san Francisco, March 14.—This has been a day of conferences and committee meetings in the street-car troubles, and at midnight a mass meeting of the employes of the United Railways began to pass upon the report submitted by the executive committee. This morning a committee from the Carmen's Union visited General Manager Chapman, and a little frietion developed at the outset in the refusal of the railway official to receive one of of the railway official to receive one of the committee, Harry Knox, who had been suspended for refusing to sign a student's

says that when the union committee called today he agreed to reinstate the suspended employes, provided they would sign students cards. Objection was then raised that the cards could be used for fraudulent purposes, and that men other than the certified students might be employed by the company. Mr. Chapman thereupon agreed to issue duplicate cards, one to go to the union, each document to one to go to the union, each document to have attached a photograph of the student. Lastly, Mr. Chapman agreed, if no settlement could be reached, to refer the controversy to W. D. Mahon, president of the International Carmen's Union, and to Patrick Calboun, of New York, representing the company.

to Patrick Calhoun, of New York, representing the company.

The Carmen's Union, in its statement, declares that the United Railways Company, through Mr. Chapman, has repeatedly broken its agreement with the union, and has endeavored to make conditions disagreeable for the men. It is claimed that the company has tried to get the men disgusted with the union by laying all of its troubles to the organization. The men assert that the manager has been trying to cloud the main question. The statement concludes by saying that the union proposes to ask 35 per day and for other conditions which would make the lot of the men more comfortable.

### MORGAN OFFERS AMENDMENTS. Proposes Many Important Changes

in Panama Canal Treaty. WASHINGTON, March 14.-Senator Morgan, in executive session, today submitted a number of amendments to the Panama Canal treaty, in addition to those he has offered heretofore. Among the more important of Senator Morgan's proosed amendments, including those offered

today, were the following.

Article III is amended so as to give the United States a perpetual right to the canal tract, and the right to fortify the same. Article III, as amended, accords to the United States the right to fortify the group of small islands in the Bay of Panama. The amendment to Article XI provides that the United States shall have control of the admission of persons to permanent residence in the canal zone. A further amendment provides that the government of Colombia engages to protect, defend and fully indemnify the United States against all incumbrances and valid claims against the property to be conveyed to the United States under the

Article XXII is amended so as to pro vide that, should it become necessary to employ armed forces for the safety or protection of the canal, the government of Colombia is to furnish the same when required by the United States, but the United States is to have the right at all times to enter the canal zone and to occupy the same with its land and naval President Hall, after the meeting, said:

Other amendments strike out the time limit for completing the canal, provide that nothing in the treaty shall be construed as modifying the Spooner act, and that the concordat between the vatican and Colombia shall not apply to citizens or agents of the United States.

Press. With reference to the Hay-Herran convention he spoke guardedly and did not appear disposed to discuss its terms on the probability of its ratification by the Colombian Congress.

He seemed to have reason to believe, however, that the recent interpretation by the United States of its obligatory rights to maintain free transit across the isthmus and its manner of enforcing these rights has created a very unfavorable impression throughout the Colombian Republic. He said the politicians who would be called upon to decide the fate of the canal would not be likely to forget the humiliating incidents which occurred during the recent insurgent hostilities between her and Panama.

General Reyes in no way expressed him self as opposed to the construction of the canal by the United States.

COMMISSION ON CANAL DEAL. Cromwell to Get \$2,000,000 of Government Price.

NEW YORK, March 14.-New York lawvers believe, says the Herald, that if the Panama Canal treaty is passed by the United States Senate, William Nelson fromwell, of this city, will receive the largest fee ever given to a lawyer in this country, if not in the world. The report finds general credence in the Wall-street district that \$2,000,000 of the money to be paid by the Government for the partiy finished ditch across the Iethmus will go directly into Mr. Cromwell's pocket. Mr. Cromwell's arrangement with the Panama Canal Company is reported to be on the basis of 5 per cent of the amount realized

LAWYER ONCE IN POSTOFFICE DE-PARTMENT.

President Roosevelt Orders Investigation of His Connection With Turf Investment Swindles.

WASHINGTON, March 14. — Serious charges have been filed with President Roosevelt against a practicing attorney-at-law, who formerly was an employe of the Postoffice Department, but they are of such a nature that at this time they cannot be disclosed. The charges were cannot be disclosed. The charges were placed in the hands of the President by T. C. Campbell, an attorney of Cincinnati, representing one or more of the turf investment concerns about which recently there has been much scandal.

It is understood that the burden of the charges is that the former official received a large sum of money from the turf in-vestment companies for preparing an opinion declaring the statement of such in-vestment companies to be legitimate and for a promise of protection to be given to the companies by officials. When the President's attention was

brought to the matter, he regarded it as so serious that he ordered a sweeping in-vestigation to be made. The President has directed that no means be left untried to develop the facts and to punish the guilty, if the guilt of any official shall be shown by the investigation.

THE FEAR OF HUMBUG

Stemach troubles are so common and in Stomach troubles are so common and in most cases so obstituate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their acuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be

carried too far, so far, in fact, that many people suffer for years with weak diges-tion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and uni-

Now Stuart's Dyspepsia Tablets are vastly different in one important rest from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysts shows them to contain the natural digestive ferments, pure asoptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common-sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles contain the natural digestive ferm-

pine Display at St. Louis. WASHINGTON, March 14.-Colonel Ed-WASHINGTON, March 14.—Colonel Ed-wards, Chief of the Insular Bureau of the War Department, today announced that Governor Tatt had just accepted by cable the terms of the proposition made by the St. Louis World's Fair Commission as a basis for a Philippine exhibit at the fair. This insures a magnificent display of Phil-ippine resources, as the projectors will have about \$50,000 available for that pur-pose.

The Insular Bureau has secured the The Insular Bureau has secured the views of Dr. Wilson, who is regarded as an expert exposition manager, and he is to proceed immediately to the Philippines to select and condense the vast material the insular government has already gathered from various parts of the Archipeingo. The purpose is to give an instructive and entertaining exhibit without 'midway' features and one that is likely to give the American people who visit the fair, by actual inspection, a realization of the varied and wonderful resources of the archipelago.
