

June Clean Sweep Sale

The "Different" Store **The Olds, Wortman & King Store** Fifth & Washington Streets

Portland's Greatest Trade Event

A Stupendous Clearance Occasion! The Most Remarkable Buying Opportunity Yet This Year! Our June Clean-Sweep Sale means a week's series of special sales of seasonable Summer Stuff

Price efforts on the most worthy merchandise from loom and factory at the time you're likely to need them most. A business stirring sale on hot-weather goods at the beginning of hot weather, just when the ordinary shops reap their greatest profits. An example typical of this store's way of doing things. As you read this announcement you can almost hear the clink of money saved. We will have a large force of salespeople to wait on you that as little delay as possible may occur to prevent pleasant shopping. For tomorrow and the coming week we have gathered vast assortments of THE BOLDEST JUNE VALUES EVER KNOWN.

You know from past experience that when we make such an announcement we have values that the most aggressive competition cannot equal. Nothing but the most seasonable, desirable and reliable merchandise will be offered. No other kind is EVER offered here, but many of the following prices are so low that they might cause doubt on that point unless we gave you assurance to the contrary. We urge you to visit this store tomorrow because we know that it will pay you handsomely to come here. Every item mentioned below points the way to a most desirable money-saving opportunity. The Reliance White Sale is over, and in its wake we find many oddments, ends of lots—too little of this and too much of that—most stores wait until buying time is over and people have left town for the Summer before they reduce goods for a clean-up of stocks. Not so here—we're "different." We want to sell the goods, so offer them now—while you're buying—while you need them for use, present and future, and while you're in town to take advantage of

Our Great Clean-Up Sale Which Begins Tomorrow Morning

For several days past there has been a hasty census taking of the last of lots in every department. Every good housewife knows the benefits that are to be derived from housecleaning, and while the "liege lords" may grumble, yet it "has to be gone through with." So it is in a great, heavily stocked store of this kind. A radical cleaning up must be done semi-annually, else counters, shelves and cases will become burdened and cluttered up with small lots and last of lines. Tomorrow we begin it. How deeply in earnest we are and how thorough we mean to be you may learn by reading the following quotations:
