked his advice in my case, and he told me how to care for myself; how to exercise, diet, and that didn't cost me a cent. Then I bought his book, the 'Common Sense Medical Adviser,' and now I know just exactly how to live to be a hundred in the shade."

"I can't dispute your statement, for it is undoubtedly true," said the doctor. "I have seen many cases in my practice of dyspepsia and other diseases of the stomach cured by the 'Golden Medical Discovery.' It seems to assist in the digestion and assimilation of the food in the stomach, and not only that but it builds up the general health by enriching the blood and stimulating the liver into healthy action. Nervous feelings of despondency and the blues are done away with because the nerves are fed on rich pure blood and they no longer cry out for their proper food. No man or woman can be strong or feel happy who is suffering from indigestion, because when the stomach is diseased there's a diminution of the red corpuscles of the blood—this is why people feel so weak, listless, languid, nervous and irritable."

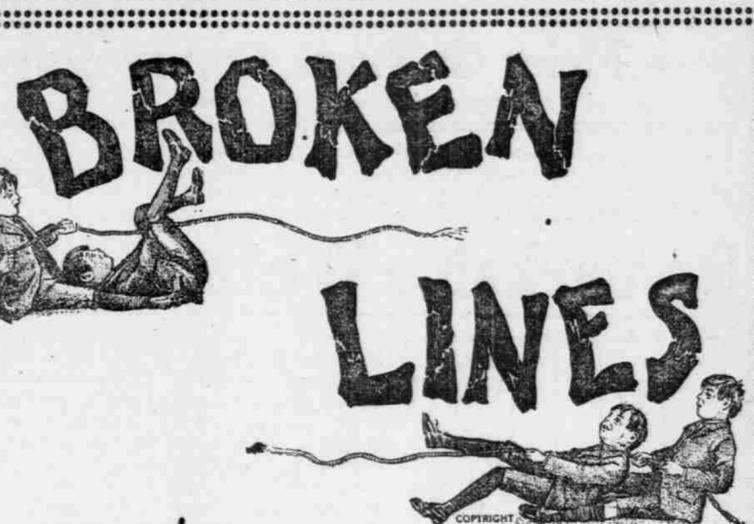

Forfeit \$3,000

If they cannot show the original signature of the individuals who volunteer the testimonials below, and of the writers of every testimonial among the thousands which they are constantly publishing thus proving their genuineness.

"Words cannot express what I suffered for three years from the effects of a torpid liver," writes Jas. B. Hawkins, Esq., President of the Golden Circle, No. 15, of America, Box 108, St. Louis, Mo. "Had I but known of your 'Golden Medical Discovery' sooner what misery I might have spared myself! I was so fatigued, my coat, appetite poor, and I had frequent distressing pains in the side and under shoulder-blades, but within a week after I commenced Dr. Pierce's Golden Medical Discovery there was a marked change for the better, so I kept on using it, three times a day, for over a month, with an occasional dose of Dr. Pierce's Pleasant Pellets to regulate the bowels, and the result was all and more than I could wish. My appetite is splendid—I feel ten years younger, and am entirely free from pain of any kind. Your 'Golden Medical Discovery' is certainly all that its name implies, and I gratefully endorse it."

"Mrs. Alice Every, of Creedville, Ohio, says: 'Sometimes ago I wrote you in regard to my case, asking your advice, also what I needed in the medicine line. The advice came promptly and after following your directions I find myself entirely relieved of all distressing symptoms of indigestion, and feel I am entirely cured. I had liver complaint and indigestion of the bowels. Took eight bottles of Dr. Pierce's Golden Medical Discovery, and also a course of Dr. Pierce's Pleasant Pellets. Your remedies have proven very satisfactory in my case, and I am delighted to be my own doctor. I am a very grateful person, and we are very positive of it, that it will give a wholesome appetite when all else fails.'"

SEND to Dr. R. V. PIERCE, Buffalo, N. Y., for a FREE copy of the "People's Common Sense Medical Adviser." For each cover, cost \$1.00. Send 10 stamps to cover mailing only. Cloth bound, 31 stamps.

Our sale of the past three weeks has been such a marvelous success that it leaves us with many broken lines. We still have, however, a reasonably good assortment of Men's Overcoats which we expect to close out this week at reductions of 10 to 40 per cent. We have every size in some style, and you who have waited for bargains will be sure to find them here as nowhere else in the city. Broken Lines in Boys' Clothing. Our stock has been marked so low that there is no need of making further reductions. When our salesmen quote you the prices you will do the rest. Remember, this is the last week of our sale.

