The Sliver Lake Postmaster has taken

From some cause the vines have not come up in many hills in the yards hereabout, while many of the vines are blighting. One grower said yesterday that fully one-fourth of his vines would be a total fallure.

HANDSOME FRIENDS CHURCH AT NEWBERG, CLEARED OF HEAVY INDEBTEDNESS

NEWBERG, Or., May 16.—(Special.)—There is great rejoicing in Newberg today from the fact that last evening saw the debt lifted from the \$15,000 Friends' Church. Subscriptions have been taken on the condition that the remainder of the debt, \$2000, be raised by May 15, and when the finance committee of the church met last evening to cast up their accounts, it was found that their efforts had been successful.

The large brick edifice was erected in the Spring of 1835, when financial conditions were good and prospects were bright. The hard times came on immediately, many were unable to pay their subscriptions, and indebtedness resulted.

The debt would have been raised long before this but for the urgent financial needs of Pacific College.

Friends of this locality are in moderate circumstances only, and could do but one thing at a time. Two y ago \$14,000 indebtedness on the college was raised, and after a short breathing spell, the members began on church debt, with the successful conclusion indicated above.
