DR. SMITH ELECTED!

Made President State Board of Health.

THE MEMBERS MEET AT SALEM

Dr. Woods Hutchinson Is Chosen Secretary-His Salary Is \$200 a Month-Important Business Transacted.

SALEM, Or., Merch 14 - (Special.)-The Oregon State Board of Health held its first meeting today and organized by electing Dr. Andrew C. Smith, of Portland, president; Dr. A. C. Kinney, of Astoria, vice-president, and Dr. Woods Hutchinson,

of Portland, secretary.

The first two officers named were elected by unanimous vote. The election of a secretary was the most important duty the board had to perform, for the secretary is to be the active health officer of the state. For three ballots the vote stood three in favor of C. W. Keene, of Medford, and three for Hutchinson, On the fourth ballot Hutchinson secured four votes and his election was then made upanimous. The board fixed the salary of the secretary at \$300 per month. As the total appropriation is \$5000 a year, this will leave \$2000 a year for the expenses of the board and secretary.

All the members of the board were present at the meeting. They are: Dr. A. C. Smith, of Portland; Dr. Alfred Kinney, of Astoria; Dr. C. J. Smith, of Pendleton; Dr. J. B. Pickel, of Medford; Dr. E. A. Pierce, of Salem, and Dr. Harry Lane, of Portland.

The members of the board dined at the asylum this evening as guests of the medical staff of that institution

At a business meeting held late tonight the board decided, among other things, that all cases of the following diseases shall be quarantined: Plague, smallpox, scarlet fever, diphtheria, measles, chicken-pox, cholera, yellow fever and all other contagious diseases.

Physicians, nurses and heads of families must report to the health officers all cases of the following diseases: Tuberculosis, typhoid, pneumonia, puerperal fever and barber's itch.

Probably the most important action of the board was the making of an order directing the secretary to proceed at once California and make a thorough investigation of the plague, so that he may be ready to cope with it should there be danger of its spreading to Oregon. The secretary was also directed to prepare a full set of blanks to be used by physicians, etc., in reporting births, deaths and contagious diseases. Dr. C. J. Smith, Dr. mal diseases in this state and report at

the next meeting. The board will in the near future issue circular addressed to school officers throughout the state, urging the need of having pupils in the public schools vaccinated, and warning them of the danger of an epidemic of smallpox. The circular will also contain information regarding the detection and prevention of the spread of such diseases as tuberculosis, sore throat and other disease common to school

ASTORIA IS ALARMED.

City Council Stirred Up Over Damage Suit for Bad Sidewalks.

ASTORIA, Or., March 14.-(Special.)verdict of the jury awarding the daintiff damages in the sum of \$2500.50 in the case of John Book vs. the City of Asthe case of John Book vs. the City of As-toria has slarmed the Council at the responsibility of the city in case an ac-cident should occur on any of the streets that are out of repair, and preparations are now being made to commence the im. provement of about 15 different thoroughfares; in fact, all of those that are in at all dangerous condition. One of the Counclimen stated today that these proposed improvements would be crowded through, whether or not the property-owners filed remonstrances, and the intention is to introduce resolutions providing for these improvements at the regular meeting to be held on next Monday evening. An or-dinance will also be introduced and probably passed at that time authorizing the 10 feet in height at either end and to tear up the planking at each end of every block for a distance of \$5 feet. This, it is thought, will relieve the city of all re-spensibility if persons insist on using thoroughfares that have been thus bur-

Heretofore the handling of fresh salseasons has been largely centered about Kalama, but this year the Washington authorities have been successful in stop-ping it altogether, and Watson, who is the largest dealer there, is assisting the officials in enforcing the law. Receiving stations are new said to be in operation at Clifton and Rainier. The effect of breaking up the business at Kalama has been to cripple the Puget Sound market, as the fish now have to be shipped to Portland, and from there to Puget Sound

ma Mustola, the girl who was supposed to have committed success by landing into Scow Bay on Wednesday night, has not been found, nor has her body been recovered. Frequent rumors are sed to have committed suicide by jur

Westport, was drowned near there yes-terday in Westport Slough. At the time of the accident he was on a launch with some other men, and in some way fell overboard. The launch was stopped as quickly as possible, but before it reached the place where Driscoll had fallen over-board he had sunk. The river has been dragged, but the body cannot be found.

Engineer Reclamation Division Geological Survey Leaves Boise.

BOISE, Idaho, March H.-D. W. Ross, engineer of the reclamation division of the Geological Survey, left touight for Port-land to meet John T. Wnistler, of Call-fornia, an engineer of the division, who has been sent to take charge of the work that region. Mr. Ross has had charge that field, as well as that in londe, at he has all he can attend to here. He and Mr. Whistier will make an inspec-tion of work on what is termed the Uma-tilla irrigation project, on which Mr. Ross has had men employed for some time. It is regarded as a very advantageous openies to the avowed purpose to compete with ing for irrigation work, by the National the United States Leather Company. IF YOU WANT TO KNOW

the U. S. mail will bring you the best medical advice for only the cost of writing materials and stamps.

Many people owe their present good health to the fact that they consulted Dr. Pierce by letter, giving him all possible information about their condition, symptoms, etc., and received in return good medical advice which cost them nothing. Write to Dr. R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, Buffalo, N. V.

Dr. Pierce by no means confines himself to prescribing his well-known medicines. He tells you in the most common-sense way what ails you, what you ought to do, what line of treatment should be followed out in your particular case, and if your case does not indicate the need for this proprietary medicine, he tells you plainly and frankly what you do need, and the best possible method of improving your health. If you are a young woman just entering upon the duties of life, you should have good medical advice of a confidential nature. If you're a mother of children, you may want advice about yourself and how best to put your system in order that your children may be healthy. To sufferers from chronic diseases which do not readily yield to treatment, or to people who are past the youthful stage of life and want confidential advice about their atiments or their physical condition, Dr. Pierce offers to ckrefully consider your case and give you the best medical advice within his power, free of cost to you.

Dr. Pierce treats many chronic cases at a distance, through the mail and all you have to do is to write him your symptoms.

"During my two years of married life I have not had good leath," writes Mrs. Daisy Studdard, of 608 S. Esplanade Avenue, Leaven.

the mail and all you have to do is to write him your symptoms.

"During my two years of married life I have not had good health," writes Mrs. Daisy Studdard, of 606 S. Esplanade Avenue, Leaven, with Kans. "I was all run-down, and my husband got me to write to Dr. Pierce and explain my case to him and see if he could do me any good. So I wrote, and, thank the Lord, I got an early reply telling me what the trouble was. I commenced taking Dr. Pierce's Favorite Prescription, and also the 'Pleasant Pellets,' and now can say that I feel like a new woman, and can say also that we have a big baby four months old. It was just wonderful how I got along, and now I do all my work and do not feel tired out like I used to. I have taken eight bot.

"I received both of your letters," writes Mrs. Eva Vedder, of Onelda, Lenawee Co., Mich.,

MAIL

"I received both of your letters," writes Mrs. Eva Vedder, of Oneida, Lenawee Co., Mich., and would say I do not know what my trouble was unless it was a misplacement of some organ in the abdomen. I was so weak I did not have strength enough to stand on my feet long at a time, neither could I sit up very long. There was a sore spot on the left side of my abdomen which pained me very much when I walked. I lost my appetite, had a severe pain in the pit of my atomach which was worse when lying down. I commenced with your medicines, taking 'Favorite Prescription' and 'Golden Medical Discovery,' alternately, and when I had the two bottles half taken I was much improved. I took four bottles, and to-day I am just as well and strong as anybody could ask to be. My husband says, 'Dr. Pierce's medicines have been worth one hundred dollars to us.' We feel that we cannot say enough for the good I have received from your medicines. I thank you for your kind and quick replies to my letters."

the good I have received from your medicines. I thank you for your kind and quick replies to my letters."

"When I wrote to you, sometime ago, asking for advice, I was in very poor health," writes Mrs. Ethel Trepto, of Merrill (West Merrill), Wisconsin, Box S4, "suffering continually with severe pains and terrible headackes, and was confined to my bed the greater part of the time. I thought I was in a delicate condition, and thinking something must be wrong, I consulted three different doctors, all of whom are commonly called good doctors. None could tell what my case was. One said that in no way could I be helped except by having an operation. Every woman dreads the thought of an operation, and so did I, and besides I was not in circumstances to afford an operation, so after reading one of Dr. Pierce's pamphlets, I decided to write to him. I did so, and was told that my case resulted from catching cold and not properly caring for my health at the time of monthly period, also that my kidneys were in bad condition. My back was fairly sore from continual aching, and sometimes when I would lie down someone had to rub my back for nearly an hour before I could get any rest. I had a bad cough all the time, and my friends thought I had consumption, or was surely running into it, and very rapidly, joo. After taking three bottles of Dr. Pierce's Pavorite Prescription and two of the 'Golden Medical Discovery,' and two vials of Dr. Pierce's Pellets, I am able to say truly that I am cured; but I shall continue to take your remedies a while yet, so as to make sure that there will be no further trouble of the kind. I thank God and Dr. Pierce so much for being in as good health as I am to-day."

DR. PIERCE'S COMMON SENSE MEDICAL ADVISER, containing more than a thousand large pages and more than 700 illustrations, is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cieth-bound volume, or only 21 stamps for the book in paper covers.

REFUSE TO GIVE EVIDENCE Officers of Catholic Church Will Not Assist Father Murphy.

ROME, March 14-Cardinal Gotti, pre fect of the propaganda, and Monaignore Veccla, secretary of the congregation, have both refused to give evidence in the suit before the American Civil Courts which Father Murphy, former pastor of the church at Tecumseh, Neb., has insti-tuted against the Right Rev. Thomas Bonacum, bishop of Lincoln, Neb.

Grows Out of Bonneum's Desire to

a Costly Palace. LINCOLN, Neb., March 14.-The contest between Bishop Bonacum and Father Murphy is of long standing, and grew out of an attempt on the part of the bishop to force Rev. Murphy, paster of been recovered. Frequent rumors are started that the girl has been seen at different points, but they have all proved to be untrue. The only solution of her mysterious disappearance, from present information, is that she jumped into the river at some other place than the one first indicated, and was drowned, her body being washed away by the current and tides of the river.

amounts contributed did not satisfy Hishop Bonacum, however, and he issued a decree against Rev. Murphy of expulsion from the diocese.

Murphy appealed to the apostolic delegate at Washington, who ordered the bishop to rescind the decree. The bishop thereupon filed charges against Rev. Murphy and summoned him to Lincoln to phy and summoned him to Lincoln to make answer. Rev. Murphy filed a challenge for prejudice and an appeal. These the bishop ignored, and he issued a de-cree of suspension and excommunication against Rev. Murphy. The bishop then began proceedings to oust Rev. Murphy from the use of the church and its properties. Six different civil autig have taken place already, all of which the bishop has ost, and the case has twice been taken to

Pacific Steam Whaling Company

Finally Loses Its Case. SAN FRANCISCO, March 14.- The Su-

vessels of both companies were sent to Alaska in 1897 for the purpose of fishing in the vicinity of the mouth of the Karluk River. The whaling company's people, however, were prevented from fishing by their rivals, an da suit for \$100,000 dam-ages was instituted.

Dr. R. V. PIEROE, Buffalo, H. Y.

ages was instituted.