BEN SELLING LEADING CLOTHING LEADING HATTER

to order a session of the grand jury

to order a session of the grand jury for duty. Private Byers McCluskey, Twenty-sixth Company Coast Artillery, having been tried by a general court-martial convened at Fort Flieger, was found guilty of intoxication and desertion, and resisting arrest. Three previous convictions having been considered, he was sentenced to be dishonorably discharged, forfeiting all pay and allowances due him and be confined for nine months at Alcatraz at hard labor. The prisoner was sent to Vancouver Barracks under guard.

Indorsement for Orphan's Home.

WALLA WALLA, Wash., Jan. 24.—The trustees of the proposed Stubbfield-Orphan's Home to be established in this city have received favorable indorsement from 24 boards of County Commissioners in the States of Oregon and Washington. Almost without exception the counties are in favor of a state appropriation to assist in the maintenance of the home. The Commissioners report about 35 orphaned children.

Expect a Rich Clean-Up.

GRANT'S PASS, Or., Jan. 24.—(Special.)—Over \$300 in nuggets and coarse gold was picked up off the bedrock of the Dry Digging grounds, where their stints are at work, this past week. The ground now being washed off in these famous diggings is thought to be the richest ever encountered. The Golden Drift Company, which is working it, expects to have an unusually large clean-up this season.

School Tax at Forest Grove.

FOREST GROVE, Or., Jan. 24.—(Special.)—At a special school meeting held here today a 10-mill tax was levied. The total assessable property in the district is \$250,000. Last year the levy was only 8 mills, and only six teachers were hired. With the 2 mills increased levy this year, seven teachers will be employed in the public schools at this place.

Lost Girl is Found.

VANCOUVER, Wash., Jan. 24.—(Special.)—Beatrice Boehmer, who was reported lost yesterday, was found last night at a neighbor's several miles distant from home. She explains her action only that she went visiting.

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose. Charcoal is a remedy that the more you take of it the better. It is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system. Charcoal sweetens the breath after smoking, drinking, or after eating onions and other odorous vegetables.

RICH MONTANA GOLD FIND

FABULOUSLY RICH STRIKE REPORTED ON THE BIG CREEK.

Porphyry Quartz Dyke 3000 Feet Long, Impregnated with Gold Particles—Assays \$5 a Pan.

BUTTE, Mont., Jan. 24.—A special to the Miner from Weiser, Idaho, says advices just received there tell of a most wonderful strike of gold made on the Big Creek, about a half mile above the town of Frolic Gap. The nearest settlement is a place called Golden on the Big Creek. A letter from reliable parties at Thunder Mountain says that Edward Starnes and Richard H. Bennett, who are partners, have located 16 claims on a massive porphyry quartz dyke which measures 3000 feet in length and is impregnated with particles of gold. A ledge 25 feet wide accompanies the porphyry dyke and it also is highly auriferous. Rough pan assays made of the ledge show the richest specimens to assay \$5 in free gold. Other specimens show up to \$10 to the naked eye. Old prospectors declare the discovery surpasses anything within their knowledge and that \$1,000,000 worth of ore is in plain sight.

NORTHWEST DEAD.

Father of Judge A. S. Bennett.

THE DALLES, Or., Jan. 24.—(Special.)—Thomas M. Bennett, father of Hon. A. S. Bennett, of this city, died last night at the residence of his son in Tygh Valley. Mr. Bennett was 88 years of age, and one of the oldest residents of Wasco County.

Disappearance Still a Mystery.

ASHLAND, Or., Jan. 24.—A mysterious disappearance of the Kibburn, a well-known timber cruiser and locator of this section, is reported to have occurred on the night of the 11th inst., from the south-bound steamer Sacramento, owned by the Redding and Sacramento. At noon of that day Mr. Kibburn, in company with C. W. Willett, boarded the train at Ashland, and proceeded to Eugene, where they were to meet the steamer. Mr. Kibburn was last seen when he was riding into a tourist car, which was the last seen of him. His disappearance was reported and all the stations between Sacramento and Eugene notified. It is impossible that he could have fallen from the train without discovery, as in that case the trackwalkers would have found the body.

