care of herself at this time.

The ills which vex so many women at the change of life are entirely avoided or cured by the use of Dr. Pierce's Favorite Prescription. It makes weak women strong, and enables the weakest to pass through this trying change with the tranquility of perfect health.

"I have been a very healthy woman, and this time has been very hard with me," writes Mrs. Maggie Morris, of Munson Station. Clearfield Co., Pa., Box 16. "I am come to the time of change of life, and I have been sick a great deal off and on. When Mrs. Hemmis moved beside me I was sick in bed, and when she came to see me and we were talking over our sickness, Mrs. Hemmis told me to try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' also 'Pelletts.' I got her to bring me a bottle of each from the drug store and I used them. They did me a great deal of good, and I got two more bottles of 'Favorite Prescription.' I never naw such a wonderful cure. Before I commenced your remedies I was good for nothing; was in such misery! I hardly knew what to do with myself, now I can do all my work myself and feel well."
