British Unionists Now Talk of Home Rule.

BOTH PARTIES ARE SPLIT

Tories Object to Irish Alliance and Nonconformists Make Same Trouble for Liberals—Balfour Tries to Keep His Plans Secret.

LONDON, Jan. 21.—The announcement that the government contemplates bringing in a bill providing a modified form of home rule for Ireland complicates the present situation, which already presents an extraordinary situation.

Lord Dunsany also declared that there was a widespread feeling among the Unionist landlords for an extended form of local government. They saw no reason why all the Irish parties should not work together towards that end as they had done in the past.

The alliance of the government with the Irish has caused intense indignation among many members of the Conservative party, who, however, so far have not publicly expressed their disapproval.

Young America, What Ails You?

The man who lives an out-of-door life, who earns his living by his brawn and muscle, is a being who can defy bad weather and wet feet. He is quickening his heart, driving the blood through unused channels, hastening the breathing and increasing the secretions of the skin.

He may be able to abuse his stomach, drink or smoke to excess and yet be healthy. His red corpuscles will still keep their round shape. But the person who does not live so close to nature, who works confined in office, shop, or ill-ventilated house, or is risking his life in commercial habits that are ruinous to the stomach and heart, such as lunches consumed at racing speed, overwork and late hours, will have fewer red blood corpuscles and an increase of white corpuscles.

The red corpuscles instead of being round will form into all kinds of various shapes, as shown in border of this article. The stomach, heart, and nervous system of Americans is being sorely overtaxed. Our young people are over-educated and over-trained in school houses and homes, and this is bringing a growing evil to Young America. Sleep is often broken; the ill-used brain will not permit one to enjoy "Nature's sweet restorer"—sleep in bed.

The blood is slow, sluggish and filled with white corpuscles. Stagnation of the blood causes headache, constipation, bad colds, coughs and a pale countenance.

RICH RED BLOOD

is gained by taking a medicine which is close to nature's way of making up for the abuse of the body, such as stated above. Dr. R. V. Pierce for many years studied this serious question while in the active practice of his profession and finally made a prescription of botanical extracts which had a wonderful effect in increasing the red blood corpuscles.

He placed it on the market under the name of Dr. Pierce's Golden Medical Discovery. To gain in fat is nearly always to gain in blood, but to fatten a person does not depend merely on the food eaten; something more is wanted in the way of a digestive and tonic to enable the system to prepare and appropriate the food taken in. That is what the "Golden Medical Discovery" does. The blood-making glands are assisted in their work, the poisons driven out of the body, the liver made active; that force-pump of the body—the heart, is stimulated to healthy action, and every nerve of the body is fed on rich red blood—blood with an

abundance of red corpuscles. Languid, tired feelings, nervousness and irritability, lack of appetite and sleep, vanish quickly after using this nourishing tonic and blood purifier. Muscle and sound healthy flesh is put on at an astonishing rate if Dr. Pierce's Golden Medical Discovery is taken, together with mild physical exercise.

"Last summer during a severe hot spell," writes John Goets, Senior Beadle, Forrester of America, Kodak Co., 3rd St., Buffalo, N. Y., "I became completely prostrated, unable to eat or sleep, with severe pains in groins and back, also blinding headaches. The doctors prescribed for me, but I did not seem to gain any strength, so I decided to try Dr. Pierce's Golden Medical Discovery, as I had heard it so highly spoken of. Am pleased to state that a complete change for the better set in almost as soon as I began using this medicine, and, within three weeks, I was fully restored to health and had gained eleven pounds in weight. I feel it a duty to write and tell you this."

"Please accept my thanks for your wonderful medicine, 'Golden Medical Discovery,' which has brought me from the bed to a healthy man again," writes G. W. Brisco, of Abilene, Kans. "When I began taking your medicine I was run down in health and had no appetite, had heavy pain in abdomen, headache, backache, dizziness, shortness of breath, also eyes were weak, could not do any work. After I got Dr. Pierce's Medical Adviser it told me just what was the matter and what I should take to gain health. My cure has remained permanent. After using five bottles of 'Golden Medical Discovery,' I am now able to do a good day's work and do it with ease. The relief was something that I could not describe. I have enabled me to do my work steadily ever since."

DO YOU KNOW YOUR OWN SYSTEM? A complete medical book and physiology of the body, is Dr. Pierce's Common Sense Medical Adviser, which can be had for the cost of postage, 31 one-cent stamps for the cloth-bound book, or 21 stamps for the paper-bound volume of 1005 pages.

BOUGHT OUT BY CLARK

SHORT LINE SELLS ALL ITS ROADS IN NEVADA.

Retires From the Field for Payment of \$8,000,000, and Clark Will Finish Los Angeles Line.

LOS ANGELES, March 21.—The Times will say tomorrow: Word was given out yesterday by one of the officers of the road that the Salt Lake road had purchased the Oregon Short Line for about \$8,000,000. This statement is made on the highest authority. The official said: "Arrangements have all been made. Negotiations are closed. The deal is closed and the Oregon Short Line is ours except for a few legal formalities. The San Pedro, Los Angeles & Salt Lake Railroad Company has purchased for about \$3,000,000 all the lines owned by the Oregon Short Line, or controlled by it, lying south of Salt Lake City and extending to Caliente. The total mileage bought, including branch lines, comprises more than 500 miles of railroad."

"Furthermore, it is stipulated that the deal shall include a portion of the rolling stock and equipment of the line that has been purchased. The transfer is to be made and the Salt Lake company is to take possession as soon as the remaining legal formalities can be carried out."

"The Oregon Short Line Company, of course, abandons all intention of building to the Pacific Coast and we expect to have a complete line through to Salt Lake and in operation within a year after the transfer is made."

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with scrofula and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever." SUE A. HARRISON, Withers, N. C.