Injuries May Prove Fatal.

KALAMA, Wash., Jan. 24.—(Special.)—Mr. Quiner, of the Kalama Lumber Company, received injuries at the company's mill yesterday which are likely to prove fatal. He was standing on the edge of a chute, when a log suddenly left the chute and struck a small log, the latter striking Mr. Quiner with great force. The unfortunate man was thrown into the air and landed in a most serious condition and carried to Kalama on a stretcher. The doctors are unable to determine, at this time, the full extent of his injuries, which are at least very serious.

Starved Children to Death.

BINGHAMTON, N. Y., Jan. 24.—Mr. and Mrs. Frank Cronk, who came to Alexander Hill four years ago from McHenry, Ill., are under arrest for cruelty to their three children. The youngest died Thursday. Officer Wheaton found one child 3 years old chained in a chair and starved to death. The other two children had been in the chair all their lives. The condition of the other two children was pitiable. A fourth child died several weeks ago. The 3-year-old prisoner died shortly after being released.

Acquitted of Horsestealing.

NORTH YAKIMA, Wash., Jan. 24.—(Special.)—Fred Hinkel and Earl Hanson were acquitted of horsestealing charges of stealing horses, and the case of George Hart, who was up for the same offense,

was dismissed.

These young men were arrested last fall in Oregon and brought back to this county. It was alleged that they stole a number of horses in the Horse Heaven country and took them to Oregon with a drove of horses belonging to another man and sold them.

Asks Judgment for \$150,000.

BUTTE, Mont., Jan. 24.—A Billings specialist says: The First National Bank of Leavenworth, Kas., has begun suit for the foreclosure of a mortgage against the Ryan Bros. Cattle Company, of this city, in which a judgment for \$150,000 is asked. The Ryan Bros. are well known here and at one time had 25,000 head of cattle in this state. For years they owned and ran a string of race horses on the tracks in this state and California.

Building Creamery at Elma.

ELMA, Wash., Jan. 24.—(Special.)—Work has begun on the building for the new creamery. It will be located at the foot of Third street in South Elma. It will consist of the old plant transferred from Satsop, formerly owned by J. H. Brewer, but will be considerably enlarged.

Fatally Injured in a Fall.

SAN FRANCISCO, Jan. 24.—George Heiser, aged 26, son of a Cleveland, O., business man, accidentally fell from a window in the Hotel Richmond today. His back was broken and his head and shoulders badly bruised. He cannot recover.

Transferred to Yakima Reservation.

FORT HALL INDIAN RESERVATION, Idaho, Jan. 24.—Dr. W. L. Shawk, physician at the Fort Hall reservation, has been transferred to the Yakima Indian Reservation in Washington as agency physician.

Train Delayed by Rockslide.

EVERETT, Wash., Jan. 24.—The Great Northern passenger train No. 13, the Spokane local, was delayed six hours today owing to a rockslide between Wenatchee and Leavenworth.

Noted Muscian Takes His Life.

SAN FRANCISCO, Jan. 24.—Paul Weiss, better known as Paul Berry, a noted gypsy-guitar musician, committed suicide today by taking carbolic acid.

SUNDAY SCHOOL BOOKS BAD

Dr. Hirsch, of Chicago, Strongly Denounces Their Use.

CHICAGO, Jan. 24.—Fervid denunciation of Sunday school books marked the address delivered by Dr. E. G. Hirsch last night in Temple Israel. His subject was "What Shall Children Read?" and in the course of his address he said that most of the church literature for children should be labeled poison. After telling the importance of good reading for children, Dr. Hirsch, referring to Sunday school stories, said:

"There is not a single note in this trash that rings true to life or character of the child. In these books all sorts of impossibilities are calmly assumed, and the child is dragged into them in the role of a brutal and bungling policeman. There are no words in the Anglo-Saxon tongue that would adequately characterize their stupidity."

"The Sunday school books are worse than any dime novel. Their theology is damnable and their morality is below the freezing point. Even if they were not loaded with these objections they should be condemned for their literary style, for they contain so much bad grammar and baby talk that they are a cruel infliction on the child."

Confer on Rhodes Scholarships.

