President Lucas, of Northwest, Say His Invasion of the Coast League's Territory Has Been a Com plete Success.

W. H. Lucas, president of the Pacific Northwest League, and D. E. Dugdale, manager of the Seattle team belonging to this ofganization, arrived in Portland last night from San Francisco. They laughed at the published reports that Dugdale would manage the team which the North. west League will put in the California

"We feel now," said Mr. Lucas, "that we stand in at least as strong a posi-tion before the public as does the Coast League. We have as good grounds in every city, we play in the same cities and more. We have a record for giving the public the kind of ball that they want, and the next step will be to start playing. We have signed a number of players for the California teams already, because, while we did not widely announce our intentions, we have had this invasion of California in contemplation for a long time, and have been negotiating for good men. First and foremost should come that Prince of American sportsmen, Foxhall Keene, whose wonderful sittll and daring in a dozen different branches of sport are well known to most Americans. Mr. Keene is without doubt the best amateur jockey, steeplechase rilter and polo player in the country, as well as a formidable opponent on the golt links, tennis court, and at the traps. With his father, James R. Keene, he owns one of the biggest racing stables in this country and abroad.