The Packers' Association held that as its vessels had fished in the disputed neighborhood for several years, it alone had the right to continue operations. The jury in the trial court rendered a verdict of \$14,000 damages in favor of the whaling company. The Superior Judge who heard the case was indefinite in his rulings in regard to the difference between punitive and actual damages, and the Supreme Court reverses the decision for that reason.

It is held that every one has equal rights to fish in the waters of the ocean or on tidelands, contrary to the contention of

tidelands, contrary to the contention of the Alaska Packers' Association.

TRIAL NOT COMPLETED. Circuit Court at Astoria Will Cou-

tinue Through Monday.

ASTORIA, Or., March 14 .- (Special.)-Owing to the fact that the trial of the case of Charlotte Grimberg vs. the Co-lumbia River Packers' Association was not completed this evening, Judge Monot completed this evening. Judge Mc-Bride was unable to adjourn the term of the Circuit Court, as was expected, and will not open the regular term in Hills-boro until Tuesday morning. The case on trial is to recover \$5000 damages for the death of Emanuel Grimbers, who was killed by falling from the rigging of the ship St. Nicholas while he was acting as sallor on the vessel during her pass from Bristol Bay to the Columbia R last August.

The question of why one man succeeds and another fails, is a problem that has puzzled philosophers for centuries. One man attains riches and position, while his man attains riches and position, while his neighbor who started with seemingly the same, and better opportunities, exists in payerty and obscurity. No man can win success who is suffering from an irritat-ing and nerve-racking disease and the man who has the qualities of success within him, would be quick to recognize this fact and seize the best remedy to adicate the trouble.

A person afflicted with a serious case of hemorrholds or piles is handicapped in the race for power and advancement. It is im-possible to concentrate the mental en-ergies when this dreadful trouble is sapping the vital forces. To show how easily this success destroying trouble can be overcome we publish the following letter m a prominent Indiana man.

"When I received the former letter and booklet on Plies, their nature, cause and cure," I was in a critical condition. Ulcers to the number of seven had formed on the Brodle, superintendent of the State Experimental Station at Puyallup, has just received notice from Washington that there is on the way an appointment for him as superintendent of the outdoor exhibits of the Bureau of Plant Industry at the Louisiana Purchase Exposition at St. Louis. The appointment begins April 1.

A CHANGE FOR THE BETTER. The Way Physicians Now Treat Chtarrh.

Physicians who formerly depended upon inhalers, sprays and local washes or oint-ments now use Stuart's Catarrh Tablets because as one of the most prominent stated, these tablets contain in pleasant, convenient form all of the really effi-cient and reliable catarri remedies, such as red gum, blood root and Hydrastin. They contain no cocaine or opiate (so common in liquid catarrh medicines and ough syrups) and they are given to little children with entire safety and benefit.

Dr. J. J. Reitinger eays: I suffered from catarrh in my bead and throat every Winter and it would hang on clear into Summer, with stoppage of the nose and irritation in the throat affecting my voice

so that I was continually clearing my throat before 1 could speak plainly; it finally extended to the stomach, causing catarrh of the stomach, I bought a 50-cent box of Stuart's Ca-tarrh Tablets at my druggist's, carried them in my pocket and used them regu-larly several times a day, and the way in which they cleared my head and throat and improved my hearing and general health I consider little short of remark-able. I had no catarrh last Winter and Spring, and know I am entirely free from

any catarrhal trouble whatever Mrs. Jerome Ellison, of Wheeling, writes: I suffered from catarrh nearly my whole life, and last Winter my two

retary of War Root, will be in Walla children also suffered from catarrhal colds and sore throat so much they were out of school a large part of the Winter. My brother, who was cured of catarrhal deafness by using Stuart's Catarrh Tahlets, urged me so much to try them that I sent to the drug store and bought a package and I am truly thankful for what they have done for me and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat one or two of the ca-tarrh tablets nips it in the bud and cais no longer a household at