BOSTON, Jan. 24.—Leading educators of Maine, New Hampshire and Vermont conferred with Dr. Parkin, of Toronto, at the Universallist Club, yesterday, regarding the Rhodes scholarships. There are no words in the Anglo-Saxon tongue that would adequately characterize their stupidity. Dr. Hirsch, referring to Sunday school stories, said:

"The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress one or two of Stuart's Dyspepsia Tablets after each meal will remove all difficulty because they supply just what every weak stomach lacks, persin, hydro-chloric acid, distase and nux. Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus giving a much-needed rest and giving an appetite for the next meal."

French Government Sends Vase.

NEW YORK, Jan. 24.—There is now on

exhibition in this city a Sevres vase four feet three inches high that has been presented to the Society of the Cincinnati by the French Government in gratitude for the role played by the Rochambeau mission by the society. The vase is of long oval shape and has a royal dark blue finish. It bears the mark of 1892, and has been recognized by an expert of what has been considered one of the finest specimens that the Sevres factories have turned out. The souvenir was accompanied by a letter from General Brumere, who headed the Rochambeau mission, to President Varnum, of the Society of the Cincinnati, requesting that the gift be placed in the society's archives.

Plan for Beecher Memorial.

NEW YORK, Jan. 24.—In connection with the plan to remove Henry Ward Beecher's body to Plymouth Church, in Brooklyn, and erect memorial building adjoining the church, it has been suggested that the entire half block to the west of the church be purchased, its buildings razed and converted into a breathing place for the poor along the water front, under the name of Beecher Park. It is thought that the property could be secured for about \$100,000, and that the plan is receiving serious consideration, although it is entirely apart from the original plans, for which a fund of \$150,000 is now being raised.

FAREWELL RECEPTION TO MRS. HEATH.

MINNIVILLE, Or., Jan. 24.—(Special.)—The farmers are combining and building a telephone line to run from Dayton to Hopewell, thence to Amity and on to McMinville. The farmers will own and operate the line themselves. The Mutual line of McMinville has organized with Dr. Leroy Lewis as president. The line is almost ready for operation. These lines will have mutual communication and will connect Dayton, Newberg, Amity and Hopewell.

IN AN OBJECT LESSON.

A physician puts the query: Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables; men whose ages run from 60 to 80 years, many of them bald and all perhaps gray, but none of them feeble or senile? Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something.

If you will notice what these hearty old fellows are eating you will observe that they are not munching bran crackers nor finger picking, but eating a goodly amount of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton and even the deadly broiled lobster is not altogether ignored.

STUART'S DYSPEPSIA TABLETS.

There is a certain class of food cranks who seem to believe that meat, coffee and many other good things are rank poisons, but these cadaverous sickly-looking individuals are a weakly condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress one or two of Stuart's Dyspepsia Tablets after each meal will remove all difficulty because they supply just what every weak stomach lacks, persin, hydro-chloric acid, distase and nux. Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus giving a much-needed rest and giving an appetite for the next meal."

OF PEOPLE WHO TRAVEL AROUND IN TENNIS SHOES.

Druggists sell them at 50 cents for full-sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

Are the dread of those whose lungs are weak.

Some fortunate people escape follow the summer as it goes southward, and escape the cold blasts of winter and the chill airs of spring. But for the majority of people this is impossible. Family cares and business obligations hold them fast.

"Weak" lungs are made strong by the use of Dr. Pierce's Golden Medical Discovery. It cures the obstinate cough, heals the inflamed tissues, stops the hemorrhages, restores the lost flesh to the emaciated body.

"I am a railroad agent," writes I. B. Staples, Esq., of Barclay, Osgood & Co., Kans., "and four years ago my work kept me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic and deep seated. Doctors failed to reach my case and advised me to try a higher air, but, fortunately for me, a friend also advised me to try Dr. Pierce's Golden Medical Discovery, and after taking about four bottles my cough was entirely gone. I have found no necessity for seeking another climate."

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines, will offer the customer a substitute as being "just as good" as the "Discovery."

You get the People's Common Sense Medical Adviser, the best medical work ever published, free by sending stamps, to pay expense of mailing only. Send 21 one-cent stamps for book in paper covers, or 11 stamps for cloth-bound volume, to Dr. R. V. Pierce, Buffalo, N. Y.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.

It cures the most distressing cases of dyspepsia, indigestion, and all the ailments of the stomach and bowels. It is a powerful purgative, and restores the system to its normal condition. It is a most valuable remedy for all the ailments of the stomach and bowels, and is a most valuable remedy for all the ailments of the stomach and bowels.
